TUESDAY EVENING, JULY 9, 1872

The Foster Brother;

—OR—
The Orphan of the Wreck.

That night Kenneth was occupied in packing his picture for safe transmission to Edinburgh. It was quite finished now, and not the least striking part of it was the rocks in the foreground, and the wreck, as he beheld it from the window. The fragment of the vessel was there, with the white waves over it, and on the top of the highest ledge was the weird, half-naked form of the white-haired man, with the child on his knee, and the body of its mother lying at his feet.

At an early hour on the following morning, Kenneth, Lucy, and the children had quitted the cottage by the sea, and began their homeward journey to Glenfask.

CHAPTER VII.

KENNETH MAINTAINS HIS RIGHT—THE MISERIOUS VISITOR AT THE LUNATIC ASYLUM.

Kenneth Bruce true to his word. He occupied his proper place at the funeral of Cousin George. And that place was the chief place, for in representing his wife he represented the male branch of the family, while Stephen and Malcolm, being descended from the female line, could not on such an occasion claim the same nearness of kin. It was not, however, without violent opposition, amounting even to unseemly altercation, that Kenneth obtained his right. The two Captains tried at first to scornfully ignore his presence when he joined the procession outside the lodge gates. Then, when he calmly but firmly advanced to the head of the coffin when it was about to be borne from the hearse to the grave, they rudely endeavored to jostle him aside. In a low tone, but with a face of settled determination, he told them what his right was, and how unalterable was his resolution to have it, and they—cowards in a moral sense—were cowed before his resolute bearing; and, rather than provoke a public contest with an antagonist so calm, yet firm, they sullenly gave way, and had the mortification of seeing Kenneth laying their cousin's head in the grave.

The bystanders marked the occurrence with silent satisfaction. It was due, they thought, not only to Lucy, whom Kenneth represented, but to his connection with the circumstances of poor George's death, that he should occupy a much greater favorite in the district than the haughty and over-bearing Gibsons, the people rejoiced to see him put aside their scorn with calm indifference, and persist with success in maintaining his proper position.

Of course when the obsequies were ended Stephen and Malcolm quitted the spot without so much as bestowing a glance on Kenneth, who, with the same calm and quiet mien, walked his own way homeward, where his appearance gave intense relief to Lucy, who, knowing the purpose with which he had left, had been terribly anxious during his absence, yet was proud and satisfied at the moral victory he had achieved.

One other duty he had to perform ere settling down to his chosen work, and that was to write a letter to his lawyer instructing him to attend to Lucy's interests in the personal property left by George. It was right that she should receive her due in that matter—not that he meant that it should prove any advantage to himself, but life being uncertain in all cases, and his constitution being none of the strongest, it gave him consolation to think that, should he be taken away, his wife and child—children rather, for George might yet be as their own—would be all the better provided for. In the hands of Mr. Raleigh he knew Lucy's legal rights would be faithfully secured, and, having put the matter into his hands, he dismissed it entirely from his mind, and resumed the work which he had laid aside when, in the early summer, he and Lucy went away to Ayrshire.

The funeral of George was the last of the mournful incidents connected with the wreck which they had to experience. It was all past now, and lay behind like a dark shadow. It was something never to be forgotten; its scenes could never, never be effaced from their recollection, yet, vivid and real as these had been, the whole might have seemed only a hideous dream but for the presence of little George in their home. In him they had a tangible and permanent proof of the actuality of the catastrophe, and as often as they gazed on his bright and beautiful face the occurrence, with all its pitiful circumstances, rushed anew through their minds.
