OBSCENT BOOKS.—The NewYork Tribute says:—The circulation of obscene books and pictures has increased so alarmingly of late, especially among the school children of this city and Brooklyn, that stringent measures have become absolutely necessary to check the evil. It a startling but too well established fact that no child who goes to a school of any kind in this vicinity, or even passes along the street with other children, is safe from the sly distributors of these pestilent publications. In repeated instances of late, the most careful of parents and instructors have been shocked to find such books and pictures in the possession of children of nine or ten years, who had receceived them as gifts, with an injunction to keep them concealed and particular information as to where others might be bought.

Breakfast—Epr's Cocoa — Grateful and Comforting.—By a thorough knowledge of the natural laws which govern the operations of digestionand nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctor bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homocopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk.)

Peasons requiring purgatives or pills should be careful what they buy. Some pills not only cause griping pains, but leave the bowels in a torpid,costive state. Parson's Purpative Pills will relieve the bowels and cleanse the blood without injury to the system.

Persons suffering from impure blood, or whose health is giving way, either as ministers or those who study closely, will find in Fellews' Compound Syrup of Hypophosphites the material to build them up and the tonic to keep them there.

A FRIEND IN NEED.—Dr. Wistar's Balsam of Wild Cherry is a friend in deed. Who has not found it such in curing all diseases of the lungs and throat, coughs, colds and pulmonary affections, and "last, not least," consumption? The sick are assured that the high standard of excellence on which the popularity of this preparation is based, will always be maintained by the proprietors.

It is a rare thing that physicians give any countenance to a medicine, the man-infacture of which is a secret. About the only exception we know of is Johnson's And the University. This, we believe, all endors and many of them use it in their practice with great success.
