READ THIS.

Since the days of the harpsichord the piano has stood in innumerable homes, closed and mute, a silent witness to the lack of skilled hands to coax forth its melodies—a locked treasure chest to a multitude of music lovers. But at last a key to unlock its treasures has been found, a wondrous piano-player that, with fingers almost human, plays any piano perfectly.

This device, the Chase & Baker Piano-Player, has a complete mastery over the piano, and plays any composition under the guidance of the operator with perfect accuracy. It is, in fact, a skilled musician without a soul, affording to anyone the power to render a piece with the precision of a practiced pianist. And the greater the operator's skill and taste, the more beautiful will be the interpretation.

The Chase & Baker Piano-Player is pre-eminently perfect in construction and in operation. It cannot play a false note, it never stutters, but plays always with absolute precision and certainty of rhythm.
