against the City with our two Pieces of  
Cannon.

*Monday 6.*

Our Company, consisting of 96 Men march'd to the North-East Harbour, which was ten Miles from the Grand Battery, and drove the Inhabitants into the Woods. Our Grand Battery, having several Guns drill'd, fir'd smartly against the City and Island Battery; they however fir'd but seldom at us.

*Tuesday 7.*

Our Scout at the North-East Harbour, loaded a Schooner with Plunder, and a Shallop with excellent Fish. Tho' the City and other Batteries fir'd smartly against the Grand Battery, yet they did no Damage. We, on the other Hand, having several Guns drill'd, fir'd smartly against the City and Island Battery, and every Gun did Execution.

*Wednesday 8.*

The Grand Battery fir'd all Day against the Island Battery and City, with good Effect; the City and other Batteries, however, fir'd but seldom at us. One of our Guns happen'd to split, by which Accident one of our Men was hurt.
