Flavor

Have you every tasted the raw fat which you use? Flavor is one of the first tests of quality of any food product. A sweet neutral flavor all fats should possess. Taste Crisco—then other fats. Truly a simple test. There is no after taste to Crisco-made goods. All good housewives find Crisco satisfactory. You can get Crisco at all grocery stores.

Many a chill can be avoided by the wise use of heating with ever-ready gas stoves. An insect gas fire can easily be installed in any ordinary coal grate, and will provide the necessary warmth at any time.
Gas Fires make no work. There is no Coal to carry upstairs, and no ashes to be cleared away. They are ideal for use in daintily appointed rooms. There is no smoke or dust. They also ventilate the room. Enquiries solicited.
