

# How's Your Lawn?

Some bare spots? Now is the time to rake in our "Rapid Growing Lawn Grass Seed." It grows quickly and makes a sod in 7 weeks ..... 35c. a lb.

## Groff's Gladiolus Bulbs

Plant some of these as early as you can work the ground They will stand quite hard frosts. 25c. a dozen, \$1.75 per 100.

## Wall Paper

We are nearly out of remnants and selling Wall Paper just about as fast as we can do it up. Our values and new styles are receiving just the sanction they should. "Don't buy Wall Paper until you see Caughell's Samples" is better advice now than ever it was. See our Samples anyway, whether you buy or not. We will be glad to see you and to show you through them.

## Things you Need now Which we sell.

## This Happened at Gillett's

*A FARMER'S WIFE SAID;—I have always heard that groceries from the "Red Star" seemed to have a special freshness and fine flavor but thought these high class goods cost more, until a friend induced me to try some of your tea and coffee. The superior flavor of these led me to buy other things here. To my surprise I found these high class goods cost no more than I had been paying, and when you guaranteed to pay me as much or more for my eggs as any other store we decided to do all our trading here. We have become so enthusiastic over your goods and service that Mrs. my neighbor is dealing here also. All I can say is that I have wished many, many times that I had come here sooner.*

*I thanked her for telling me this experience and said—"Just tell your friends not to make the same mistake." From our bread to our fancy cakes everything is the highest in it's class.*

### PLANS ARE SHATTERED.

#### Anglo-Indian Victory Ends German Hopes in the East.

LONDON, April 20.—Germany's dream of conquest in the Far East has been completely crushed. In one of the remotest corners of the earth a handful of British Indian troops has won the most important victory for British arms since the war began.

A Turkish force that attempted to drive the British from the Tigris and Euphrates valleys in Mesopotamia has been disastrously routed. The Turks are in full flight and have abandoned their campaign to drive the British from the Persian Gulf region.

In their hasty retreat through the desert they left behind a large part of their munitions of war.

The British apparently are now in undisputed possession of the southern part of the ancient kingdom of Nebuchadnezzar. The Kaiser's plans for a new route to the east over a Bagdad-to-the-Gulf railway, have been shattered.

#### Japan Recalls Cruisers.

WASHINGTON, April 20.—Japan has ordered all her warships in the Pacific waters near the American coasts, except those saving the wrecked cruiser Asama in Turtle Bay to return to their home stations. Advice to that effect were received yesterday from Tokio at the Japanese embassy.

#### Welsh Miners Decide To Give Notice Of a Strike.

LONDON, April 20.—A critical situation has arisen among the coal miners. Representatives of the Welsh miners have unanimously decided in favor of tendering a fortnight's notice of a proposed strike to the mine-owners in order to enforce their demands for a 25 per cent. increase in wages.

The Miners' Federation of Great Britain will meet to-morrow to decide what action they will take to compel the mine-owners to accede to their demand for a similar increase.

That the result of the trouble will be anything like a national strike of the miners is considered improbable, but it may necessitate Government intervention in a very drastic manner.

### ADDITIONAL LOCALS

A. J. Elliott handed Mrs. J. J. Kingston on Monday, the amount of her late husband's insurance in the Independent Order of Foresters.

The Northway store at Ridgetown has been closed. It was the only store in town doing a strictly cash business and the handicap was too much for it.

W. Lemon now carries the mail between Aylmer and St. Thomas by auto mobile. The poor printer will soon be in a class by himself as to means of locomotion.

The nations now at war have lost 5,950,000 men in the first eight months of the conflict, and spent \$3,400,000,000 in the first six months, according to figures prepared by the Avanti, a Socialist organ at Rome, by its military expert.

Our friend, Harry Goostry, has become weary with waiting for a traction line to be built between St. Thomas and Aylmer and has purchased a Ford automobile. Harry says he can now go as he pleases, and no thanks to anyone.

Mr. and Mrs. Frank Proctor were in London last Thursday to bid their son-in-law, Pte Jack Stanton, farewell on his departure for the front. Mrs. Stanton will remain here with her parents during his absence.

The first 12 pound shell ever forged and finished in Canada has been presented to the ministry of militia by Col. Cantley, of the Nova Scotia Steel Co. Every part of the shell, except the copper band was made in Canada.

A report from London says that Great Britain has laid down a battleship which will mark a change in naval construction surpassing that marked by the first dreadnaught. The new ship will be eight hundred feet in length and have a speed of forty knots an hour. She will carry fifteen-inch guns.

The newly organized football club evidently mean business. The boys had their first work out Tuesday evening at the high school grounds.

Jos. Benson received a card last week from his son, Harold, who is with the Second Contingent, stating that he was sailing from Halifax that day. He is with the remount division and has received very rapid promotion, now holding the rank of provisional lieutenant.

**OMEGA**  
When traveling, your watch is second only in importance to your ticket. So many instances arise when one has to be on time. No connection missed when you carry an Omega Watch.
