Anniversary Mass

AT MOUNT CARMEL.

The eighteenth anniversary Mass was celebrated yesterday in the Mount Carmel Chapel at Mount Carmel Cemetery. The congregation was the largest on record and the ceremony was a solemn and imposing one to see thousands of people worshipping on the verdant graves of departed ones. The Celebrant of the Mass was Rev. Dr. Kitchen, who also preached a fluent, powerful and impressive sermon. He prefaced his remarks on the Gospel of the day taken from St. Luke. The learned preacher elucidated the uncertainty of life and the certainty of death and in his own minimal way cited instances that touched the hearts of his hearers. He exhorted all to pray earnestly and unceasingly for those who have gone before us that they may enter into the Kingdom of the Lord; to forget the pride and vanities on this earth; to abandon our selfish desires for worldly motives and pleasures, especially for monetary gains; and, on the contrary, to prepare ourselves for what is of most consequence—death which is followed by judgment when we will have to give an account of our stewardship. Appropriately enough Dr. Kitchen quoted the proverb: "What doth it profit any man to gain the whole world if he loses his own soul."

After Mass Rev. Dr. Kitchen accompanied by the Cemetery Committee were directed at the hospitable residence of Mr. Kempf, of Keen's Hill. After ample justice had been done the viands the committee reported that the collection taken up at the cemetery was a substantial amount which will go for the maintenance and adornment of God's acre which, at present, is in a beautiful condition, due in a large measure to the untiring efforts of Sexton Warren.

Cable News.

Special to Evening Telegram.

LONDON, July 20. A despatch to the Morning Post from Bucharest, says that King Charles, of Roumania, has replied to the appeal of King Ferdinand of Bulgaria, for peace terms, by referring him to Roumania's last note, demanding the cession to Roumania of Bulgarian territory between Turtukal in the north of Bulgaria and Balchik on the Black Sea, and participation in the general Balkan settlement.

LONDON, July 20. According to a despatch from Athens to the Daily Telegraph, King Ferdinand has addressed a note to the French President soliciting France's intervention, and entrusting Bulgaria's interests to the Powers. Rumors have been circulated in some European capitals to the effect that King Ferdinand is in flight, and that his Queen has arrived in Echibrunn, in Lower Austria, where her nephew, the Prince of Reuss, resides. Both rumors are denied in responsible Bulgarian quarters.

LONDON, July 20. The Mail's Bucharest correspondent says that the Roumanian government has decided not to occupy Sofia, but will take all passes stretching across Bulgaria. Queen Eleanor of Bulgaria has telegraphed an appeal to Queen Carmen Sylvia of Roumania, to stop the advance of the Roumanian Army. The Queen replied that the troops would continue to advance, but with the greatest consideration.

LONDON, July 20. Telegraphing from Sofia, under date of Thursday, a correspondent says that the Greek-Bulgarian victory over the Greeks at Strumitza, which was concealed by the authorities for political reasons, is now confirmed. He adds that the Greek losses were enormous. Four thousand prisoners have already arrived at Vidadi, near Sofia.

CHICAGO, July 20.

More than 20 deaths were caused by heat yesterday in the Middle States. Louisville was the worst sufferer, with 12 deaths. St. Louis added 3 more to that city's list. Extreme temperatures existed through Indiana, Illinois and Missouri.

LONDON, July 20. False reports have been widely published that the Duchess of Connaught, who was twice operated upon, had recently been playing golf. There is no truth in the story. She is making steady progress, but according to the official contradiction it must be some time before she completely recovers.

BERLIN, July 20.

A lunatic tried to force his way through the Palace gates yesterday, and fired a revolver shot at a policeman, who attempted to stop him. He was overpowered with the aid of a sentry. The man was a farmer, and said he wanted to sleep in the Palace yard, as he had no other place of shelter.

McMurdo's Store News.

MONDAY, July 21, 1913.

Ideal After Shave is made from a tested recipe that came to us across the water, and represents the latest thing in After Shave preparations, one that is better than most of such articles—and as good as the best. A little on the face after shaving will make all the difference. Price 25c. a bottle.

One of the most useful things to take on a vacation is a Check Sponge Bag. These are made of the best English Rubber Cloth and while not fancy are very serviceable. If you have not used one, try one this summer. You will wonder how you have done without one so long. Price 25c. and upwards, according to size.

Ice Patrol Ship Arrives.

The ice scout Scotia, Capt. Robertson, reached port Saturday night after a five weeks' cruise north. She left here on June 10th, went to Notre Dame Bay where the tides were investigated, thence going to the Belle Isle Straits, covering an area of three hundred miles at that point, while observations were taken by the scientists on board. The next place the ship steered for was Hamilton Inlet, Labrador. Returning south she again visited Notre Dame Bay and then proceeded to Cape Race where she bore up for St. John's. Capt. Robertson reports a considerable number of icebergs in the Straits. There is also a lot of ice about, more than ever he saw in the month of April. After getting supplies the Scotia will leave here for Denmark Straits, between Greenland and Iceland, after which she will return to England.

Wedding Bells.

