has sent 3, 137 coloured persons to Libe-ria since the close of the war. Another ris since the close of the war. Another expedition will be sent on the 2.4 of Jan-uary. The Society is constantly receiv-ing application for passage and settle-ment. A quarter of a million of colored people are anxious to emigrate.

The damage by the floods in Virginia The damage by the floods in Virginia is said to be unpresedented in the inun-dated districts. Along the James Eliver and the districts and the same loss from a \$100 to \$3,000 worth of property, and dmany from \$10,000 to \$15,008. In the neighborhood of Buchanan twenty color-de descibution prevails. A see illustration of the anormous cost

destitution prevails.
 As an illustration of the enormous cost of the seligorents engaged there-entry is and that every shell fired belore
 Plevens cost \$30. Many of the guns engaged throw upwards of forty of these or goally missiles per hour, the cost of a which would be \$1,200. It is not a mutter of wonder then that both Rassia and Turkey are rapidly exhausting of theometres.

Two men entered the house of an up-holstore mamed Williams, living on Case atreet, Toronto, on Sunday, 20th alt, about noon, and sitting down to the table devoured the Sunday's disnos, which was all cooked and ready to serve up. The family were up stairs, and on hearing a noise down stairs descended to the minig-room to find the men in one one and their repast. The latter at one one serve and drawing revolvers. t once rose, and, drawing revolvers, t threatened to shoot if disturbed and not allowed to go in peace,

Da allowed to go in peace, Do Sunday evening, 25th ult., Mr. app Maurice Bogley was alarmed in the night by the scream of one of the chil-dren, and going to the bed where the child was, found a large rat granwing its little hand. The animal managed to scape. A scnewhat severe wound was [i inflicted, and almost immediately dis-dised by the best was necessated before the best was necessated before the best was necessated

pisch from the teeth was prevented om spreading, however, by prompt at tion, and now there are hopes of no erious consec

Nov. 4, 1867, James Featherstone a iarness-maker, of No. 14 Washington itreet, New Haven, Mass., was compel-
