—Second Floor, Yonge St.

T. EATON CO LIMITED

FINAL REFUSAL BY GOVERNMENT

Will Not Appoint Board of Conciliation as Asked by Carriers.

SENDS LONG STATEMENT

Impossible to Hand Over Functions to an Outside Body.

Ottawa, July 28.—Hon. C. J. Doherty, acting prime minister, has sent to the secretaries of the boards of trade at all points where the letter carriers have not returned to work, a telegram in which the appointment of a board of conciliation is finally and definitely refused. Mr. Doherty states that it is absolutely impossible for the government to allow any outside body, not responsible to parliament, to fix the salaries of civil servants. The telegram is as follows: "Steps were taken to have all postmen informed of result of conference with representatives here. That result was that upon men returning to work, sub-committee of council would be appointed which will confer with representatives of the men, hear, look into and discuss with them their representations relative to matter of wages or salary, and report to the cabinet, which will at once consider and decide upon that report. Reasons for objections on part of

government to appoint conciliation board are that it is obviously impossible for government to hand over its functions to any outside body. One of executive functions of government is to carry on public service in accordance with decisions of parliament, and see that public employees are fairly and justly remunerated within the limits of provision for that purpose made by parliament or such provision as government in exercise of powers conferred by parliament may make. Ready to Hear.

"The government in performance of these functions has always been ready to hear and endeavor to equitably adjust any claim made on behalf of any employees in the civil service. It has, as above stated, expressed its readiness to do this in connection with the postmen's claims. It has appointed a sub-committee, composed of Sir Thomas White, Messrs. Maclean, Calder, Carvell, Robertson and Blondin, and notified the secretary of the federation that that committee is now ready to take the matter up at once with the men's representatives. It cannot consistently with its duty submit the determination or fixing of civil service salaries to a conciliation or arbitration board. The men must accept this as absolutely final. There will be no conciliation or arbitration board, but the government will give every opportunity for the fullest possible hearing and deal with claims made upon their merits. As regards employees in the west, it may be pointed out that those in receipt of the minimum wage are actually receiving more than the minimum wage which the men asked to have fixed, and those in receipt of the maximum wage are receiving within a few dollars of the maximum asked, and if any allowance be made, as some certainly should be made, for those provided, the men in the maximum class are also receiving as much or more than the maximum asked.

"The position taken seems to be that the men are out on strike to maintain the absolutely inadmissible contention that the salaries in the civil service are to be determined neither by parliament nor by the government, but by an outside body absolutely irresponsible

to parliament. This is clearly inconsistent with the simplest principles of our system of government. It cannot be too clearly stated nor too clearly understood that the proposal of a conciliation board is impossible of acceptance and will not be accepted. (Signed) "Chas. J. Doherty."

Will Strike on Monday

Moose Jaw, Sask., July 28.—The railway mail clerks operating in the division with headquarters in Moose Jaw will not go on strike until Monday. The original intention was to strike late yesterday afternoon, but at the division with headquarters in Moose Jaw Superintendent Hyslop stated that his best information was that the local clerks were in agreement with Winnipeg and Calgary to strike some time Monday.

Railway Shoppers Threaten

Calgary, Alta., July 28.—Mayor Costello has conveyed by telegram an appeal to the Ottawa authorities that a conciliation board be granted in the postal dispute. The mine workers of district 18 have endorsed the stand of the striking employees, and the railway shopmen here threaten to strike if the government does not appoint a conciliation board. The Calgary Ministerial Association passed a resolution urging the government to grant a conciliation board. The postmen of Lethbridge are still on strike.

WINNIPEG STRIKE STILL ON

Men Have Rejected Proposal That They Return to Work for Ten Days. Winnipeg, Man., July 28.—The Winnipeg postoffice strike is still effective. A mass meeting of strikers Saturday night rejected the proposal that the men return to work for ten days, during which time the Winnipeg civic authorities and the board of trade would use their efforts and influence to obtain for the postoffice employees the board of conciliation for which they are striking. The attitude of the striking carriers and postal clerks still is "no compromise."

by means of a conciliation board can such consideration be given the "unbusinesslike administration of the postal department" so as to establish a better order of things and prevent the recurrence of postoffice strikes.

