No. 1 northern	833	893	923	91-91
No 9 northern	-			87.89

Flour—Quoted at \$4.80 to \$5.20 for first patents; \$4.60 to \$4.85 for second patents; \$4.10 to 4.50 for faucy and export bakers; \$2.25 to 2.90 for low grades, in bags, including red dog. Domestic trade did pretty well in removing the surplus of patents while the exports took care of low grades and bakers.

Bran and Shorts—Quoted at \$0.50 to \$10.00 for bran, \$11.75 to \$12.25 for shorts and \$13.50 to 15.00 for middlings.

Oats Quoted at 28 for No. 2 white, 27 for 3 white and 25 to 26c for No. 2 and 3. Oats are quiet and slow to move from the sample lots, although the sales show fair transactions on track. Shippers buy at their prices but otherwise lot them alone. Oats weakened in the future markets and sold down in sympathy with corn

Barley—Steady at 40 to 55c for poor to fine samples of No. 3. Barley is dragging slowly with the men that want it to consume holding back expecting to get it even cheaper on account of the large production this year. The supply is large the world over, the crop being large even in Europe.

Feed - Millers held at \$20,50 to 21.50; less than car lots \$21.50 to 21.75 with corn meal at \$21.75 to 22.50.
