

LABOR ENTERS CANDIDATES FOR MUNICIPAL NOMINATIONS

No Official Nominee Yet Listed For Contest With Wenige.

FIVE FOR P. U. C.

Members Withdraw, But Later Permit Names To Be Considered.

There is as yet no official nominee of the London Labor party for the office of mayor.

At the meeting of the party last night, although both Alderman Frank McKay and John Colbert were nominated they withdrew their names. They consented, however, to allow their names to be considered by the executive, and it is possible that one of them will be prevailed upon to leave his name on the list when nomination day turns up. There was a universal opinion that the executive for ward three would consent to be nominated that he would succeed in making the mayoral chair, but he was in a determined mood and could not be shaken from his attitude not to stand. He said he had not the time to give to the work.

Alderman Colbert was named again as a candidate for alderman in ward four, and, as in the majority nomination, at first declined to allow his name to stand. His name, with that of Tom Chiff, will go to the executive for consideration.

In ward one F. C. Wanless of Byron avenue was nominated. In ward two there were no nominations. In ward three, the labor ward of the city, Frank McKay, John Ashton and L. R. Menzies were nominated. The meeting adjourned at three in this ward, but as Ald. McKay wished to withdraw and the party does not wish to lose his experience and ability in municipal affairs, the executive will try to get him to accept the mayoralty nomination and thus leave but two council labor nominees in ward three.

Five members were nominated in the P. U. C. elections. All withdrew, but later allowed their names to be considered by the executive during the coming week. They were David Mills, J. Aristoff, Donald Wright, Rud Hessell and Delegate Coughlin.

Labor will be represented for the board of education elections by Mrs. Floyd Wells, president of the Women's Labor party, and David Mills, who were both endorsed last night.

Rud Hessell will be the party candidate for the vacant position on the hospital trust.

Ward chairman will be elected at the next special meeting to be held on the night of Friday, Nov. 14, and an executive meeting will be held on the Sunday previous.

The official platform of the Labor party is made up of the following planks:

1. Retention of the ward system of the election of aldermen.

2. Adherence to the procedure by law of the city council in making all financial grants.

3. All civic commissions to be elective.

4. One central body to act as a purchasing body for the whole city.

5. One central finance committee.

6. All civic work to be done by day labor.

7. The payment of trade union rate of wages to all men employed by the city where unions exist. Where union does not exist the rate shall be 50 cents an hour. All civic employees with one year's service shall have two weeks' holidays with pay each year.

8. Trade union wages shall be paid on all city contracts.

9. Municipal ownership.

10. Work for all unemployed or full time.

11. The London technical school to be used for technical training only.

12. That all seasonal work shall be done as far as possible in the winter time, so as to provide work for the unemployed.

Two motions which were made for inclusion in this program were lost. The first was from David Mills, to ask the city to take over the day nurseries and run them as a municipal enterprise, and the second, from William Tite, was that the city should make an endeavor to attract industries to the city which would employ heads of families only. This was part of the Labor party's platform in 1919.

Day Nurseries.

Mrs. Fred White, in the discussion on day nurseries, said they tended to make the women go out and get work, and leave the men idle at home, and for that reason opposed the city having anything to do with them. Alderman McKay thought that with the existing mothers' pensions, and the provision by law for unmarried mothers, that there should be little need for day nurseries, though admitting that there might be special cases where they were valuable.

On the plank asking for full maintenance for men out of work, there was a brief discussion, and at the end the clause was carried ten to seven, the majority of the delegates not casting a vote. Rud Hessell, William Tite and Alderman Frank McKay were all opposed to its inclusion in the platform. The alderman, however, asked for any suggestions from delegates for dealing with unemployment, and promised that these should be brought to the attention of the city council.

He thought that though the federal and provincial governments were the directly responsible parties, that they were not likely to do anything outside their usual spheres of activity to help the situation. L. R. Menzies advised the council to organize the men out of work as the best means to remedy the position of the unemployed.

The matter of the council procedure bylaw for the granting of any sums of money, Arthur Mould, president, again expressed the stand of labor, that there was no desire to reduce the annual \$55,000 grant to the university of Western Ontario, and that the clause was only to insure the council doing business in the proper way.

