

HOUSEHOLD HINTS.

PHILIP BREAD.—This is eaten with cheese and if bread is made at home, it is usually made by taking the bread from the oven when it is all but done and tearing the crust from the inside with a fork in irregular pieces; place them on a hot board baking tin and crisp them in the oven.

CURTAINS.—Curtains of terym, good ingrain carpets, or, better still, rugs, which will fit any room; neat odd chairs for the parlor in place of a gaudy "set" of cotton plush or velvet, a few pretty pictures and plenty of flowers and ferns, denote the artistic and neat house keeping.

SPONGE CAKE.—This can be made by taking four eggs and separating them; add to the yolks one cup of powdered sugar, a very little salt, four tablespoonfuls of water and a large spoonful of butter, and beat them into a stiff froth; stir them into the batter after the flour. Bake in a slow oven. This cake will be found to be very nice cut in two when cold. Spread with crab-apple marmalade and cream over all.

CHEASED COD IN A POTATO CASE.—Boil and mash six good sized potatoes, add one egg, a little milk, salt and pepper to taste; then beat the potatoes until very light. Pick and scald one pound of boneless salt cod; drain and scald again. Now press and shred the fish until it is dry. Put one large tablespoonful of butter in a frying pan, add two tablespoonfuls of flour, mix, and add one pint of milk and stir until it boils and thickens; add pepper to taste. Grease a small pudding mould, and line the bottom and sides with the potatoes. Add the cod to the cream sauce and fill in the center. Cover the top with a thick layer of the mashed potatoes, and bake until a nice brown. When done turn it out and serve.

Counterfeits are always dangerous, more so that they always closely imitate the original. The remarkable success achieved by Nasal Balm as a positive cure for Catarrh and Cold in the Head has induced unprincipled parties to imitate it. The public are cautioned not to be deceived by nostrums imitating Nasal Balm in name and appearance, bearing such names as Nasal Cream, Nasal Balsam, etc. Ask for Nasal Balm and do not take imitation dealers may urge upon you. For sale by all druggists or sent post-paid on receipt of price (50c and \$1) by addressing Fulford & Co., Brockville, Ont.

Their Genius Was Unknown.—Burns was a dull boy, good at athletic exercises only.

Poe at West Point was a laughing-stock to his school mates.

Byron at Harrow was in no way distinguished above his fellows.

Scott tells in his diary that for a time he was underrated by most of his companions.

Napoleon and Wellington in their school days were distinguished only for dullness.

Balzac's family were sarcastically indignant at his presuming to believe he could write.

Sherridan's mother presented the future dramatist to a new tutor as an "incorrigible dunce."

Bismarck once told a friend: "My poor old mother never would believe that there was any good in me."

Goldsmith, up to the time of publication of "The Traveller," was looked upon as an idiot by almost all who knew him. Afterward he was dubbed an inspired idiot.

Montaigne tells us in his "Essays" that his efforts to become an author were laughed at in his own province.

Not a Book Agent.—Mr. Goodie, druggist, is not a book agent, but has the agency in Goderich for Johnston's Tonic Bitters, which he can heartily recommend for any complaint to which a tonic medicine is applicable. This valuable medicine has been with most astonishing good results in cases of general debility, weakness, irregularities peculiar to females, extreme paleness, impoverishment of the blood, stomach and liver troubles, loss of appetite, and for that general worn out feeling that nearly every one is troubled with at some part of the year. Don't forget the name Johnston's Tonic Bitters 50c. and \$1 per bottle at Goodie's drug store, Albion block, Goderich, sole agent.

The post office safe at Sestforth took a badly fit the other day and the combined strength of the entire staff was insufficient to turn the lock. Before it could be opened Mr. Dickson had to get a man from Galt and a new door will be required.

Ladies Out.—The complexion is only rendered unsightly by Pimples, Liver Spots and Yellowness. These it is well known are caused from an inactive Liver and bad blood. Dr. Chase's Liver Cure purifies the blood and whole system. See Recipe Book for toilet recipes, hints and suggestions on how to preserve the complexion. Sold by all druggists.