At St. John, N.B., on Tuesday afternoon, July 1st, at the home of the bride's grand-parent, the Rev. Mr. Thomas united in marriage Ella A. Glasgow, daughter of the late Fred Glasgow, to Mr. Thomas Puddister, son of Jordan Puddister, both of this city. Only the immediate friends and relatives of the bride being present. The bride was given away by her grand-father, and was charmingly gowned in white lace over chiffon, and carried a bouquet of bride's roses and lilies of the valley. The couple were married in the drawing room, which was tastefully decorated in festoons of white carnations and maiden-hair fern. After the ceremony a dainty supper was served in the dining room which was also decorated. Mr. and Mrs. Puddister left on an extended tour of the Canadian West to spend their honeymoon. The bride's going-away suit was a Copenhagen blue with hat of black, trimmed with peacock quills and maline. The bride and groom were the recipients of many beautiful gifts. Both were well known in St. John's.

MIRAND'S LINIMENT CURES GARTERS IN COWS.

Hr. Grace Notes.

Messrs. J. A. Clift and J. W. Withers were in town on a short business trip on Thursday.

Mr. John Butt, a native of this town, is visiting his friends after an absence of 25 years. Mr. Butt, who is settled down in Rhode Island, will be remembered as a regular attendant at the meetings of the old No. 18 Division Sons of Temperance.

Mr. A. Brown, druggist, is here from Boston on a visit to his old home.

Rev. and Mrs. Clarkston and Mr. Eugene Noel were passengers by the s.s. Kyle on Thursday for Trinity, where a pleasant time will no doubt be spent with friends.

Considerable difficulty was experienced in ringing the fire bell on Thursday evening. It will be remembered that some time ago we referred to this very same matter, explaining that the bell ropes were too short, but nothing has been done to remedy it. It appears to be stubbornness on some person's part not to remedy this, but should a fire break out in the night we are afraid valuable time will be lost in making the bell sound an alarm. We were told yesterday by the general secretary of the Water Company that all is required is to know how to ring that bell. Perhaps so, then would it not be well to have a general practice so as all our citizens would know the trick, as it is not known whose lot it will be to sound an alarm and thus endeavor to save property from destruction. Again we say, "lengthen the bell ropes!"

The Harbor Grace Coal Company are expecting the s.s. Beatrice here next week with a full load of coal. Other steamers will arrive shortly and the old cry of a scarcity of coal will be forgotten, thanks to this newly formed company.

The British Band excursion to St. John's takes place on Wednesday next. Your city folk will have a chance to hear another Harbor Grace brass band, and we hope enjoy it as they enjoyed the C. C. C. band's visit last week. A large number of tickets are already sold and the success of the excursion is assured.

The King Edward Brigade will attend Divine service at Christ Church to-morrow evening at 6.30.

Mr. James Gorman, of the electric light and telephone staff, is now very busy installing new phones to the citizens anxious for that convenience. He succeeded a few days ago in getting the genial W. H. Kennedy of the post office "on a string," not an easy matter, but Mr. Gorman "got there" all the same.

CORRESPONDENT.

Harbor Grace, July 19, '13.

Invermore Here.

The s.s. Invermore, Capt. Jacob Kean, arrived here at 11 last night from Labrador. The ship made the round trip in 10 days, and after leaving here on her way north she had it foggy and sometimes stormy, especially from Cape Harrison to Hopdale, with very many bergs about, rendering navigation highly dangerous. On the return, generally speaking, fine weather was met, though Saturday night a gale of S. E. wind with heavy rain prevailed, the reports from the fishery on the coast are not cheering, though there is still time enough for a good voyage. When the ship was on the shore from Harbor Harbor north there was very little fish going, while very few craft had got down below that place. From that point south some fish was catching. On the day the Invermore reached Indian Harbor most of the traps had fair fishing, some securing as much as 20 to 25 qtls. From Sandy Islands to Ship Hr. there is still better work and some traps have got as much as 40 qtls. in a haul. At Grady there is a good sign. Dead Islands reports for from 15 to 40 qtls. At Ship Harbor very good work is being done with traps, reporting from 100 to 130 qtls under salt in a couple of days. At Battle Harbor it is fair and last Friday 5 to 6 barrels were taken by the boats there. No doubt by the time the Kyle gets here more cheering news may be looked for. The ship brought no passengers.

Lintrose's Passengers.

The Lintrose arrived at Port aux Basques at 6.15 yesterday. Her passengers were:—W. and Mrs. Barclay, S. Garland, J. E. Lake, C. F. Bishop, H. H. Courtenay, W. S. and Mrs. Warren, Miss L. S. Warren, C. T. and Mrs. Kratz, Miss A. M. Kratz, R. B. Job, G. Dunphy, Mrs. R. Wright, Messrs. R. and Bruce Munroe, F. Scott, J. Bayley, A. McMillan, J. McLean, H. C. Appleton, P. J. Gleason, Miss H. Glynn, P. F. Healey, N. Hutchings, Miss G. Sutherland.

AN ELECTRIC STORM.—While coming this way Saturday night the Invermore had a heavy electric storm accompanied by torrents of rain and heavy thunder and vivid lightning. A gale of S. E. wind blew and generally the weather was similar to that we experienced in St. John's.

Boys' SHIRTS!

The same kind that Father wears.
All Negligee make, made to sell
for 70c. Sizes from 12 1-2 to 14.

FOR

50c. each.
