

Nova Scotia Wins SECOND HOCKEY MATCH. Score Stood 4 Goals to 3.

The only difference in the line-up at last night's match was that in the Swastika team, Patterson took the place of Saxton. The game was a hot and clean one on the whole and resulted in a score of 4 to 2 in favor of the visitors, who played in much better form than they did on the first night. The attendance was enough to crowd the rink everywhere, and the enthusiasm amongst the friends of the respective teams was even greater than at the previous match. The Nova Scotians played a good game and were deservedly applauded when they made a goal. At the start Shaw captured the puck and sprinted up the rink. G. Herder was ready to receive him and taking the rubber sent it back to Bulley, who made a beautiful attempt for goal, but in the end failed. Devan saved adroitly and sent the puck out of danger zone. Herder now came into possession and made a dash along for the herring line, but shot too hurriedly. Both teams settled down now to hard play and it was seen that the visiting team were well able to hold their own. Chisholm from centre followed the rubber hot into the St. John's territory, but H. Herder was there to receive him, and becoming the aggressor himself made a lively stir around Devan's quarters. He finally cleared the way and sent the "trouble maker" to McGrath. The Dalhousie boy worked it up the ice and cleared. Shaw's try for a notch-up however failed. The Green and White were now playing a hard game, and the attack on the St. John's goal was hot as you like for three minutes. Walsh proved equal to the occasion and saved four hard onslaughts. The home team cleared away the danger from their goal, and Bulley, Stiek and Pinsent combined and made a promising attack but failed. Bennett of the N. S. team made a bold dash but was stopped by Marshall. The rubber was sent to Bulley, who passed it on to Herder, who broke through the cordon and sent forward a "shooting star," but missed by a few inches. Play became faster and both teams got on a hustle. Bulley did some fine work but could not find the old cod-trap. McGrath and Patterson took a run but were stopped by Marshall. Finally out of a general melee Shaw got possession of the rubber and making a safe run through the breakers, landed the puck in the "bun" of the net. The old roof re-echoed with applause for the men from the land of "frogs and fireflies." The home team began to look up. H. Herder, Bulley and Marshall tried their best to do some scoring and pressed hard on the visitors' goal. "Nothin' doin'," said Smith, as he hooked the puck out of the danger belt and skedaddled up the ice. Bulley was on deck to take his card. The puck was captured by him and sent on to Pinsent. He returned it by first mail, and Bulley now had his chance and rammed the disc into the bosom of the scoring screen. The score was now levelled up. Hard attacks were made by both sides. Devan saved two shooters from Marshall, and Pinsent and Bulley tried to repeat his luck but failed. A minute before half time Pinsent passed nicely to H. Herder and he did the needful, sending in No. 2 for the Old Colony. The score stood 2 to 1 for St. John's when the gong sounded.

SECOND HALF.

When the play was resumed both teams hustled. Bulley made a "No. 10" shot for goal, but it was blocked by Marshall. The Dalhousie boy worked it up the ice and cleared. Shaw's try for a notch-up however failed. The Green and White were now playing a hard game, and the attack on the St. John's goal was hot as you like for three minutes. Walsh proved equal to the occasion and saved four hard onslaughts. The home team cleared away the danger from their goal, and Bulley, Stiek and Pinsent combined and made a promising attack but failed. Bennett of the N. S. team made a bold dash but was stopped by Marshall. The rubber was sent to Bulley, who passed it on to Herder, who broke through the cordon and sent forward a "shooting star," but missed by a few inches. Play became faster and both teams got on a hustle. Bulley did some fine work but could not find the old cod-trap. McGrath and Patterson took a run but were stopped by Marshall. Finally out of a general melee Shaw got possession of the rubber and making a safe run through the breakers, landed the puck in the "bun" of the net. The old roof re-echoed with applause for the men from the land of "frogs and fireflies." The home team began to look up. H. Herder, Bulley and Marshall tried their best to do some scoring and pressed hard on the visitors' goal. "Nothin' doin'," said Smith, as he hooked the puck out of the danger belt and skedaddled up the ice. Bulley was on deck to take his card. The puck was captured by him and sent on to Pinsent. He returned it by first mail, and Bulley now had his chance and rammed the disc into the bosom of the scoring screen. The score was now levelled up. Hard attacks were made by both sides. Devan saved two shooters from Marshall, and Pinsent and Bulley tried to repeat his luck but failed. A minute before half time Pinsent passed nicely to H. Herder and he did the needful, sending in No. 2 for the Old Colony. The score stood 2 to 1 for St. John's when the gong sounded.

Got Father Morrissey's "No. 10" Just in Time To Save His Life.