The central committees dealing with purchasing and financing, were urged in the way of economy in civic business, and to prevent overlapping. David Mills remarked that there was the greatest need for a change in the financing of the city, and the centralization of the affairs of the city toward efficiency.

Skull of a Man Brought By Dog

Canadian Press Despatch.

Kingston, Nov. 6.—When S. Good, a farmer near Parham, came out of his house this morning, he found a human skull which had been brought there by his dog. Pears are entertained that the skull may be that of Howard Benson, a young man, who about two months ago attended a dance at Parham and then disappeared, nothing having been heard of him since. Dr. Geddes, coroner of Verona, was summoned, and search parties have been sent out to try and locate the remainder of the skeleton.

ST. JOHN'S BRIGADE PRESENTS MEDALS

Sixty-Three Women Honored After Completing Course in Nursing.

MUSICAL PROGRAM

Having completed their courses of training in first aid, home nursing, home hygiene and maternity work, 63 women of the St. John ambulance brigade, Ontario district, received medallions, labels and pendants for efficiency, ability and devotion to the service of the order. The presentations were made at central college last night.

Dr. C. J. Copp, assistant commissioner of Ontario, addressed the graduates and the audience on the history and work of the St. John ambulance brigade. He said that the work of the order was empire-wide. It came into being in the early days when pilgrimages were being made to the holy city. Hospitals had been established along the route to take care of the travellers who suffered by the way.

Since that time the order had flourished. In 1887, by the authority of Queen Victoria, a royal charter was granted, and St. John ambulance brigade had made progress in its purpose was to bring the benefit of its service into modern life. Its aim was to serve the public.

Nursing Imperative.

He said that there is a period elapsing between the time the patient needs help and the arrival of the doctor or nurse. In that important space of time the order works to advantage. A trained nurse may not be necessary, but nursing may be imperative.

In factories and industrial plants first aid is necessary. There is no more important education than that of proper training in first aid.

The speaker paid a splendid tribute to Col. W. M. Gartshore, whom he said had taken such an interest in hospital work and in the sick, that his name was dear to all those with whom he came in contact.

Touching on a trip to England to be present at a world conference of the overseas brigades, Dr. Copp said that the problems were not the same in all countries, but it was with a view to enlarging, gaining the ideas of others so that the ideas of the order could be served that brought the representatives together for such a cause.

The program included first aid demonstrations of many emergency cases. They were carried out by first aid graduates, and the boy scouts. The musical program was made up of vocal solos, instrumental numbers and readings.

The following received certificates for 1924: Miss Melma Mumford, Miss Gladys Baldwin, Miss Margaret Brown, Miss Eleanor Carter, Mrs. Emily Churcher, Miss Agnes Clark, Mrs. Mary Dodd, Mrs. Edith Furlan, Mrs. Edith Forsyth, Miss Lillian Field, Miss Charlotte Fuller, Miss Edna Gould, Mrs. Jessie Heimbecker, Mrs. Mary Heene, Miss Letitia Kelly, Mrs. Jean Lawton, Miss Margaret Moran, Mrs. Ella Marsh, Miss Myrtle MacMillan, Miss Rena MacPherson, Miss Kathleen Munro, Mrs. Emma Morgan, Miss Edith Nicholls, Mrs. Edith Mitchell, Miss Florence Reid, Miss Margaret Sutherland, Miss Laura Stonehouse, Miss Kathleen Thorpe, Miss Margery Whittaker, Miss Bertha M. ENJOYS EVERY MEAL SAYS MONTREAL MAN

Lecavalier Gives Tanlac Full Credit.

Another well-known Montreal businessman pays high tribute to the merits of Tanlac. This time it is Hector Lecavalier, dairy and grocery merchant, 390 Beaubien street. Mr. Lecavalier resides at 1922 Chateaubriand avenue, Montreal. Here is what he says:

"I am now enjoying my three square meals a day, sleep good at night and feel fine, but that is vastly different from the condition I was in before taking Tanlac. I used to have indigestion so bad I dreaded to eat and could hardly keep anything down."

Besides, I was troubled with bronchitis, dizzy spells and upset nerves. My tongue was coated white, my energy gone, and I felt worn-out all the time. Seven bottles of Tanlac has stopped my troubles and now I am a new and different man."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.