The McIntosh property, composed of fifty acres on the 2nd concession of McKillop, and forming part of Jas. McIntosh's farm, was sold at auction in town on Saturday last and was purchased by Geo. Turnbull for \$2,170. The sale was rendered necessary in order to close up the estate of the late Mrs. McIntosh.

A Wonderful Organ.—The largest organ, and one that plays a controlling part on the health of the body is the liver. If torpid or inactive the whole system becomes diseased. Dr. Chase's Liver Cure is made specially for liver and kidney diseases, and is guaranteed to cure. Recipe book and medicine \$1. Sold by all druggists.

Five Clock Tea.—Jewellers say there is an unusual demand for black pearls and that they bring fancy prices.

Braid is almost Bloomingdale profits on it to train the tailor-made and other kinds of spring suits.

In the making of the new spring bonnets very few women of any celebrity or notoriety appear to have escaped.

The Bernini, shoulder cape and collar, all in one piece, is one of the new things from Paris sure to be very fashionable.

So-called vellum is something new in "high class" stationery. The fact that it comes from London adds to the price.

Pearl-bladed, silver handled paper cutters are on hand for the class of buyers who have no faith in anything that is not solid a fabulous price.

In Paris women are carrying a silver ball about the size of a tennis ball, which opens in half and holds enough sugar-plums for a few hours.

New patterns and styles in oyster plates, although they come late, do not look as has been stated, as if they were going out of fashion yet a while.

I have used Dr. Fowler's Extract of wild strawberry and found it the best remedy I ever used for Dyspepsia and all Summer Complaints among children, and I think no household should be without it. Mrs. A. Baker, Ingoldby, Ont.

Too many silver trinkets and necklaces dangled about a girl in public account for her reputation of not having the most refined taste in the world.

Enrich the Blood by the use of Milburn's Beef, Iron and Wine, which supplies the necessary blood building material.

Bearded face and jet shoulder caps are so in vogue as the fashion this spring as if they were, according to the bulletin in front of fashionable quarters.

A Valuable Discovery.—F. P. Tinsler, of Needing, Ont., says he has not only found B. B. B. a sure cure for Dyspepsia, but he has also found it to be the best medicine for regulating and invigorating the system that he has ever been taking. B. B. B. is the greatest system regulator.

The Terror of the Store.—She walked into the dry goods store. With steady step and proud air. And pushed aside the crowd. She looked at the bearing arch. Moulds and greenadines. And then at the velvet. She sampled jackets, blue and red. And then she took her head and said she "guessed she'd call again."

Give Them A Chance.—That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with mucus which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose ailments, all are bad. All ought to be got rid of. There is just one sure way to get rid of them, that is take Roschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Tea For Children.—The practice of giving tea to children has been discussed and commented upon, and, at the same table may be found the woman who thinks that it is honey to give tea even to grown people, the one who allows her children to drink it full strength diluted milk. To be sure, there are other drinks, at the present time, that are healthful, and some of them are quite pleasant to the taste, but a half cup of good tea, with the other half of milk, makes a drink almost all children like, and which cannot be injurious. Children take in this way when they would not take it in any other. Cold water people will try to persuade the children that cold water is the only drink for them, but cold drinks do not aid digestion, and warm ones do.

Good cream improves tea as much as it does coffee.

"He Never Smiled Again!"—No "hardly ever" about it. He had an attack of what people call "biliousness," and to some was impossible. Yet a plain, blunt, honest man, that needed a remedy such as Dr. Pierce's "Pleasant Purgative Pellets," which never fail to cure biliousness and diseased or torpid liver, dyspepsia and chronic constipation. Of druggists.

"I have not got anything against the preachers. I love all the preachers, but some of them get their courage up and make one's speech for temperance and next day the board goes to the little fellow and says you must talk that way; you little fellow says:—All right, I won't. Split in the church! Why, there isn't a church in town but what, if you don't split it, the devil will get the whole bunch. Look at some of the little ministers, and some of the preachers, fire me to hear a Methodist preaching on infant baptism when all the babies are asleep and half the grown people are going to bed. And here is the Presbyterian preacher in his pulpit on Sunday morning preaching about the perseverance of the saints, when there are no saints around to persevere or the Baptist, crying "Water, water, and half of this people going where they can't get a drop; or the Episcopalian preaching about the apostolic succession, telling his congregation where they came from, but not a word about where they are going to. Why don't they preach about God and righteousness and the ten commandments?" Sam Jones.

