Britain's Financial Condition Improving

Chancellor of Exchequer Makes Important Statement -- Quaker's Meeting at the Hague -- Mount Everest Climbing Expedition Abandoned -- Week End Fighting in Ireland.

GREAT BRITAIN FINANCIALLY STRONGER

LONDON, July 14. -- Declaring that the world's financial situation is still serious but that Britain is stronger financially than at any time since the Armistice, Sir Robert Horne, Chancellor of the Exchequer, delivered an address in the Commons on the third day of the Finance bill. He said that the present rate of exchange of the pound to the dollar is the best Britain's debt to the United States was nine hundred and thirty-eight million pounds.

THE HAGUE DEADLOCK

THE HAGUE, July 14. -- Both Russians and non-Russians are sitting sadly on the Scheveningen pier to-night, each delegation waiting for the other to make some move which may resuscitate the expiring conference in Russian affairs. The Russians say they will not attend another session, unless they are invited, and the non-Russians say they are willing to meet with the Russians if Livinoff will bring in new proposals.

THE RAILROAD STRIKE SITUATION

WASHINGTON, July 14. -- While optimism as to the outcome of the White House today, there was further evidence that the administration means to keep a firm grasp on the situation and that every force of command of the Government will be utilized to insure maintenance of the necessary interstate transportation. Summarizing the strike situation as shown by Government reports received from various departments to-day, War Secretary Weeks said trouble was most noticeable in the South Western region although there were instances in various states, including Missouri, Kentucky, Ohio, and California. The War Secretary said all corps commanders had general instructions to be on the alert and act promptly on orders that might come to them, but only in regard to the situation. Denison had any specific instructions been sent from Washington that force of troops sufficient to maintain the line be held immediately in readiness.

EVEREST CLIMB ABANDONED

PHILADELPHIA, Pa., July 4. -- The Public Ledger in a cable dispatch from London to-night announced that the expedition to climb Mt. Everest had been abandoned as a result of an avalanche in which seven persons were killed. Three members of the expedition, C. E. Mallory, T. H. Somerville, and C. A. Crawford had narrow escapes.

MYSTERIOUS FIRING IN DUBLIN

DUBLIN, July 14. -- A sensation was caused this afternoon by a great outburst of gunfire in the vicinity of Mount Joy Prison, lasting nearly ninety minutes. The exact location or cause was not known, but it was rumored it came from the interior of the prison. Large crowds collected and among the many theories suggested was that the firing was brought on by an attempt to overpower the guards. Inquiry at the prison this evening was productive of no information, the statement merely being made that no prisoners had escaped. A report was current here to-day, that the Irregulars in Cork had seized the Banks and all the money they could lay hands on, amounting to two hundred thousand pounds, but the report could not be confirmed.

FIGHTING IN SLIGO

BELFAST, July 14. -- Sharp prolonged fighting is reported from the town of Sligo, which, according to accounts received here was captured by Irregulars from the Free State troops, who, upon being reinforced, recaptured it.

McMurdo's Store News.

Regatta Committee Meeting.

The regular weekly meeting of the Regatta Committee was held in the T. A. Armoury last evening and was largely attended. The minutes of the previous meeting were read by Secretary Noonan, and adopted. A communication was read from the Secretary of the Guards Old Comrades' Association, asking if it were possible to include an Old Comrades' Race in the programme as their Association was prepared to enter a crew. In case three boats enter, the race may be considered by the committee.

President, Hancock, on behalf of the Refreshment Committee, announced they had only received one tender from the C.L.B. Ladies' Auxiliary for supplying the luncheon for the members of the Committee. On motion of Mr. P. F. Collins, seconded by Mr. J. P. Crotty, and supported by Mr. P. F. Moore, M.H.A., this tender was accepted.

The President announced that he had an interview with Lord Morris who is enthusiastic over the Regatta and will be present as a guest of the Committee. Lord Morris will also be forwarding a donation to the Committee to be put to any use they may think fit.

Hon. W. J. Ellis thanked the committee for appointing him an honorary member and announced his annual contribution of \$2.00 gold pieces to the winning crew in the Tradesmen's Race.

It was decided that the crews in the Amateur, Mercantile, Football, Juvenile, Intermediate, Factory and War Veterans Races will enter on Friday night next, the 21st inst. The collectors handed in a favorable report, but more money is still required to finance the Regatta, and the collectors hope to finalize their work before the next meeting. The Truckmen's Union forwarded the sum of \$15.00 towards the cost of the Regatta.

Vice-President C. E. Hunt, of the Football League announced that the League would again donate a silver cup for the Football Race.

Mr. J. P. Crotty thought that the matter of allowing fishermen to compete in the Intermediate Race, was not in accord with the spirit of the race or the intention of Mr. Brophy, who was instrumental in having the race placed on the list. A lengthy discussion ensued, practically every member taking part, but no decision was reached. On motion of Mr. C. W. Ryan, seconded by Mr. E. W. Jeanz, the matter was left over for a special meeting on Tuesday night next so as to allow the representatives of the Reid Nrd. Co. to be present.

