24 YEARS WEAR NO REPAIRS **SEPARATOR FACTS** **43 YEARS WEAR 75¢ REPAIRS**

Just facts—that's all you want. Facts can't hurt you nor Tubular Cream Separators. Facts prove Tubulars outwear all other makes five to ten times over. On August 2d, 1904, we started a No. 9 hand driven Dairy Tubular, rated capacity 900 lbs. per hour, on the hardest test a separator was ever put to—an endurance test to last until the wearing parts give way. This Tubular has now run 50 hours a week for 43 weeks—and is still running. Every week of this test is equal to a year's service in a ten cow dairy. No other separator made could stand such a test.

After 24 weeks, the balls in the frictionless bearing supporting the bowl showed wear. This was natural, for each had rolled over 32,000 miles. Renewing balls cost only 75 cents and ten minutes adjusting, yet made this Tubular as good as new. All Tubulars are equally durable. Catalogue P-186 tells about them. Write for it today.

FROST EVIDENCE

In the first place, running wires are coiled. That means plenty of "give" with weather changes and strains. All wires are galvanized. That means no rust. Running wires are high carbon, hard steel No. 9 that bear 2,000 pounds pressure. Ordinary soft No. 9 wire snap at 1,200 pounds pressure. FROST LOCKS are non-porous Bessemer steel, galvanized or enamelled—rustproof and stronger even than the wire. FROST LOCK LOCKS both running and upright wires—holds them fast without crimping or bending.

Frost Wire Fences

are just as trim and trig after being buried under the snow all winter as they were when put up in the spring.

Write for a copy of our booklet. It tells the details about Frost Fences, and gives illustrations of fences actually in place on Canadian farms. FREE to YOU.

A GOOD SALE OF SHIRES.

The auction sale, at the Repository, Toronto, on March 28th, of imported and home-bred Shire stallions, mares and fillies, from the stock farm of Messrs. Morris & Wellington, Fonthill, Ont., was a fairly successful event. The horses were a good, useful lot, and buyers were present from a widely-extended territory, as the sale list indicates. While no high prices were realized, the sellers were well satisfied, and every horse offered was sold for cash. The highest price was \$685, paid by Mr. Joseph Fletcher, Oxford Mills, Grenville County, Ont., for the imported stallion, Bank Statesman, by Charltonite. The average price for the 24 head sold was \$327. The sales were:

A CATHOLIC BISHOP'S VIEWS ON DIVORCE.

The evils of divorce are dealt with in the following pastoral letter by Bishop William L. Stang of the Roman Catholic Church Diocese of Fall River, sent to the clergymen of his diocese. The letter says in part:

"The modern state has usurped the functions of spiritual authority, and profaned the sanctity of the marriage state. American Protestantism permitted polygamy, first openly, then covertly, by cloaking it with the mockery of the civil law. All good citizens are horrified with the immoral doctrine and practice of the Mormons, but what is the difference between Mormons who believe in simultaneous polygamy, and those legislators who authorize a husband or a wife to separate and marry again during the lifetime of the other party? Is not the latter a successive polygamy?"

"An attempted marriage of legally divorced persons (whose lawful partners are still alive) involves the hideous crime of adultery, which no cause under heaven can justify, and no gold nor pearls can beautify. No Legislature can grant a divorce, so that parties once really wedded can marry again, without slipping God, the supreme Lawgiver, in the face, without undermining the foundations of Christian society, without insubordinating the life of the nation."

"I call upon the Christian journalists of the world to denounce the Christian home.

Croup Comes Suddenly

HENCE THE WISDOM OF KEEPING IN THE HOUSE THE MOST EFFECTIVE CURE.

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

Slight hoarseness in the evening is the only warning of croup.

About midnight the child awakes coughing—that peculiar, metallic cough called croupy, and which strikes terror to the mother's heart.

Then begins the struggle for breath, and if relief is to be obtained treatment must be prompt and effective.

Anyone who has tested Dr. Chase's Syrup of Linseed and Turpentine as a cure for croup will not hesitate to pronounce it an unqualified success.

It is wonderfully prompt in loosening the cough, clearing the air passages of the head, and soothing the excited nerves.

People who realize the suddenness with which croup comes on, and the danger which accompanies it, usually keep some of Dr. Chase's Syrup of Linseed and Turpentine in the house for use in case of emergency.

For bronchitis, whooping cough, asthma, and every form of throat and bronchial trouble, this great family medicine is a quick and certain cure.

Mr. Wm. McGee, 49 Wright avenue, Toronto, Ont., writes:—"There is no remedy in my opinion that can act more promptly than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him a dose when he was black in the face with choking. It gave him instant relief and cure."

There are imitations of Dr. Chase's Syrup of Linseed and Turpentine. Be sure you see the portrait and signature of Dr. A. W. Chase, the famous receipt book author, on the bottle you buy; 25 cents a bottle; family size, three times as much, 60 cents; at all dealers, or Edmanson, Bates & Co., Toronto.

Stories are told concerning a certain Irish town where "watchmen" are still employed to parole the streets by night and "call the hours," their usual formula being something like this: "Two o'clock; all's well, all's well!"

One night, as a visitor happened to be lying awake, he heard the following somewhat paradoxical cry:

"Two o'clock; all's well! Smith's mills' on fire; one man killed! All's well!"

Economy is a Virtue.

DIAMOND DYES

Will Save Money for Every Home in Canada.

When times are hard and dollars scarce, the smart and bright women of our country find that the Diamond Dyes are important helps in economizing. By the use of Diamond Dyes the husband, mother and children can be well and stylishly dressed, although nearly all the clothing may be old material dyed over.

Diamond Dyes make such lasting and beautiful colors that goods dyed with them cannot be told from new. Any one can use them, as the directions are so plain and simple that no skill is needed. The colors of Diamond Dyes never grow dim; they never fade or wash out. In order to secure the best results in home dyeing, every woman should see that her dealer or merchant gives her the "Diamond Dyes," as other package dyes are only poor imitations.
