

GODFREY'S GREAT BAND.

Crowds heard the splendid performance at the Island Yacht Club yesterday—To-day's Program.

The performance of the Godfrey Band and his splendid band were attended by larger crowds yesterday than the day before, and this afternoon and evening still greater crowds may be expected. England's first band is heard to much greater advantage amid the pleasant surroundings at Hamilton's Point, and the military features are introduced with more effect than in an indoor place. Never have the British Army Quadrilles been done with more realism on this side of the Atlantic, and this evening the spectacle of 150 men in uniform, with cannon booming, musketry firing and drums beating, will be witnessed for the last time in Toronto.

In the afternoon an especially fine program, from a musical viewpoint, will be rendered. There will be a senior C. L. A. lacrosse match between the Elms of Toronto and the Astoria of Georgetown at 1:30, and the band program begins at 2 o'clock, the same tickets admitting to both performances. In order to give the little ones an opportunity of hearing the greatest band of the day, all under 14 will be admitted at the afternoon performance for 15c. The afternoon program will be: March—"The London Mail"—D'Amato Overture—"Merry Wives of Windsor"—Nicolai Selection—"Mignon"—Ambrose Thomas Ballet Music—"William Tell"—Rossini Concert Solo—"There is a Green Hill"—Gounod.

Mr. Ketchum—Sullivan Cantique—"Nazareth"—Gounod Euphonium—Mr. Phoebe. Walnut—"Castro Tunes"—A. D. 1854 "Reminiscences of America"—Arranged by F. Winterbottom.

CHRISTIAN SCIENCE CHURCH.

The First in Canada Will Be Opened To-morrow in This City—Cost \$12,000.

The Christian Science movement is a new one in Toronto, and the Toronto society opens its new church, which fronts on Queen-street-east, near Howell and Union-streets. This is an event of importance, for it is the first church of the movement erected in Canada. The \$12,000 has been spent on the church, which is now valued at \$20,000. An organ run by water-power and \$1,250 has been put in and all the appointments are of an up-to-date order. The seating capacity is 750, and with incline floors and no pillars in sight there is an auditorium to be proud of.

The basement of the church is capable of accommodating 400 persons, and will be used as a Sabbath school and a special service hall. To-morrow there will be services held at 10:30, 2:30 and 7. These services will be conducted by Mr. John H. Stewart and his wife, Mrs. Isabelle Stewart, the two leaders of the Christian Science movement in the city. The services will be held in the parlors of the Carlton House last evening and awarded the same to Mrs. James Wallace, President of Antrim Lodge, S. O. I., and the Grand Lodge of the S. O. I. will be held in Victoria Hall on Wednesday and Thursday next.

Primrose Lodge, Daughters of Ireland, met in MacMath's Hall, Parkdale, on Thursday evening, Sister Porterfield in the chair, when several candidates were initiated. This lodge is in a prosperous condition.

To accommodate the friends of the Ontario Ladies' College, who wish to attend the annual conference of the Ontario Ladies' College, a special train will leave the Union Station for Whitby at 1:30 p.m., and will return after the evening entertainment, arriving in the city about 11 o'clock. Tickets may be secured at the office of Love & Hamilton, 50 Yonge-st.

secretly, give their cordial support to the movement. The Christian Science movement was begun by Mrs. Mary G. Baker Eddy of Concord, N.H., in 1866. When she was given up by physicians, she raised herself up from a bed of sickness by more force of her mind, and lives to-day hale, hearty, though past three-score years and ten, enthusiastic to spread abroad the truths of Christianity. She has been instrumental in founding 900 regular places of worship and 150 groups of worshippers in America.

Numerous visitors from the United States and elsewhere are expected to be present to-morrow to aid in the opening services.

Grand Excursion to the Seashore. Via picturesque Lehigh Valley Railroad to Atlantic City or Cape May, from Suspension Bridge, Thursday, June 20. Tickets only \$10 the round trip. Good ten days. Trains leave Suspension Bridge 7:20 a.m., 7:05 and 8 p.m.

For tickets and sleeping car berths, apply at Station Ticket Office, Suspension Bridge, or Robt. S. Lewis, Canadian Passenger Agent, 33 Yonge-street, Toronto. Excursion to Washington, D.C., on Sunday and trains. Tickets only \$10 the round trip.

Her Scholars Now Teachers. The Sunday afternoon class of All Saints' Church to the number of 425 marched to Miss Park Rink, where they held their 25th annual picnic, under the direction of the organizer of the class, Mrs. Draper. The day was spent in playing games and other forms of amusement, including races for which the winners received beautiful prizes. The Boys' Home Band was present. Mrs. Draper has been a teacher of this class since its inception, and her pupils are now also teachers in the same school.

Judge Morgan yesterday committed William Craig and William Grace, both of Toronto, as lunatics.

Tickets may be secured at the office of Love & Hamilton, 50 Yonge-st.

Forest By-Products Used. In the report of the Clerk of Forestry, just issued, an interesting article upon Ontario's manufacturing development is given a prominent place. The writer depicts the idea that the substitution of steel for wood in the construction of large buildings has caused a large decrease in the consumption of timber. By the development of the manufacture of wood products, many more trees, formerly of little use, have been made valuable. Wood charcoal for summer use in private houses has opened up a new field for forest by-products. A company in Ottawa converts sawdust into charcoal, and the other products obtained from wood distillation. The sawdust is compressed into briquets, which are distilled in retorts. "Wood wool" is in great demand, though the sale is threatened by the question of freight.