Mr. Aylward's letter tells the story: Campbellton, N.B., Feb. 5, 1909. Father Morrissey Med. Co. During the winter of 1907, while travelling on the Gaspé Coast, I contracted a severe Cold which settled upon my lungs. After I returned home I wrote to Father Morrissey explaining my case. I received a letter from him with a prescription for his medicine, which could not be filled at the time here. After one week's delay I received it, just in the nick of time to save my life. After one month's use I felt like a new man. Yours truly, Jno. Aylward. There is not much time to lose when a cold settles on the lungs. Pneumonia kills within a week. With Father Morrissey's "No. 10" at hand, you don't even have to wait for a doctor. "No. 10" cures all throat and lung troubles. It is a real Lung Tonic, and fortifies against future attacks. Trial bottle 25c. Regular size 50c, at your dealer's, or from Father Morrissey Medicine Co. Ltd., Clutham, N.B.

member shooting star" effort but McGrath sent the Uganda product to Chisholm, hoping that he would find a market. He actually landed it in the net but was counted "off-side." Bennett made a good run but was checked in the middle of his career. Smith now took the rubber and after some adroit steering among the breakers drove in No. 2 for the Nova Scotia men two minutes after play was in progress. G. Herder and Bulley were down hard on Devan, but he did his saving in fine style and kept them away. Bulley's skate got out of order and Stiek was sent to pick cakum for slashing. Shaw now distinguished himself and sent in No. 3 for the visiting team after a very neat and clean run. Bulley and Marshall again visited Devan but could not get into the "linnet." There was brilliant work for five minutes on both sides. G. Herder for fouling Smith was sent to the gangway three minutes. The White and Green men played grand hockey and Bennett, Shaw and Smith did splendid work. A lively mix-up followed but there was no scoring came out of it. H. Herder made an antelope run but failed to get past Devan. Chisholm was sent off for fouling, and shortly after Bulley was told to go for the same offence. A spirit of rough play followed and as an outcome McGrath was sent off for three minutes for fouling Pinsent. When play settled down again Shaw did the trick once more for his side and secured goal No. 4. The home team played hard and were rewarded by getting one more goal which was secured by Bulley. When time was called the score stood:— Nova Scotia, 4; Newfoundland, 3.

PILES CURED IN 6 TO 14 DAYS
Your druggist will refund money if PAIN-O-INTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c. —dec. 8.11.

Hr. Grace Notes.

A number of men who were up to this town on Wednesday morning from the North Shore for the purpose of getting coal, found the snow too deep near the Carbonar Road crossing and went to town by way of the rail way track. On their return the section men refused to allow them to pass that way, and as the road was impassable owing to the snow banks they found themselves in a bad fix. But the kind hearted men living in that neighbourhood turned out and assisted them to shovel the road. This was a kind act for which the strangers are very grateful. In the afternoon Mr. Edmund Rogers put on a gang of men who cleared the road properly.

We are glad to see Dr. W. H. Parsons out again after being laid up for a few days with la grippe.

Masters Hal Oke and Frank Ward, two lads living on Victoria Street have lately connected their different houses with a telegraph wire and the necessary apparatus for connecting with each other. Their genius in thus assisting themselves to learn the art of telegraphy, will we trust inspire them to great inventions in future.

Mr. James A. Power, our talented young townsman, is now at work preparing some scenery for the concert that is to take place on St. Patrick's Night. It has not been our privilege to see the work yet, but those fortunate enough to get a peep at it pronounce it second to none of Mr. Power's work in the same line, which is saying quite a lot for it.

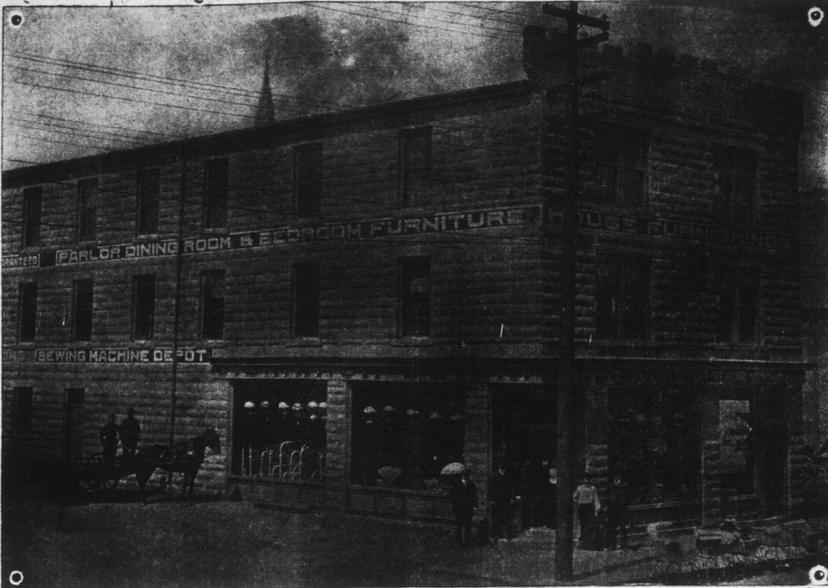

Messrs. R. D. McEae & Sons schr. Clara is soon to be towed to the West Coast where she will load fish for market.

