We do not ask you to encourage
home industry,—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High
Grade in the leading cities of Canada.
Foreign goods imported direct from
the south.

MAIL ORDERS

We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is important to place orders
as far ahead as possible. Orders are
filled by us in the rotation in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEP-
ARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 6 P. M.

**NEW BRUNSWICK IS
BEHIND QUEBEC**
More Entries In Graphic Contest
From Bonaventure Than
Restigouche

More entries in the Graphic Auto
Contest are still being received, but
some localities are still not represent-
ed. Rimouski County has not yet an
entry, and Restigouche is away be-
hind.

Next week the names will be pub-
lished, so get yours in early.

The Contest Editor will assist you
in every way possible.

Subscriptions to the Graphic may be
obtained in any locality. Those enter-
ing may have their friends work for
them.

All subscribers of the Graphic in re-
mitting direct, may place their votes
to the credit of any one. This makes
it advisable that all entries should be
known as early as possible.

The Ford Auto has arrived and is
now on exhibition at the Lounsbury
Co's display room, and its e dandy.
Who wouldn't have an auto when they
can get one by a few hours work each
week, and getting their friends to help
them.

Read the adv. on another page and
get your nomination in at once.

By special arrangements with the
merchants who are conducting "The
Automobile Contest" in the town of
Campbellton, any purchases made at
these stores will be counted on the
Graphic's own contest. The merchants

**HOUSE DESTROYED
BY FIRE YESTERDAY**
Residence of Mr. J. L. Winton
on McMillan Avenue is Bad-
ly Gutted

Early yesterday morning, an alarm
was rung in for a fire at the residence
of Mr. J. L. Winton, on McMillan Ave.
When the department arrived, dense
clouds of smoke were pouring from the
upper part of the building, and not-
withstanding their efforts, the house
was badly gutted, and will be a total
loss. No reason can be assigned for
the outbreak, which was difficult to
handle, the fire having a firm hold be-
tween the walls of the dwelling. The
loss which will be heavy, is partly
covered by insurance.

**REAL ESTATE IS
NOT AT STAND STILL**
Some Movements in the Jos. R.
Sharpe Properties During
Last Three Months

That real estate in Campbellton and
district is not by any means at a stand
still is shown by the fact that during
the last three months, Mr. Jos. R.
Sharpe alone, has sold, first, a valuable
property at the corner of Gerrard and
O'Leary Streets, a house, and lot on
Union Street, two houses and lots on
Ramsay Street, and also a large farm
property 2 1/2 miles below town. He
has still a few more bargains in prop-
erties, which will be sold at reason-
able prices. See his advertisement in
this issue.

will give a special coupon which, upon
being sent to the Graphic office, will
entitle you to the number of votes de-
signated on said coupon. Come to
Campbellton, or purchase from these
merchants by mail and get the Spec-
ima. Encourage your friends to do
this also. Campbellton is the natural
shopping centre of the Bay Chaleur
country. The merchants who are in
"The Automobile Contest" are the
leading ones in their lines, and will
treat you fairly.

So that both contests will close at
the same time, the Graphic has been
obliged to set the date of closing its
contest for Saturday, August 1st.

Now let us have your entry.

**WIRELESS WILL
TRANSMIT 150 WORDS**

Description of the Station to be
Established at Newcastle, N.
B., at Cost of \$175,000

Newcastle, N. B., March 31.—When
complete the new wireless station at
this place will flash 150 words a min-
ute across 2,700 miles of sea to the
corresponding station at Ballybunion,
on the south-west coast of Ireland.

There is much discussion now over
the question as to whether the wire-
less will do away with the cables. The
commercial speed of the new wireless
station will be in the near neighbor-
hood of 150 words a minute, the great-
est speed now worked by cables across
the Atlantic is 50 words a minute.

