

**LATHS WANTED.**

In the "Wanted and For Sale" department will be found the advertisement of a party who desires to purchase 10,000,000 feet of spruce or red pine laths, 2 to 5 feet long, 1 inch wide and 3/4-inch thick. This specification is worthy of the attention of Canadian manufacturers. Letters are to be addressed to "Gamma," at this office.

**MICHIGAN VIEW OF THE LOG DECISION.**

The Saginaw correspondent of the American Lumberman thus refers to the decision of Justice Street in the suit brought by the Michigan lumbermen against the Ontario government:

There is much feeling expressed over the adverse decision of the Canadian court in the suit brought to test the constitutionality of the On-

tario log embargo act. It is understood the matter is to be appealed to the Privy Council. It is also likely that a strong effort will be made to influence the Joint High Commission to reach an adjustment of the matter. It will bear heavily upon Saginaw river lumbermen who have started camps in Canada and are putting in logs in the expectation that there would be some arrangement reached which

would enable them to bring their logs over. Unless this is brought about in some way, the only logs that will come over next season will be stock cut on Indian reserve lands and from deeded lands over which the Ontario government has no jurisdiction. This year there has been only about 75,000,000 feet rafted across, and some of these were old logs cut before the law prohibiting rafting was operative.