Some Women.—Modjeska has divine taste and judgment in dress.

Queen Victoria taboos the electric light in her palace.

French women of means affect the study of astronomy.

Helen Dauvray was one of the best dressers on the stage.

Miss (Hess) has been married to Mr Brittle in Pittsburg.

"Woman is the most perfect when womanly," says Gladstone.

Lotta wears sixteen pairs of different shoes in one of her plays.

Emily Faithful is an enthusiastic leader of the Primrose League.

Lillian Russell is the best dressed woman who sings in comic opera.

Mrs. Mary E. Bryan got \$5,000 a year for literary work at Munro's.

Mme. Patti-Nicolini requires forty-three trunks to carry her wardrobe.

Dr. Fowler's Extract of Wild Strawberry is the best, most prompt and safest cure for Cholera Morbus, Dysentery, Sick Stomach, Cramps, Colic, Diarrhoea and Cholera Infantum, that has yet been discovered. Its popularity increases each year. All medicine dealers sell it.

Though all are fond of these lovely flowers, it is not every one who can raise German asters properly of late years. The seedlings should be kept growing briskly, and prevented from becoming pot bound. If stunted from any cause, the pestilent little aphides are almost sure to attack the roots, and being underground, are difficult to dislodge. Sprinkle the flowers with snuff or Paris green will generally eradicate the blister beetles which prey on the blossoms, is, after all, more efficacious. Some florists grow their plants in a cold frame, and start them early to be in advance of the above pest.

Be on Your Guard.—Against sudden Colds, Irritating Coughs and soreness of the Throat. Keep Hagar's Pectoral Balsam at hand for these prevalent troubles of Winter and Spring. It is the best safeguard.

It is Absurd

For people to expect a cure for Indigestion, unless they refrain from eating what is unwholesome; but if anything will sharpen the appetite and give tone to the digestive organs, it is Ayer's Sarsaparilla. Thousands all over the land testify to the merits of this medicine.

Mrs. Sarah Burroughs, of 248 Eighth street, South Boston, writes: "My husband has taken Ayer's Sarsaparilla, for Dyspepsia and torpid liver, and has been greatly benefited."

A Confirmed Dyspeptic.—C. Canterbury, of 141 Franklin st., Boston, Mass., writes, that, suffering for years from Indigestion, he was at last induced to try Ayer's Sarsaparilla and, by its use, was entirely cured.

Mrs. Joseph Aubin, of High street, Holyoke, Mass., suffered for a year from Dyspepsia, so that she could not eat substantial food, became very weak, and was unable to care for her family. Neither the medicines prescribed by physicians, nor any of the remedies advertised for the cure of Dyspepsia, helped her, until she commenced the use of Ayer's Sarsaparilla. "Three bottles of this medicine," she writes, "cured me."

Ayer's Sarsaparilla, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5. Worth \$5 a bottle.

The HARRIS STEEL BINDER.

Having had about fifteen years' experience in repairing mowers and reapers, there are a few important items that I have discovered in regard to the Harris Steel Binder, which is a most perfect binder for all purposes.

1. The rollers can be furnished on shorter notice than by any other company.

2. Orders left with me at 8 a.m., can be filled by 3 p.m. from the manufactory. This is the most important point to be considered during the busy harvest time.

3. The machine, though light, is completely built, almost exclusively of steel, and is therefore better able to stand work and weather than any of the others.

4. I am not a travelling man, and can always be found at my shop, attending to business. Farmers wanting the best machine, the most durable, the most easily handled, the most durable, the most reliable, are invited to leave their orders at my shop. I have the largest stock of reapers for various machines of any agent in the section.

D. K. STRACHAN, Practical Machiner, Engine Builder and General Repairer of all kinds of Machinery, such as sawmills, Threshing Machines, &c. Samples of the best binding-twine made are kept on hand, and farmers requiring any quantity can be supplied. Leave your orders at 210—WILKINSON AND GERMAN SHIPPERS IN PROVISION.
