METALS AND HARDWARE.—Some sales of Summerlee pig iron are reported as low as \$17 ex-wharf, supposed to be owing to the importer not wishing to have to put same in store. The competition of Hamilton iron has also had some effect on Carnbroe, which could be probably bought at \$16 in fair quantity. A few small sales of No. 2, Siemens, are reported at 16. Pig lead is rather easier, and some moderate sales are reported at \$3 65. Ingot tin is also a little easier. In other lines we hear of no changes. OILS, PAINTS AND GLASS.—The demand is quieting down as the season advances, though some houses are still fairly getting off shipments by boat before navigation closes, and also to rail points before winter freight rates go into effect next month. With regard to prices there is nothing new to note. There has been some little fluctuation in linseed oil in Britain, but local quotations are steady; also prices for turpentine, there being no further change since last week's decline of a cent. Glass is very firm at the late advance in English makes. We quote:—Turpentine one to four barrels, 49c.; five to nine barrels, 49c., net thirty days.
