THE ENERGY FOOD

The Vim and Vitality One Gets From Oats

There is something in oats which creates spirit and energy. No other grain can bring results like them. Everyone knows what oats do for horses. They have the same effect on man.

An extract of oats is employed as a tonic. A diet of oats multiplies one's vitality. That's why energetic men—men of vim and spirit—are said to "feel their oats."

In Quaker Oats the finest grain—Canadian grown—are subjected to 62 siftings. Just the rich, plump grains are used. There is only ten pounds of Quaker Oats in a bushel.

These grains have the maximum of richness and energy. They are also the most delicious. To eat Quaker Oats once a day for a month will show to the limit what tonic effects, what bubbling vitality one can get from oatmeal. One never knows how good oat food is, or what it can do, until he tries Quaker Oats.
