**MONEY FROM OLD LAND MAKING CANADA RICH**

**This Country Must Never Think of Independence, Say Sir Edmund Walker.**

**HAMILTON, Feb. 16.—(Special).—A strong and practical appeal to Canadians to continue and strengthen the imperial relations between this country and Great Britain was contained in the address of Sir Edmund Walker before the Hamilton Association in the lecture room at the public library building, to-night. Sir Edmund's subject was "The Financing of Canada."**

**The assimilation of the vast hordes of immigrants coming into Canada every year and the finding of the necessary money for their housing and other immediate wants, was the greatest task that had ever been placed upon any country in the history of the world, said Sir Edmund. The country had progressed because of its ability to borrow the money needed, and, as this borrowing would have to be continued for a long time, it was necessary that the country's high credit should be maintained.**

**Britain the Leader.**

Great Britain was the only country from which Canada could hope to continue to get money on such favorable terms as at present. The reason why the money powers in the mother country were so willing to lend money in Canada was that they considered this country the most promising part of the empire, and looked forward to the time when Canada would, perhaps, be the most important part. To maintain this confidence in the old country it was necessary for Canada to adhere to the empire and to drop the idea of independence.

Sir Edmund emphasized the importance of educating newcomers to this country, and especially their children, to the imperial idea. They should be taught that the aim of Canada is to remain an integral part of the British Empire. Sir Edmund was warmly applauded several times while speaking, and at the close of his address was heartily thanked by the association for his address.

**Not Treasure Seeker.**

In replying to the vote of thanks, Sir Edmund took occasion to say that he had not come, as a Toronto paper had stated, to try to secure the collection of paintings which Wm. Bruce has offered to donate to the City of Hamilton for a museum of civic art gallery. He warned Hamilton citizens, however, that Toronto and Ottawa were both anxious to get the pictures and advised this city to lose no time in securing them.

The annual meeting of the Hamilton Liberal Association was held to-night in the club rooms in the Sun Life Building, and the following officers were elected for the current year: President, J. R. Marshall; first vice-president, T. B. McQueen; second vice-president, J. R. Wells; executive committee, H. Haynes, J. M. Telford.

When you need a medicine buy something of known value. Nyals Family Remedies are known by each and every druggist that sells them. The druggist knows them as standard prescriptions put up by the New York & London Drug Co., one of the largest and most reputable firms of pharmacists in the world. Remedies compounded only from finest ingredients and from the latest and most approved formulae, all of which are known to the druggist.

There are no miraculous claims made for the remedies in bright dandelion-colored packages. No mystery about them at all. Ask your druggist what they contain and he will tell you. He will also tell you that a new era has dawned on the packaged medicine business in Canada, and that in place of "cure-alls" Nyals Remedies offer a scientific, approved remedy for each everyday ailment.

**Nyals Family Remedies**

are marketed on a clear-cut policy of a fair and just deal to you—honest value for the money and real merit.

Your druggist knows this; that's why he recommends Nyals to you so often. And have you not noticed that the druggist who recommends Nyals is a pretty good man to deal with?

**GREATER PLANS FOR EXHIBITION**  
 New Buildings, Entrance at Dufferin St. and Pavements Will Cost More Than \$75,000.

With the program of the building operations to be started on the exhibition grounds in the spring, Dr. Orr yesterday morning, and showed plans of the new Dominion Government building, structure to be used as a combined police and ambulance station and cost \$20,000. This latter building will cost \$20,000. It is intended, according to Dr. Orr, to construct a fine monumental entrance at Dufferin-st., at a cost of \$18,000. This is made necessary by the depression of the railway tracks. Pavement extensions will also be provided for the exhibition this year at a cost of \$18,000.

Dr. Orr stated that it was proposed to apply for legislation to control the neighborhood of Dufferin-st. from the grounds up to King-st. This was necessary, he said, in order to supervise the location of refreshment booths. Regarding the conveyance of the titles to the exhibition under its new name, he explained that the authorities merely wanted the old powers transferred.

The G. T. R. made an offer of \$80 a foot for the city's land known as the Russell property, on the east side of Colburn-ave. north of Queen-st. which they propose to use for siding purposes. The railway intends to establish a freight yard which it estimates will cost \$100,000. They have already obtained options on other properties in the neighborhood for this purpose. The City Engineer East's recommendation that the street railway be ordered to construct a new line along Eastern-avenue, from Queen-st. westerly, was laid over by the board.

**Potatoes From Ireland.**  
 Torontonians will now be able to eat real Irish "praties." It will come somewhat as a surprise to many that Ontario has to rely on the assistance of the Empire for its potato supply. This is, however, the case. Perhaps the first shipment of Irish potatoes ever received in Toronto, reached McFriede Bros. commission dealers at Church-st. this week. The shipment was 1500 sacks, and old country sacks at that of about 170 pounds. The potatoes are of excellent quality and are being sold at \$1.80 a bag, or a party with that of Ontario produce. The potatoes are of a similar amount is expected by the same firm in a few days. Thanks to Ireland, Toronto now promises to be saved from a potato famine.

 Hyde of Truro, N. S., Must Answer Charge of Bribery.

**NEW YORK, Feb. 16.—(Can. Press).—Charles Hazen Hyde, a native of Truro, N. S., the former city chamberlain, to-day lost his appeal to the appellate division of the supreme court for a change of venue. Therefore he must go to trial in New York County on the charge of bribery, growing out of the deposit of city money in the Carnegie Trust Co. and the Northern Bank.**

Hyde was to have been tried about two months ago before Judge Paris. He asked for change of venue, and the ground that the public mind in this county had been prejudiced against him and that he could not receive a fair trial here. The application was refused and Hyde took an appeal.

**A MODERN MEDICINE FOR THE BABY**  
 What mother cannot remember the time of her childhood when the castor oil bottle was brought into the room and the dread with which she looked forward to a dose of it—the sight she put up when forced to take it. Surely all mothers will be glad to spare their little ones this discomfort—the dread of the bottle, the smell of the oil, the taste, the griping colic and given in its place a modern remedy—a remedy pleasant to take, mild, though thorough in action, absolutely harmless and something the little one won't dread. That medicine is **Baby's Own Tablets**—the only remedy used by thousands of mothers of little ones—the medicine that has forced castor oil and "soothing" syrup out of the home, and has taken their place in bringing health to baby and joy to the parents. The Tablets are sold by medicine dealers or by mail at 5c each in a box from The Dr. Williams Medicine Co., Brockville, Ont.