Miss Lizzie Butler who had been spending a time here with her sister, Mrs. R. Smallcombe, returned to St. John's by Wednesday afternoon's train to resume her work in a tailoring establishment there.

A large number of men are again in town to-day from the North Shore purchasing coal. This is caused by the state of the roads making it impossible to get to the woods. One man said this morning he would soon pay \$10 a ton for coal down there than come up to Harbor Grace for it.

Cable News.

Special Evening Telegram.
NEW YORK, March 10.
Three cruisers, which for the past three days have been loading coal, stores and ammunition to join the movement in the Gulf of Mexico, are leaving. There is general speculation as to the actual mission on which they are bound.

Special Evening Telegram.
TORONTO, March 10.
Emphatically declaring that the adoption of the Reciprocity Agreement will lead to the steady Americanization of the Dominion, and that President Taft had no other idea in his mind than the annexation of the Dominion when he met the Canadian Ministers at Washington, Sir James Whitney, the Premier of Ontario, asked the Legislature to adopt his anti-reciprocity resolution.

Special Evening Telegram.
WINNIPEG, March 10.
Scallion, the Honorary President of the Grain Growers' Association of Manitoba, and a Conservative in politics, has issued a manifesto to the farmers of Manitoba condemning the action of the members of the Manitoba Legislature in passing a resolution against Reciprocity.

Special Evening Telegram.
LONDON, March 10.
Premier Asquith, replying to a question in the House, said that Ambassador Bryce has reported that the United States contemplates proposing a Treaty under which all disputes of the two nations may be referred to arbitration, and added that the proposal would meet with sympathetic consideration.

Here and There.
Look out for testimonials for STAFFORD'S Liniment—14 cts. bottle. —mar. 4.

WILL BE DINED.—Monday night at 10.30 after the hockey match the visiting team will be dined at Wood's restaurant by the city team.

Dr. de Van's Female Pills
A reliable French regulator, never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at \$5 a box, or three for \$10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

MRS. WHITELEY'S FUNERAL.—The funeral of the late Mrs. Louisa A. Whiteley will take place at 2.30 p.m. on Monday from No. 7 Military Road.

WATCH FOUND.—A gent's watch found in the R. C. Cathedral a few days ago can be had by the owner calling on Mr. D. Clatney at the Sacristy and proving ownership.

Marvelous results have been obtained from using STAFFORD'S Liniment—14 cts. bottle. —mar. 4.

SALVATION ARMY.—Lieut. Col. and Mrs. Rees will conduct the meetings all day on Sunday, March 12th, at the No. 2 Corps, Livingston Street; don't fail to be present.

Any men wanting to go to Millertown to work in lumber woods can get tickets and rate of pay from T. CURRAN, No 2 Holdworth St. —tf

WITH THE ADVENTISTS.—The subject for Sunday at 6.30 p.m. in the Adventist Church, Cookstown Road, will be "The Finishing of the Mystery of God" (Rev. 10: 7). Mr. F. W. Johnston will occupy the pulpit.

ALCOHOL'S EFFECTS.—Rev. Jas. Bell who lectures at the C. E. T. S. meeting in the Synod Hall, next Monday, will show a number of slides illustrating the effects of alcohol on the system. They have been specially imported.

SERVICE EXTENDED.—Owing to the funeral of the late E. H. Davey, M. H. A., who was a prominent member of the C. E. Cathedral, the service for men has been extended to 3.30 p.m. so that the members can attend the funeral.

GOSPEL MISSION.—The usual Evangelistic Service will be held tomorrow afternoon at the Oddfellows Hall, beginning at 2.45. A grand rally service for sealers will take place in the same Hall at night, service commencing at 7 o'clock. We anticipate a time of refreshing and victory for our Lord.—febl.11

A WASTE OF MONEY.—The people along Military Road would like to know why they are shovelling the snow off the street in on the sidewalk. In a day or so when we get a thaw it will all have to be thrown back again to have the drains opened, otherwise people will have to swim to and from their homes. Besides, it looks like a waste of money just now, especially when the funds are so low.—Com.