VIGOROUS REACTIONS MARK ALBANIAN FRONT

Paris, July 28.—An official statement says: Eastern theatre, July 27.—In Albania the day was marked by vigorous reactions. Enemy attacks with strong forces north of the Devoli, on the lower Nofis, and south of that river, near Igzbyva, were broken, the enemy leaving numerous dead on the ground. "In the course of aerial fighting during the day, two enemy airplanes were brought down."

LARGE AMERICAN FORCE JOINS ITALIAN ARMY

With the American Army on the Italian front, July 28.—American fighting troops are now on the Italian front. They began arriving this morning, and are being billeted with Italians. Heretofore the only combatant American troops were aviators, and the appearance of this large "body of fighting men from the United States at the present moment has occasioned the greatest satisfaction.

PREPARED FOR TROUBLE.

New German Ambassador to Russia Takes His Guard With Him. London, July 27.—Dr. Hefferich, the newly-appointed German ambassador to Russia, started for Moscow Friday, according to an Exchange Telegraph despatch from Amsterdam. On the same train went a battalion of German soldiers. Dr. Hefferich, former vice-chancellor, takes the place of Count von Mirbach, who was assassinated in Moscow early in July.

CAR OF WHISKEY AS "BALED HAY"

Huge Seizure of Spirituous Liquors is Made at Guelph Station.

VALUED AT \$8000

Two Men Were in Charge, But Disappeared When Discovery Was Made.

Guelph, July 28.—The biggest seizure of whiskey ever made in Guelph or western Ontario, was pulled off here by License Inspector James O'Brien, yesterday, and had it not been that the head of one of the barrels broke open the liquor would doubtless have been safely delivered to the parties for whom it was intended. As the result of the breaking in of the barrel-head while being handled, there is approximately \$8000 worth of Gooderham and Worts whiskey now lying under guard.

The whiskey came to Guelph on Friday, hidden in a car labelled "Baled Hay," and addressed to the Imperial Mattress Co., of this city. A concern that has no legal existence so far as known. It was billeted from a suburb of Montreal, and the whiskey was in 40 barrels, containing ten dozen quart bottles apiece, so far as known. For only one of the barrels was opened. To the casual eye on opening the car, all it contained was baled hay.

Apparently two operators used to the job were in charge, so that no local name appeared in connection with the shipment. As soon as the car arrived the men paid the freight, and arranged to have the "Hay" unloaded next morning. Everything worked like a charm, and the car was nearly empty, including the barrels, when Mr. Brown, the station agent, happened to notice one of them with the top broken in. He was evidently suspicious that they did not contain either hay or the material the men had state they expected for their new manufacturing company, for he put his hand in the enclosure at the top of the barrel, and finally pulled out a bottle, plainly labelled whiskey. He tried again with the same result. There was only one thing to do, and he did it—everything was ordered back into the car. The operators tried hard to get the car reshipped, probably with the idea of shipping it some other place, and liberal amounts are said to have been offered to get this done. License Inspector O'Brien got wind of the affair, and he acted promptly in seizing the contraband, and placing a guard on it. Meanwhile the two strangers disappeared, and they have not been seen since. As the liquor is valued at about \$8000, some one is out a big amount of money, and had they had a few minutes further grace, the whole shipment would have been successfully pulled off.

RECRUITING PACTS GO IN FORCE SOON

United States Ratifies Treaties With Canada and Britain Tuesday.

Washington, July 28.—Ratification of the British and Canadian recruiting treaties with the United States will be exchanged in London next Tuesday. From July 31 to Sept. 28 both inclusive British subjects in the United States, including declarants who are of present United States draft age, have last chance of enlisting, if they wish, in the British and Canadian armies. After September 28 they become liable to compulsory service, under the draft law, in the United States army.

KILLED BY MOTOR CAR.

Cyclist Run Over Near Galt in Early Hours of the Morning.

Galt, July 28.—Albert James Norris, aged 23, was killed early this morning on the Stone road, about 2 1/2 miles from Galt, when he was run over by a car driven by M. A. Seccord, K.C., of this city. Mr. Seccord, with his wife and two other ladies, was returning from Hamilton between one and two o'clock. Norris was cycling home and from what can be learned appears to have been on the wrong side of the road. The wheels of the car passed over the young man's groin, and he died shortly after admittance to the Galt Hospital. He had been employed for five years on the farm of Robert Arthur, near Branchton, and had no relatives in this country.
