SHE PURCHASED POISON

Evidence Against Mrs. Dee At Inquest On Tuesday.

When James Kennedy Attempted to Help Mr. Dee Off the Floor On the Morning He Died, Mrs. Dee Said That If Mer Husband Had Fallen in a Pig Pen She Would Not Lift Him Up-Inquest Is Adjourned.

Ingersell, Oct. 19.-The inquest in-Ingersell, Oct. 19.—The inquest into the death of William Dee, the Dereham farmer, who died suddenly evidently from strychnine poisoning a week ago, was resumed Tuesday night in the hall at Salford. Mrs. Dee, who is held on the charge of murdering her husband, was brought up from Woodstock jail by Chief Wright of Ingersoll, and was an unaffected auditor of the proceedings. Her interests were looked after by J. L. Pattersen, barrister, of Ingersoll. The report of the doctors who conducted a post-mortem examination expressed the opinion that death resulted from strychnine poisoning, and

expressed the opinion that death resulted from strychnine poisoning, and a drug clerk in Gayfer's drug store in Ingersoll reported that Mrs. Dee had purchased 15 grains of strychnine from him on Aug. 5 last.

A neighbor, James Kennedy, who was present when Dee died, declared that when he went to help the man off the floor Mrs. Dee interfered and said that if he had fallen in a pig pen she wouldn't lift him up. This geems to have been one of Mrs. Dee's somewhat eccentric remarks, and the witness was not prepared to say whether it was uttered vindictively or otherwise.

otherwise.

The inquest was adjourned for a week until the report on the analysis of the stomach arrives.

In the meantime Mrs. Dee remains in jail charged with the murder of her husband.

CHARTRAND MUST HANG.

Man Who Murdered Constable Irving Committed For Execution.

Committed For Execution.

Sault Ste. Marie, Oct. 19.—For the murder of Constable William Irving of Webbwood on June 17 last Arthur Chartrand was yesterday committed to be hanged on Dec. 17, exactly six months after committing the crime. The assizes commenced here Tuesday, Justice Osler presiding. The grand jury brought in a true bill and the prisoner was arraigned before the court yesterday morning.

norning.
L. V. McBrady of Toronto acted as prosecuting attorney for the Crown and the prisoner was defended by Dr. Fred Rogers of the Soo. The Crown called eye-witnesses of the scene, who described how the shooting happened. The prisoner also gave evidence on his own behalf, corroborating the statements made by the Crown witnesses, with the exception of how he shot the officer, but

of how he shot the officer, but claimed it was an accident.

The jury retired at 5 p.m., returning at 6.30 with a verdict finding Chartrand guilty of wilful murder. The judge then pronounced sentence. The prisoner, during the progress of the trial, although pale and moving his hands nervously, was composed in demeanor and heard the sentence without emption. without emotion

CONDUCTOR UNDER ARREST.

for That He Did "Unlawfully Slay and Kili Annie Renwick.

Preston, Oct. 19.—During the pre-gress of the inquest held here to in-quire into the death of Annie Ren-wick of Hespeler in Tuesday's trolley accident on the Galt, Preston and Hespeler Street Railway, High County Constable Huber of Berlin, placed J. Meyers, the conductor in charge of the freight motor under arrest. He was taken to the county jail at Ber-lin, the charge on the warrant of his committal being that he did "unlawfully slay and kill Annie Renwick.

The inquiry disclosed the fact that the collision was caused by the conductor's failure to order his brakesman to flag the Hespeler car while the freight moter was shoving a couple of cars off the main line into Pattison's Woollen Mills switch. The conductor admitted his failure to give the order, saying he thought Deemert, the brakeman, should have done so without being told.

done so without being told.

The jury in its verdict said that the accident took place on account of the conductor and crew of the freight motor failing through carelessness to signal the passenger car to stop, and they would recommend that the company employ only propely qualified conductors in future, as well as to place semaphores at such dangerous crossings as where Tuesday's accident occurred. It is thought locally that the directors of the company and not the conductor the company and not the conductor should have been served with war-

Treatment of Piles

Permanence of Cure the True Test

Many so-called p.le remedes will afford the user slight temporary re-ief, and the majority of those af-fleted do not expect more than this. The average sufferer, after having tried every preparation recommended for the cure of piles, comes to the conclusion that there is no cure ex-cept by an operation, and rather than undergo this "last resort" he suffers on, resigned to the situation, so far

on, resigned to the situation, so far as maybe. The attention of those interested is invited to the following experience.

