

**T**HERE is a homely old proverb which tells us that "a stitch in time saves nine."

If the man who said it first had been thinking of health, he would probably have said that a stitch in time saves nine hundred and ninety-nine, so important is it to repair those first tissues that become impaired by ill-health.

This is no new doctrine. It is as old as man. Unfortunately to paraphrase another proverb, "we too frequently put off until to-morrow what we ought to do to-day."

Failing to repair the first tissues that need repair, allowing the malady to continue unchecked, other tissues become impaired, for all parts of the body are sympathetic.

The trouble spreads. And—then comes the rent. Nervous disorders may show themselves in various ways, such as sleeplessness, headaches, neuragic pains, nervous prostration and exhaustion, while later developments take the form of paralysis, locomotor ataxia, or some form of helplessness.

Strangely enough—all these symptoms are preventable, if that stitch had been taken in time. It is here that Dr. Chase's

Nerve Food becomes important. We do not say that it is the only means of preventing the rent, but we do say that many years of experience have proved its value as a repaireur of wasted nerve tissues that have become weakened by overwork, anxiety, or other causes.

When we say that the value of Dr. Chase's Nerve Food has been proved we are speaking by the book. "We might, a considerable length, tell you why Dr. Chase's Nerve Food will make that stitch if taken in time and prevent the rent, but we have always proceeded upon the idea that people are more interested in knowing what has been done in cases similar to their own."

Abbott, 536 Paterson street, Peterboro', Ont., writes: "My system was in a run-down condition, and I was troubled with nervousness and sleeplessness. For some time I had been bothered with neuralgia, and although I tried many remedies, it was without success. Upon advice of a friend, I commenced on Dr. Chase's Nerve Food, and soon found that my neuralgia was cured, and I have not been troubled in any manner since. I am now in good health and sleep well, and I give full credit for this great benefit to Dr. Chase's Nerve Food. I might also say that I had lost considerable in weight, but after using the Nerve Food I gained back the flesh I had lost."

SIR—I enclose herewith copies of correspondence between His Excellency the Administrator, the Governor General of Canada, and other persons, the publication of which will be of interest to the General Public.

I have the honour to be, etc.,  
W. W. HALSTYARD,  
Colonial Secretary.

Editor Evening Telegram.

From Channel.

To His Excellency the Administrator of Government of Newfoundland.

Channel sends congratulations on the glorious news received this morning.

ROBT. T. SQUAREY,  
Supervisory Magistrate.

To Supervisory Magistrate, Channel.

Thanks. Arrivies came into effect to-day. To-morrow will be proclaimed as a general holiday throughout Newfoundland.

ADMINISTRATOR.

From Whitbourne.

To His Excellency the Administrator.

I very humbly and heartily extend to Your Excellency as the Representative of our Gracious Sovereign my felicitations on the termination of the war which has brought so great glory to the armies of our Empire and we may believe is the prelude to the establishment of a lasting peace throughout the world.

R. BOND.

To Sir Robert Bond, Whitbourne.

Thanks for your wire. It is indeed a glorious triumph for our arms.

ADMINISTRATOR.

From Placentia.

To Sir W. H. Horwood, Administrator.

Thank God for Peace with victory for Allied Arms.

W. J. WALSH.

W. J. Walsh Esq. Placentia.

I have wired you Mr. Major's message to the Overseas Dominions and can only add heartiest thanks that our arms have won such a glorious victory.

**Telegram to Governor General, Canada**  
(Sent November 18th, 1918.)

"Ministers join with me in cordially  
bearing your name of the People  
of our foundation  
and rejoice with the Government and People  
of Canada upon the achievement,  
now assured, of the objects for which  
we have laboured so long and so  
valiantly and in the attainment of which  
the Canadian troops had so glorious  
a part. Fighting side by side in the  
battlefield our peoples throughout the  
terrible and protracted struggle have  
mutually welded together their  
services and suffering in common and  
we confidently hope that mutual  
good-will and consideration, fostered  
by our respective Governments, will  
strengthen their ties and which so  
closely unite the sister Dominion.

**STAR OF THE SEA ELECTIONS.**—A special meeting of the Star of the Sea Association will be held to-morrow at 2.30 p.m., for the purpose of nominating candidates for office for the ensuing year.

According to a message received from the city yesterday from Channel, a westerly hurricane with a maximum velocity of 97 miles an hour, blew over the West Coast on Thursday at 4 p.m. doing great damage. Also, a tidal wave at Channel, swept the water front, destroying wharves, stores, cages and boats. In the telegraph office at Port aux Basques, one of the chimneys was badly damaged. The telegraph lines suffered but little, only two poles only being broken.

has received a message from her son, Pte. Augustus Lee, Canadian Infantry, stating that following shrapnel wound in the face, received at the battle of the Somme in October, he was sent to England and is now being treated at Queen Mary Hospital, Letchworth, from which institution he expects to be discharged shortly, his wounds being nearly healed. Pte. Lee, enlisted with the Canadian Expeditionary Force in 1915, at Toronto (Nova Scotia Battalion) at Sydney three years ago, and has been in many campaigns.

Grenfell Hall yesterday—Mrs. Mary Jones, of New Gower Street. Two were discharged, several were removed to convalescent ward, and eight others were discharged to-day. About 100 in the Grenfell Hall Hospital are present. Over 100 are ill of influenza, and several deaths occur there. Two cases have developed into Musgrave.
