

and the presents a Fully Equipped Hospital
Be London, July 23.—In the House of Commons to-day the secretary of state for India announced that the Maharajah
a fully equipped hospital ship, upon which it was proposed to spend twenty lakhs fleet gives us a capacity of 2.500 tons profer was accepted.
en in a telegram from R. T. Elliott, general traffic manager of the Canadian Development Company, in a telegram to S. M. Irwin, general traffic manager of the Start of the blockade," said in the secretary of state of the railrond's allied line known as the secretary of the secretary

.

In a material way the has received fresh impuls initial steps will soon be ing of the Pacific cable proposed to make use of in the forwarding of troop In this affair the osal s couver Island and the Or will also prove most set Empire. A great deal of feit too in the fact that t mines of the Kootenay an ing A signal unnef of f sed to make use of ing. A signal proof of t is found in the large am at present being invested of smelters in that distric he hoped, be followed by a mint here, thereby prew fer of Canadian gold in efican currency. Another matter to be Another matter to be large amount of money is the province each year products. This brought thinker the fact of how al interests are. Legisli something towards relievi There were suburban lar be cut up and so manag might have their plot o might have their plot o which to work in the e vide themselves with very was also the great ques dian lands, locked up ag tion, and the best very o the country. Proper r made, these might well the