Before the meeting closed, Mr. P. F. Collins announced that he would introduce a motion at the special meeting to have a Fishermen's Intermediate Race added to the programme so as to allow the young lads of the nearby settlements to compete. He thought that as there was a possibility that the Press and Veterans' Races would be scratched, that it would be a good idea to include this race.

The meeting then adjourned until Tuesday next, at 8.30 p.m.

"East Lynn."

THE TYPE OF STORY NEEDED ON THE SCREEN.

The tremendous agitation now going on over the United States to place rigid censorship on the motion picture world is entirely unnecessary--even now it is greatly exaggerated--if we saw more productions like that of "East Lynn". This recreation of the famous story has been produced by Hugo Ballin as a Hodkinson release and will be seen at the Nickel Theatre soon.

In "East Lynn" we have a tale that has kept its popularity for sixty years among the millions who read it as a book and saw it as a play. It has survived not only for its dramatic strength, its sympathy and the great names of the stage that have been associated with it, but primarily because of its wholesomeness. Only what is straightforward and clean can stand the test of time--especially in this country where the lurid and the lewd is but a matter of the moment.

Received Farewell Orders.

S.A. OFFICERS GO TO CANADA. Brigadier Prescott, S.A., who for the past eighteen months has been divisional commander of St. John's Division of the Army and also principal of the training garrison will be leaving shortly to take an appointment in Canada. The Brigadier, who is English by birth, has seen considerable service in other countries, particularly France and Belgium where she spent the greater part of her time during the war, helping the unfortunate victims of that great scourge, Captain Froude, who for the past year has been assistant at the training garrison, has also received farewell orders and will accompany the Brigadier to Canada. The best wishes of a host of friends will accompany these officers as they go to their new field of labor.

Grand Falls Memorial.

UNVEILING CEREMONY, JULY 23RD. The Grand Falls Memorial Committee are now busily engaged preparing for the unveiling of their War Memorial which takes place on July 23rd. The unveiling ceremony will be performed by His Excellency the Governor, and it is expected that a large number of visitors, including representatives of the G.W.F.A., will be present. The Memorial, which is a replica, on a smaller scale, of the London Cenotaph, has been erected on the station road, near the hospital. It is a splendid piece of workmanship and was imported direct from England.

Harbor Grace Notes.

Mr. J. A. Dunbar, of the Bank of Nova Scotia, Burtin, is in town, relieving Mr. J. H. Mace, manager of the Bank of Nova Scotia here, who is on holidays.

Schr. Minnie Maud, Capt. Wm. Day, arrived in port last evening after a good run from Hooping H. White Bay.

Some twenty or so brethren of the Hr. Grace Lodge, A.F. & A.M., went down by the Pawnee to Carbonear on Tuesday evening to attend the installation of the R.W.M. and investiture of the other officers of Lodge Carbonear, A.F. & A.M. The party returned again at 3 a.m.

A good sign of fish is reported for the last few days. It is said that one trap secured thirty quintals on Wednesday, and others took smaller lots. At Bryan's Cove fish are reported as having struck in there in good quantity, and the fishermen are making good hauls. We trust this will continue.

Through a word received in town this week, we learn that Mr. George Pike, who was fishing at Styles' Hr. Labrador, had died there suddenly quite recently. Mr. Pike belongs to Carbonear, and is a brother of the late Mr. Henry Pike, of this town, and whose death occurred about two months ago. We tender our condolence to the bereaved family at Carbonear.

Mr. and Mrs. A. R. Proudfoot and three children of Wabana, are in town visiting District Inspector and Mrs. Sheppard.

Schr. Rosie Bella and motor boat Maud were docked here during the week.

S.S. Senef, on her way to Labrador, arrived in port last evening about 8.30 and left again after a short stay.

Dr. W. S. Goodwin spent the week at Western Bay and vicinity, on a professional visit, and returned to town again last night.

No Baby Carriages in Russia.

INFANTS IN ARMS ACCOMPANY MOTHERS EVERYWHERE.

PETROGRAD--The sunshine of summer makes evident Russia's lack of baby carriages. There are no trim nurses wheeling babies along the park paths, and only rarely is a perambulator seen at all. Thousands of babies, out for an airing, are carried in their mothers' arms. Occasionally one sees semi-Oriental women, from the Steppes and Turkestan, with their infants strapped across their backs, like American Indian papooses. Russian babies of the peasant type die by thousands in the hot summer and their tiny bodies know few or none of the cooling comforts of screened and shady porches. The use of ice for keeping milk, is practically unknown. But thousands of the hardy little infants go wherever their mothers do; seem to sleep contentedly on their mothers' breasts in crowded box cars or under dripping eaves on rainy days when the parents lie like huddled bundles of rags in the shelter of buildings.