The big steel tower at Newcastle is
500 feet high and is surrounded by six
auxiliaries. Between these towers is
strung a net work of 120,000 feet of
wire. A large number of tranches
have been dug on the grounds and on
these another 140,000 feet of wire has
been laid to secure the proper ground
connection.

On the outside of the line of towers
the power house is situated and is
equipped with two 225 B.N.P. Diesel
motors, each weighing 50,000 pounds,
of the largest design, directly coupled
to two 1,000 volts D. C. generators
supplying power to the operating in-
struments. The fly wheels of these
engines are eleven feet in diameter
and weigh seven tons. In wireless
signalling stations that can reach a
ship 1,000 or 2,000 miles at night, can-
not reach over 200 or 300 feet in the
day time. This is supposed to be caused
by the electrification of the ether by
the sun's rays, which presumably
makes it more difficult for the artifi-
cially created waves to travel through
the ether, and also causes a greater
absorption of energy by the ether.

The total cost of the station amounted
to some \$175,000.

**TWEEDIE MAY RE-
ENTER PUBLIC LIFE**
Montreal Report Says He May
Again Assume the Liberal
Party Leadership

Montreal, March 31.—It is more than
probable that Hon. L. J. Tweedie,
former Prime Minister of New Brun-
swick and later Lieutenant Governor of
that province, will re-enter public life
and lead the Liberal opposition forces
at the coming provincial elections in
that province. Hon. Mr. Tweedie, who
was in Montreal on his way from
Hamilton, accompanied by Mrs.
Tweedie, was asked if he did not in-
tend to re-enter active public life. He
replied that the party wanted him to
do so, but that the way things were
going in New Brunswick, it might be
hard for a man to take charge of af-
fairs and conduct them on economical
and conservative lines, as he would
constantly be confronted with the cry,
"Look what the other fellows have
done."

"But being in opposition, your re-
sponsibility will be lessened," said the
interviewer.

"I will not be in opposition, as we
would win," said Mr. Tweedie. "There
would be no manner of doubt on that
score."

Further than this Mr. Tweedie
would say nothing, but the indications
are that he will again become a lead-
ing factor in the public life of New
Brunswick.

IS BURGLARISED
AT CARLETON, P. Q.

Store of Ferdinand Landry Brok-
en Into on Sunday Night Only
\$15 is Taken

Dalhousie, N. B., April 1st.—The in-
habitants of the generally quiet parish
of Carleton, P. Q., were in a state of
excitement on Monday, when the news
spread that the store of Ferdinand
Landry, had been burglarized during
Sunday night. The robbers broke in
by the front door, and took all the
money that was left in the cash draw-
er, amounting to about fifteen dollars.

Two suspicious looking men have been
seen in that section, and people say
they resemble Bourret and Faucalt,
wanted in Montreal on the charge of
murder.

**LEAK IN WATER MAIN
LOCATED IN DALHOUSIE**

Main Pipe Between the I. C. R.
Track and the Town Will
Require Repairing

(Special to the Graphic)
Dalhousie, N. B., April 1st.—During
the last few days there has been a
panic here on account of the great
scarcity of water in the town reservoir
in endeavouring to ascertain the cause
of the shortage and to-day our citizens
are more optimistic, since it has been
known that the town engineer, Mr.
Wm. Gallop, has located the leak. In
the first place he ascertained that the
run of water into the reservoir from
the brook at the present time is 51-
840 gallons per twenty four hours, and
at the most, the consumption of the
town per day, including the Power
House is 20,000 gallons, which showed
a loss on the face of it of over thirty
thousand gallons. Finding the reser-
voir in good condition, he examined
carefully the ground from McNeill's
brook to the town and located a leak
from the main pipe between the I. C.
R. track and the town. When the pipe
is repaired at this point, it is expected
that there will be sufficient water for
all purposes.

JACQUET RIVER

The ladies of the R.C. Church at
Jacquet River intend holding a Whist
Party on Wednesday evening, April
15th, beginning at eight o'clock. A
cordial invitation is extended to all.

