For the liberal support he had given this association, and the active part he has taken in all its meetings, to which Mr. McLean very appropriately replied. The meeting was closed by a few choice songs from able vocalists.

Leoburn.

Mr. W. Clutton, of this place, is at present visiting friends in Zurich.

We are glad to learn that Mr. Ben. Hogarth is fast recovering from a severe attack of inflammation.

Mr. B. Lawson, of Hamilton, has been visiting old friends in this vicinity, during the past week.

MORE LAND.—Mr. D. Stirling, of Butternut Row, has purchased 112 acres of the Point Farm estate for \$2,500.

Mr. Stirling is just the man to make the land productive.

PERSONAL.—Mr. W. A. Aborn, who has been a resident here for several years, and who has recently been a student at the Goderich High School, having passed his examination as teacher, has been appointed to the charge of a school in the township of Hav. He is a fine young fellow, and will give a good account of himself in the pedagogic arena.

Colborne.

Mr. J. Wilson has erected a neat barn on his premises. All it needs is the hanging of the doors to make it a complete rig.

While engaged threshing a short time ago, Mr. Wonnott had his foot and hand badly lacerated in the horse-power. He and his family have removed their residence from here to the Huron Road, Goderich township.

MORE HEAVY DRAGGITS.—Butternut Row has always been noted for the fine teams owned by its farmers. Mr. James McCracken has just imported a span of five twin colts from the county of Perth, which will outshine all rivals on the Row.

Done at Last.—Our Township Fathers had at last done what should have been done long ago by their predecessors. They have put a fence on the river side of the hill near Mr. Sand's residence, Salford. There is much more safety to life and limb travelling that hill now than formerly. The job has been well done.

Goderich ownership.

Miss Mary Churchill is on the sick list. She has diphtheria.

Sawing bees getting plentiful. Mr. John Ford got one last week, and it is reported that he got fifty cords of short wood cut. Very good for the boys.

Mrs. Youmans entertained the Holmerville people with a very instructive lecture on temperance, on Friday evening last. There was a good number signed the pledge at the close of the lecture. We think Mrs. Youmans is doing much good through this part of the country, and wish her success.

Dungannon.

Mr. Wm. McArthur is authorized to receive subscriptions for THE HURON SIGNAL, and give receipts therefor.

Mrs. Dinsley still continues very ill.

Monday was unusually fine, and the large number of people in the village gave the place quite a holiday aspect. It was Court day.

Isaac Handin, who we previously stated, accidentally shot himself in the leg, is, we are pleased to hear, getting better fast. The ball has lately been removed, and nothing now prevents a speedy recovery.

The old adage of extremes meeting has been fully exemplified this past week. The managers of the skating rink here have worked hard towards getting enough ice in the building to skate on, but so far their efforts have been abortive. Sometimes the weather is so fine as to lead one to believe he was enjoy-

ing the soft and balmy breeze of a southern clime, when suddenly the clerk of the weather will give his key a turn and send us a cold blast, with heavy clouds overcasting the firmament. The cold will increase, and several buries of snow fall, and the prospects will be no more going to have cold weather. Accordingly with fresh hopes and renewed vigor the managers will go to work again, but alas! "misfortune is the lot of man," disappointment awaits them in the shape of another thaw. "Sic et vitæ."

Next week being Christmas week, your correspondent wishes all a merry one. We all in Dunganon have abundant reasons for thankfulness. Trade generally has been good, and such a state of prosperity exists that has never been experienced here before. Your correspondent is not a prophet, but he hazards the opinion that the next year will be a happy one for many of our villagers. Not only in our village alone, but from all quarters the glad tidings are received that "business the past season was better than the corresponding season for years past. So let the bells ring merrily, and during the approaching holiday times let us all be glad and give thanks that we reside in happy and prosperous Canada. While the residents of our village have been gaining wealth, and gathering comforts, they have not overlooked the editors claims upon their intelligence for support. Being in a happy state of mind, and freely subscribed for it. The publishers are too well known to the intelligent masses, and THE SIGNAL gives too great satisfaction to its readers, for them to pronounce the journal otherwise than one of the newsmen and most reliable papers issued in the country. "With charity for all, and malice towards none," your correspondent wishes all "a Merry Christmas and a happy New Year."

Sheppardton.

PUBLIC SCHOOL EXAMINATION AND ENTERTAINMENT.—A public examination was held in the school last Friday. A large number of visitors attended, all of whom seemed well pleased at the intelligence displayed by the pupils, when questioned on the various subjects composing their studies. Several teachers from the neighboring schools aided in the examination. Rev. Mr. Leitch of Dunganon, gave an address to parents and pupils, after the exercises were finished. The present teacher of the Sheppardton school is Miss Strang, whose work has, during the past year, been evidently well directed and energetic. Miss Strang leaves at the end of the year to take charge of another school nearer her home. Many of the people of the section express regret at not being able to retain her services. At the close of the examination a very pleasant entertainment was held, beginning early in the evening, a fine looking Christmas Tree, lighted by a number of tiny wax candles, and decorated with a large number of presents, attracted the notice of the large audience. The programme consisted of dialogues, music and speeches. It was well prepared, and the people showed their appreciation by unmistakable signs. A very pleasing feature of the entertainment was the presentation to Miss Strang, by her pupils, of a kindly worded address, a work box of considerable value, and a pair of vases. Miss Strang seemed deeply affected by the kindness of her pupils, to whom she returned thanks in appropriate words. After the distribution of the prizes, purchased by the trustees for the pupils, and the presents of the Christmas Tree, the entertainment came to a close, every person apparently well pleased with the evening's amusement.

Lucinow.

Mr. Wallace Govenlock who has been in Dakota this summer, returned this week.

We are pleased to see that Wm. Connel and W. H. Televan, who have been sick for the last few weeks, are able to be around. Miss Alice Televan is also improving.

Mr. James Miller, who has been in the bee business for the last few years disposed of them on Saturday last. He had forty-seven hives, and received the sum of \$480 for the lot. The purchasers being Messrs. Marshall and Nichols, of Kilmogh.

A very successful tea-meeting in connection with the Temperance Church was held in the Temperance Hall, on Monday evening last. The meeting was addressed by the Rev. D. Cameron, pastor of the congregation, Rev. Mr. McQuarrie, of Wingham, Rev. Mr. Murray, Kincardine, and Rev. Mr. Anderson, of White Church. The singing by the choir was all that could be desired. Miss Maria Murray presided at the organ.

Mechanic's Institute Meeting.

The regular meeting of the Mechanic's Institute Directors was held last Friday evening.

Present—the President, Mr. A. Morton, in the chair, Messrs. Sheppard, Rice, Robertson, Weatherald, Miller, Mitchell and D. McGillicuddy.

The minutes of last meeting were read and approved.

Report of lecture committee was read, and, on motion, adopted.

The report committee was instructed to have a lease drawn up by Mr. Crabb, for the new room, for one year, with privilege of renewing from year to year.

Moved by Mr. Robertson, seconded by Mr. Mitchell, that the librarian be instructed to issue no more books, and to collect all now issued, before the end of the year.

The secretary was instructed to procure members tickets for the Institute.

The meeting then adjourned.

Melchior lumbermen are going on a new tack in the preparing of their material for the market. With the view of reducing the costs and risks of the business, they now clear, in advance of the season's operations, a considerable tract of land, which they plant with potatoes and other vegetables, a considerable portion of which is sowed to oats. This plan, of course, effects a large saving in freight and on other directions.
