This Scale Given Away Free!

Finished in Black with Red and Gold Decorations.
Iron Platform, Brass Beam and Tin Scoop.
Will weigh from 4 ozs. to 224 lbs.

Many a time you have felt the need of just such a scale as described above, and well you might. Why should you, in selling butter for instance, place yourself at the mercy of your dealer? He may be thoroughly honest but very liable to make mistakes, and you are the loser because you did not know the value of what you were selling. In the same way you are buying and selling every week but in each and every case you place yourself entirely in the hands of the person of whom you are doing business. He makes sure that he got what was coming to him, and you hope you got what was coming to you. With a good scale which will accurately weigh a pound of tea or a couple of sacks of grain or a half beef, or the hundred and one things you buy and sell, you will have a definite knowledge of the weights and value of everything bought and sold, enabling you to demand that which is rightfully yours.

These "Union Scales" of which the above is a drawing, sell in Winnipeg at \$9.00 and we suppose would sell in your town at \$10.00 or thereabouts.

Now, during the month of June, which is usually quieter than other months we are going to endeavor to offset the quiet period by giving our customers an extra big value for their money. On every Grocery Order taken from our catalogue, at prices quoted therein, and received by us not later than June 30, 1910, we will allow 20 per cent., or one-fifth of the amount of the order towards paying for this \$9.00 Scale—thus on a \$5.00 order we will allow \$1.00, which with \$8.00 cash will procure the Scale, or with a \$20.00 order we will allow \$4.00, which with \$5.00 cash will procure the Scale, but better still if you send in a \$45.00 order you will get the Scale absolutely free.