ILLUSTRATED LECTURE

On Monday evening an illustrated
lecture will be given in St. Andrew's
church by Rev. T. F. Drumm on "Bon-
nie Scotland". There will be nearly
90 views shown. Silver collection will
be taken to assist Rev. L. L. Young in
purchasing a Stereopticon for his work
in Korea.

**TW FORD AUTOS
IN CONTEST**
Merchants of Campbellton Parti-
cipate in Both Automobile
Contests

"The Automobile Contest" conducted
by twelve of Campbellton's leading
merchants and the Graphic, started
Wednesday morning with an active
demand for coupons.

Already there are a number of en-
tries and the contestants are working
hard to win the coveted prize—a Ford
Auto.

"Automobile Contest" coupons can
be had only at the stores of the fol-
lowing merchants:

Thos. Wran, Druggist.
Leon Cantin, Jeweler.
Central Book Store, Stationery, Etc.
J. F. Gallagher, Dry Goods and Ladies'
wear.
Geo. St. Onge, Groceries and Provi-
sions.
A. A. Andrew, Andrew's Clothing
Store.
Miss Ulickan, Milliner.
Ferguson Bros., Gents' Furnishings.
The Lounsbury Co., Furniture, Etc.
F. E. Shephard & Co., Ladies' Outfit-
ters.
H. C. Montgomery, Jeweler and Sport-
ing Goods.
J. Floyd, Butcher.

You should plan to do your shopping
at these stores, and get "Automobile
Contest" coupons with every purchase,
and save them for your friends.

The rules governing this contest are
such that everyone has an equal
chance to win. Read the rules in this
issue, and if you desire to enter, sign
the nomination cards at the above
stores. There is still time, but by de-
laying you are losing votes.

The merchants associated in this
contest are managing it—no outsider
has anything to do with it—and every
complaint of wrong doing, if there
should be any, will receive prompt at-
tention. Run on the square is the
motto of this contest.

One feature of this contest is not
thoroughly understood, and that is
that two Ford Autos are really being
given away. Out of town shoppers
are invited to come to Campbellton to
do their shopping, and if they make
their purchases at the above stores,
they can procure coupons entitling
them to votes on the auto to be given
away by the Graphic. This no doubt,
will have a tendency to attract trade,
both mail order and personal buyers,
to Campbellton and thus benefit the
town as a whole.

The following are the entries up to
noon today, registered at the Graphic
Office.

George Dunn.
A. W. McDonald.
John Allain.
E. Boeswell Malcolm.
Thos. D. LeBlanc.
Miss Marie Roy.
Ben Larsen.
Lester Sullivan (Dub).
Clarence Duncan.
Fred C. Comeau.

SHOP BY MAIL

Parties interested in the Graphic's
Auto Contest can get coupons from
the twelve stores mentioned elsewhere,
which are also conducting a contest,
for all purchases made either person-
ally or by mail. These coupons will be
placed to the credit of any contestant
in the Graphic's contest by sending
same to the Contest Editor, Graphic.

AT QUEBEC

Dr. H. D. Fritz of St. John is in
Montreal and Quebec this week, exam-
ining the pilots in those districts.

AUTO CONTEST

Is it a Good thing for You? Well Rather! We're handing you a generous pro-
portion of our profits every sale we make. You're interested, you must be if you've
real live blood in your veins. Your chances are as good as the next ones for get-
ting that Ford Car on exhibition in the Lounsbury Co's window. You don't have
to buy what you can never make any use of, we give you a hundred votes for every
dollar you spend with us. You sign the nomination card, deposit the votes to your
credit, solicit the assistance of your friends, win cut and the car is yours to hike
about the country with for the balance of the summer and as many other summers
as you can raise sufficient funds to keep the gasoline tank full, for the Ford car
stands the wear and tear and test of usage and you've got a car for years to come.
