OLD SORES

It is a sovereign remedy-causing new circulation of the blood around the edges of the sore, and speedily filling up and drawing together the flesh, which in old sores is generally inert and lifeless. In

SORE RYES AND RUNNING EARS

the effect is truly wonderful. The serofulous ad depraved blood and humors on which such sores feed and live, are neutralized at the stomach, the fountainhead, and new and healthy blood soon washes away every vestige of disease. In.

### ULCERS AND TUMORS

the effect is equally gratifying, although of course, it is necessary to persevere for some months in diseases such as those having their origin in bad blood and hamors; and in such diseases as

CANOBR,

the Barsaparilla should be continued for at least four er five months after the trouble has to all appearance been overcome, because, unless this is done, and the mature of the blood and humors be entirely changed throughout the whole body, the disease is liable to return with unabated force. In

### . BOILS AND CARBUNCLES

the Barsaparilla should be taken five or six times a day, but not in very large doses say two or three tablespoonfuls at a time. And in all of these diseases we strongly arge the use of Bristol's Sugar-Costed Pills in conjunction with the Barsaparilla, taking two or three pil's every second night on retiring to rest. In this way, cures will be more speedily efeetad.

Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness.
