

4. For the United States, the fishing season commences, on June 15, 2017, June 15, 2018 and June 15, 2019 and ends on October 31 of that same year. The port access season commences on June 15, 2017, June 15, 2018 and June 15, 2019 and ends on December 31 of that same year.

5. For Canada, the fishing season commences on June 15, 2017, June 15, 2018 and June 15, 2019 and ends on September 15 of that same year. The port access season commences on June 15, 2017, June 15, 2018 and June 15, 2019 and ends on September 15 of that same year.

6. During the term of the Regime, Canada shall limit fishing for albacore tuna by its vessels in the EEZ of the United States to 45 troll vessels. The United States shall limit fishing for albacore tuna by its vessels in the EEZ of Canada to a number of vessels reflective of historical levels.

7. (a) A Party may only terminate the Regime by providing written notice to the other Party that during the period of June 15, 2017 to December 31, 2019:

(i) an international fisheries management organization with competence over highly migratory species, such as the Inter-American Tropical Tuna Commission, has adopted a fisheries conservation and management measure for North Pacific albacore that requires one or both Parties to adopt a domestic management regime, structure or measure that may not be consistent with or may undermine the implementation of the Regime, or

(ii) as a result of domestic fisheries management requirements, regulation or laws, a Party must put in place measures for managing fisheries on albacore or associated species that may not be consistent with, or may undermine, the implementation of the Regime.

(b) Upon such notification, and unless termination of the Regime occurs within 2019, the Regime shall terminate 30 days after notification and the Parties shall consult to consider re-establishment of a reciprocal fishing regime for a subsequent year.
