Jeffrey Electric
Locomotives
Hauling trains of
Coal.

Jeffrey Electric Locomotives are in demand on account of their superior design and construction; every detail is considered and all materials are selected after a thorough testing and careful inspection, and our latest models represent the most practical Mine Locomotives of to-day.

Let us demonstrate the value of our Locomotives. Send for our illustrated books, "Care of Electric Mine Locomotives in Service", No. 12-A and Jeffrey Catalog "No. 17-B."
