

THE Wednesday evening service will (D. V.) be resumed on the 25th inst. We intend giving—during the coming winter—a series of lectures upon the Prayer Book; its history, doctrine, devotion, order, &c. The subject is one which ought to interest the whole congregation, and we hope the congregations on those evenings will be so large that the Side-chapel will be too small to hold them. We intend taking up the “occasional services” first; beginning with baptism.
