BRIEFLETS.

Mr. Côme Séraphin Cherrier, M. P. P. for Laprairie, Que., returned east on Sunday evening.

Rev. Albert Kulawy, O.M.I., is at Pleasant Home, near Stone-wall, visiting the Galicians there.

The foundation of the new steam laundry adjoining St. Boniface Hospital will be finished tomorrow.

The Very Rev. Mother Superior General of the Sisters of Mercy returned to Montreal the day before yesterday.

The railway excursion to St. Anne's is indefinitely postponed on account of the wretched condition of the roadbed.

Mr. and Mrs. Hébert, St. Joseph street, St. Boniface, mourn the loss of their youngest daughter, Eva, aged eight months.

Most of the Fathers of St. Boniface college are in retreat till the morning of the 31st inst., the feast of St. Ignatius Loyola.

Rev. H. Langevin, brother of our Archbishop, preached in the Catholic church of Rat Portage, and Rev. Candide Therien played the organ, at High Mass, last Sunday.

Preparations are being made for a much needed extension to the Archbishop's residence. The kitchen has already been moved so as to make room for the wing, which will be to the east of the present building.

Yesterday an automobile, belonging to Main's circus, was seen "doing" Main street, Winnipeg, all by itself, with a heavy contingent of passengers. Its pace was far from rapid, but it is quite a curiosity as yet here.

Rev. Father Vignon, a member of the Congregation of La Salette, and parish priest of Fitchburg, Mass., stopped over at the Archbishop's Palace last week on his way to visit the Canons Regular at N. D. de Lourdes, Man.

His Grace the Archbishop of St. Boniface, who returned last Thursday from the Pacific Coast, where he presided at the enthronement of His Lordship Bishop Dontenville, went east on Friday with Rev. Father Cloutier on business connected with the diocese.

Since last Wednesday morning Mulvey school has been the scene of busy head work on the part of the provincial examiners. Some forty teachers, several of whom are principals of colleges and schools, and one of whom is a priest, Father Drummond, are engaged in reading the examination papers of candidates for teachers' certificates. Mr. Daniel McIntyre presides and Mr. W. A. McIntyre, principal of the Normal School, is one of the workers. The term "sub-examiners," by which these worthies are known, does not mean that they are under any

other examiners. It simply distinguishes them from the "examiners," technically so called, who set the papers. In this way many of the sub-examiners are also examiners. The work will be finished by Thursday, but the results will not be published till the beginning of August.

To-morrow evening, the 26th inst., at 8 o'clock, in Unity Hall, McIntyre block, the Catholic Foresters will give an open meeting, to which all friends of Catholic societies will be welcome. There will be a musical programme, and it is hoped that Father Drummond will be present and say a few words. The entertainment promises to be a very pleasant one, and ought to be well patronized.

The voting papers for the election of Convocation representatives on the University Council were counted last Saturday by Canon Coombes and Father Drummond. The result was, in order of number of votes received: I. Pitblado, W. A. McIntyre, J. C. Saul, Daniel McIntyre, Dr. Chown and Dr. Montgomery (equal) and Dr. Popham. Out of about 800 ballots sent out by the registrar only about 220 were returned. Thus almost three quarters of the members of Convocation neglected to vote.

The funeral of the youngest son of Mr. and Mrs. Robt. Deegan took place on Saturday afternoon from the family residence, 488 Kennedy street, to St. Mary's church, at 4:30 p. m., where the services were held, the Rev. Father Guillet officiating. The remains were laid to rest in St. Mary's cemetery. The funeral was largely attended and the flowers were many and beautiful, amongst them being a very beautiful bouquet of roses from Miss K. Cronin. The pall bearers were Homer Cronin, Charley Kelly, Emerest Kelly and J. Ford.

GAREAU-BELIVEAU.

A very pretty wedding took place at St. Boniface Cathedral at 9 o'clock yesterday morning, when Mr. C. A. Gareau, a well known merchant tailor of Winnipeg, and Miss Clara Béliveau, were united in marriage. Rev. Dr. Béliveau, brother of the bride, performed the ceremony. Mr. and Mrs. Béliveau left last evening by the Imperial Limited for Montreal and other eastern points, where they will spend a month before returning.

"May good digestion wait on appetite and health on both."

That sentence from Shakespeare is a genuine benediction of the body. In this as in so many other things the intuition of his mighty mind seems to have fathomed the facts which science has slowly discovered.

Science has shown that disease in any part of the body is almost always accompanied by weakness and failure of the digestive and assimilative organs. Under these conditions the stomach, liver and blood-making glands fail in their appointed work. Then the symptoms of disease appear, often in organs apparently remote from the real cause. Vitality is lowered. There is a dull and sluggish feeling often accompanied by headache. The heart may seem affected. There may be lack of ambition and energy with mental irresolution. With such symptoms as these "delay is dangerous." Such a condition affords the favorite starting point for consumption. It is useless to "doctor" for the symptoms. The remedy that reaches the cause must reach the cause of disease. The greatest medicine for all diseases of the stomach and other digestive and nutritive organs is Dr. Pierce's Golden Medical Discovery. It restores the appetite, re-establishes a sound digestion, purges out the bilious poisons which infect the blood, carries off waste and builds up sound and healthy tissues. The "Discovery" is not a stimulant. It contains no alcohol or whisky. No other medicine has so great a record of cures, therefore accept no substitute. Dr. Pierce's Pellets cure constipation.

BRITISH JUSTICE IN IRELAND.

"London Universe."

As an illustration of the way the Irish executive deals with some convicted criminals in Ireland, Mr. T. M. Healy mentioned two cases when Irish estimates were discussed on Thursday night. The first was the case of a policeman, who owed a small debt to a shopkeeper in Kilkenny. When the latter presented his bill and asked for payment the policeman raised his rifle and shot him dead. He was convicted of murder and sentenced to death, but was subsequently reprieved. The Attorney-General's explanation was that the policeman, if not insane, was labouring at the time under extreme excitement. If this were an agrarian murder the crime would have been avenged on the scaffold.

The second case was that of a soldier who had been convicted of bigamy in Cork. A few days after the conviction the soldier was discharged from prison a free man. Here again the Attorney-General had an explanation. There were, he said, extenuating circumstances in the case. As the Attorney-General took care not to say what the circumstances were the House remained in ignorance of them. Soldiers and policemen have always been the pets of the Crown in Ireland, just as the Orangemen of Belfast are allowed to do pretty much as they please when their victims are only Papists. Yet, Englishmen wonder that Irishmen have so little respect for the laws of the land.

For Small Boys.

The Sisters of Charity of St. Boniface, yielding to repeated requests from various quarters, have determined to undertake the management of a boarding-house for boys between the ages of six and twelve. Special halls will be set apart for them, where, under the care and supervision of the Grey Nuns, they will be prepared for their First Communion, while attending either the Preparatory Department of St. Boniface College or the classes of Provencher Academy. This establishment will be known as "Le Jardin de l'Enfance" (Kindergarten).

The results already attained in similar institutions of the Order give every reason to hope that this arrangement will fill a long felt want. Board and lodging will cost six dollars a month. For the boys who attend Provencher Academy there will be an additional charge of fifty cents a month; and for those who take music lessons, \$3 a month. Bedding, mending and washing will be extra. The Sisters are willing to attend to these extras on terms to be arranged with them. The boys who attend the Preparatory Department of St. Boniface College will have to pay the tuition fees of the College.
