£100 REWARD.

WHEREAS some malicious person or persons have circulated a REPORT that SEVERAL HUNDRED CHESTS OF DAMAGED TEAS, and of inferior quality, and (from the effects of salt water) pronounced by the Inspector, lately, and in this City, were purchased by me, I hereby offer a *REWARD of* £100 to any person who will bring to conviction the author or authors of such a slander, as such report is false, calculated to do me injustice, and intended to injure my reputation.

It is well known that I and I alone have been the re-gulator of the Tea and Coffee Trade in Canada, that mine (the Canton House) is the only establishment for the importation, into this land, of Tea and Coffee in either the Upper or Lower Province, and, by my untiring exertions, has been placed in the proud position which it now holds, notwithstanding the immense amount of malicious opposition I had to encounter. It is also well known that I have never interfered with others; that I have never exposed the known fact of the utter impossibility of obtaining Tea in bond perfectly free from impurities, whether by damp, dirt, stones, vermin, small tobacco, &c., &c., but keep; but when my good name is so cruelly and wantonly assailed, as in this case, I cannot overlook it, and have only to say, that the author, this calumniator, be he friend or foe, in my possession. As I again repeat, no man shall sport with my hard-earned reputation with impunity.

DR. LA'MERT

ON THE INFIRMITIES OF YOUTH & MATURITY.

Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope,

2s. 6d. Sterling.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired as an early period of life, which enervate the physical and mental powers, diminish and destroy the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, close study, or the influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London. Honorary Member of the London Hospital, Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more import once than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of a riper age, while suffering from their invariable consequences, invariably entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that these complaints are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can advance by his profession of the requisite legal qualification, that he is entitled to the esteem and respect in his professional pursuits, the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. Cuvas & Co., price 5s. 6d. Sterling; Halifax, Messrs. MORTON & Co.
