

GAINED A POUND A DAY.

A LANARK COUNTY FARMER'S REMARKABLE CURE.

Taken With Bilious Fever the After Effects of Which Brought Him Almost to the Grave. He Gladly Speaks For the Benefits of Others Sufferers.

Smith's Pills Record.
Mr. Joseph N. Barton, who lives about a mile from the village of Merrickville, is one of the best known farmers in the Township of Montague. Up to the spring of 1894 Mr. Barton had always enjoyed the best of health. At that time, however, he was taken with a bilious fever, the effects of which left him in a terribly weakened condition. When the time came around to begin spring operations on the farm he found himself too weak to take any part in the work, and notwithstanding that he was treated by an excellent physician he was constantly growing weaker and his condition was such that he was almost alarmed himself by his friends. Having read so much concerning Dr. Williams' Pink Pills, he determined to give them a trial, and without consulting his physician he began their use. He only used one box, and, not feeling better, he discontinued the use of the pills. This was where he now admits he made a serious mistake, as he not only felt back to his former weakness, but became worse than before. He could now do no work of any kind, and the least exertion left him almost helpless. Life was a misery to him, and he was on the point of giving

himself up as hopeless when a friend strongly urged him to again begin the use of Dr. Williams' Pink Pills. He agreed to do so, and by the time he had used three boxes there was a marvelous change in his appearance, and he felt like a new man. He continued to use this life-saving medicine with astonishing results. During his illness he had fallen in weight to 135 pounds, but he soon increased to 180 pounds. In fact, as he says, he is now taking the pills. He is now able to do any kind of work on his farm, and he is now able to say that he is not only a firm believer in the efficacy of Dr. Williams' Pink Pills, but loses no opportunity to recommend them to his neighbors. He says that others in his locality have benefited by his experience and advice. To those who are weak, easily tired, nervous, or whose blood is out of condition, Dr. Williams' Pink Pills come as a veritable boon. They will be found an absolute cure for St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressing and all forms of female weakness. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excess of any nature. Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink), and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y., at 50 cents a box, or six boxes for \$2.50.

DA GAMA CUT HIS THROAT.

Preferred Death at His Own Hand to Being Taken and Shot.

New York, June 28.—The Herald's Buenos Ayres special says: From one of the rebels who escaped capture by the Government troops after the insurgent defeat near Santa Ana, Rio Grande Du Sol, Brazil, the following details of the last battle in which Admiral Da Gama took part, and of his suicide were obtained. The Admiral, at the head of 400 sailors was engaged by a brigade of Government soldiers numbering 1200. The battle lasted five hours, and at least 300 men were killed or wounded. Some of the insurgents advised Da Gama to retreat, but he refused, and they abandoned him. With a handful of men the Admiral repulsed five charges of Government cavalry, but the struggle was hopeless, and seeing that all was lost, he gave orders for a retreat, and then cut his own throat.

HERE IT IS AGAIN!

The Half-Headed Old Sea Serpent With Wings and Fangs.

Traverse City, Mich., June 28.—A resident near Traverse Beach a report three miles from here, was greatly alarmed yesterday morning at the appearance of what looked like a monster serpent. It was discovered by the children of Mrs. Whiting. The monster first appeared a hundred feet from shore. It raised its head from the water about six feet, showing a flowing mane and huge flippers on the neck, and long hair on the back. Mr. Whiting went to the shore and examined it through opera glasses. It gambolled about for an hour, but its entire length could not be seen. Frank Durfee fired his shotgun at the creature without perceptible effect. Several shots followed, and finally the serpent, after rearing its great hairy head into the air and flapping its wings, disappeared, creating a wild disturbance in the water. Some who saw the object declare it was sixty feet long, and that its jaws extended a foot with long fangs in the upper and lower jaws. All the witnesses are well known and reliable.