"After ten years of suffering from blind, bleeding and protruding piles, and after using every remedy I could hear of without any benefit, I finally bought a fifty cent box of Pyramid Pile Cure, and used it with such good results I bought next a dollar box, which finished up the job. That was nearly six years ago, and as far as piles is concerned I am cured, and have never felt a symptom of them since.

and have never felt a symptom of them since.

"Many others have used this remedy by my advice, with the same results, and I always recommend it to sufferers with piles." C. H. Potts, Burlington, Kans.

Testimony like this should convince the most skeptical the Pyramid Pile Cure not only cures, but cures to stay cured. It is in the form of a suppository, can be applied in the privacy of the home, directly to the parts affected, and does its work qu'ckly and painlessly.

Druggists generally sell this famous remedy for fifty cents a package and sufferers are urged to buy a package now and give it a trial to-night. Accept, no substitutes.

A little book describing the causes and cure of piles is published by the parts a package.

the accident. John Pope represented the company.

The story of the early hours of the day of the accident was told by Brakemen Weston and Cable and Yardmaster McKee. Nothing particularly new developed, but the evidence showed that Conductor Simpson followed his rule book in remaining with the train. The action of Yardmaster McKee in entering maining with the train. The action of Yardmaster McKee in entering the tunnel with a crew to investigate was taken at the instance of the train despatcher, who reported the train had been stalled.

Some confusion will be created by the fact that the tunnel trainmen are not employes of the Grand Trunk, but of the St. Clair Tunnel Co. The inquest will resume this

Mukden, Oct. 19.—It is reported that the Russian army is advancing. News has just been received that the Japanese left flank has been driven back with heavy loss, and its retreat is cut off. A Russian regiment is now being hurried to the scene in the hope of completing the rout. Gen. Kuropatkin is indefatigable, personally directing the forward operations. Nothing seems to affect him, but he wears his usual quiet smile under all circumstances. The last Japanese defenders of Lone Tree Hill, two artillery officers, refused quarter and died fighting with their swords beside their guns.

involve serious consequences for the Russians, who crossed the Shakhe while the river was fordable.

According to the Associated Press Mukden despatch the water has since risen man high in consequence of heavy rains, and, therefore, it will be nigh impossible for the Russian army to re-cross the river, owing to the absence of bridges. It would be equally difficult, for the same reason, to bring up supplies and ammuson, to bring up supplies and ammu-nition to enable Gen. Kuropatkin to follow up the advance. Russians Retake Lone Tree Hill.

Mukden, Oct. 19.—Lone Tree Hill won by the Russians after a desperate struggle, was the effect of a gal-lant but unsuccessful attempt to re-capture it by the Japanese. In spite of the awful slaughter with which they had been driven from the hill the Japanese returned to the charge during the night of Oct. 17, recog-nizing that the hill was the key to the position on the southwest front Nine regiments participated, creeping up through the night and delivering furious assault at dawn. But the thill had been bought too dearly by the Russians to relinquish it and the Japanese were driven back with terrible slaughter.

Defeat of Yamada

London, Oct. 19—A despatch to the Japanese legation from Tokio, dated to-day, giving details of the envelopment of Gen. Yamada's col-

umn, says:
'On Oct. 16 his column was proceeding to reinforce a detachment of our left army, which was attacking the enemy north of Shakhe. It de-feated the enemy near Weichialoutz, captured two guns and two ammunicaptured two guns and two ammunition wagons, and was returning to its original position when suddenly at 7 p.m. it was enveloped by about a division of the enemy. It succeed, ed in breaking through and regaining its original position. We were compelled to abandon nine field guns and five mountain guns. The enemy in front of our central position has been reinforced. Our casualties Oct 16, were about 1,000."

The man had taken a stick of dynamite to blow up a stump, and after plac-ing it in position and lighting the fuse he shouted to his companions to look out. The men ran to a safe distance. After the explosion they were horrified to find Melchoirre lying a short distance away, with his face literally blown off. He died shortly

Montreal Man Suicides

New York, Oct. 19.—The body of a man, supposed to be Milton S. Talbot, of Montreal, was found hanging in the woods in Pelham Bay Park Tuesday. A diary showed that he was at one time employed as an electrical engineer in Natal, South Africa. It showed also that he came to New York Sept. 14. Several newspaper clippings referred to his invention of an explosive more powerful than dynamite, which the British Government was then testing.

Belleville, Oct. 19.—The jury empanneled to enquire into the case of the late Louis Bennett, who fell down a cellar and broke his neck, returned a verdict of accidental death, imputing blame to no one.

Milverton, Oct. 19.—The inquest into the late Albert Gamble's death, held yesterday, resulted in a verdict of suicide.
