## EATS PILLS FOR CANDY BOY'S CONDITION SERIOUS

Parks Board Agrees to Removal of Gore Park Fence—Woman's Sudden Death.

HAMILTON, Nov. 18.—(Special.)—Grant Richmond, 330 Wellington-st., an infant son of Martin Richmond, a machinist, got hold of some pills this evening and ate them in the belief that they were candy. He was hurried off to the City Hospital in an unconscious condition. The doctors promptly used the stomach pump and have some hope of the youngster's recovery, although his condition is critical.

J. Burgess, a painter, fell from a ladder at a house near the corner of Caroline and York-streets this afternoon and was seriously injured about the head.

**Gore Park Fence.**  
The parks board this evening agreed to allow the board of works to move the back fence at the northwestern corner of the Gore Park. The street railway will be allowed to use the strip for a landing for passengers getting off the East King-street cars. The privilege extends to a strip starting at the corner of the park, at a width of three feet and tapering to nothing at the end of 60 feet.

Mrs. James Scott, 221 North Emerald-street, died suddenly at the City Hospital this evening.

**Known in Hamilton.**  
Bert M. McConnell, the Buffalo druggist who committed suicide, was well known in Hamilton, where he had charge of the strike-breakers at the time of the street car trouble in November, 1906.

The championship game between the Tiger Juniors and Parkdale will take place at Britannia Park Saturday afternoon.

G. B. Blanchard, vice-president of the Dominion Power & Transmission Company, has resumed his work for the company and this is taken as an indication that the bondholders, whom he represents, have decided that he is to have a free hand in managing the railways of the concern, and that his policy of prosecuting the street railway will be carried out.

A third charge was laid against Jacob Obermeyer, proprietor of the Union Hotel, police court this morning, but all were laid over until Thursday morning.

The assessment department has appealed against the court of revision's decision in reducing the assessment of the Martin residence, Ballinahinch, from \$32,000 to \$25,000, and cutting off the business assessments of the Thistle and Hamilton Clubs.

Thomas Moorehead was committed for trial this morning on four charges of obtaining money by false pretences for an alleged mortgage scheme of the Brotherhood of Railway Carmen.

George Gassett, acquitted of the charge of murder at Rochester, yesterday, formerly residing in Hamilton, and Inspector MacMahon was a witness in the case.

**Action Against Spectator.**  
F. C. Mills has begun an action for \$30,000 damages against The Hamilton Spectator for alleged libel, and threatens to commence another action for alleged criminal libel unless The Spectator makes a correction of the statements complained of.

The Tigers deny that they protested against McCrimmon or Maxwell being allowed to play with the T.A.A.C. in next Saturday's Canadian championship game.

**Vendors Fight for Corner.**  
John Frank, 215 East King-street, and Jacob Bernann, 133 Dufferin-street, vendors of the festive wieners, fought as to the right to vend on the corner of Scott and Melinda-streets yesterday, when the tall cop, Holmes, reached down and ran both in "dogs" and all, charged with being disorderly.

**Deafness Met.**  
The winter season inaugurated by the members of the Bristol Society at a musical social at the Sons of England Hall last night. A charming program of western country songs and songs was rendered.

**Why Am I Ill?**  
Does every cold affect your back, and cause a feeling of chilliness, followed by disturbance of the kidney action. Does the use of spirits, tea or beer excite the kidneys? Are you easily worried and annoyed over trifles? Are the feet and hands cold? Circulation bad? Do the feet and legs swell? Is there puffiness under the eyes? Do you have rheumatism, poor eyesight, headaches and backaches? Is there gravel or any unusual action of the kidneys?

If you have any of the above symptoms your kidneys are either weak or diseased, and these symptoms are warnings of more serious troubles to follow: Bright's Disease, Diabetes or Dropsy.

Whatever you do, whatever you think your disease is, look well to your kidneys at the first sign of anything wrong. Give them just the aid they require in Doan's Kidney Pills, the Great Quaker Kidney Medicine, and see how well and fit you feel after even a few doses.

Mrs. O. Warren, Radisson, Sask., writes: "I was troubled with very severe pains in my back for years. I tried everything I could think of but did not get any good. A friend told me about Doan's Kidney Pills and after taking two boxes, I have not been troubled since."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers or The T. Milburn Co. Limited, Toronto.

In ordering specify "Doan's."

## HOLD OPEN CONVENTION WARD 2 TORIES ADVISED

J. A. Macdonald Submits Resolution to Shatter Machine—Mark Irish New President.

"That no one shall be eligible to vote at a convention held for the purpose of selecting a candidate to contest the election for the house of commons or the legislative assembly unless he is a resident of the community for which such candidate is being selected."

"And that every member in good standing of this association who resides within the electoral riding for which a candidate is being chosen shall have the right to attend and vote at such convention, and to be eligible for the selection of said candidate."

The above resolution, which, if adopted, would mean the shattering of the present ward system of selecting candidates for parliament, and give each man a voice in the selection of the party candidate, was sprung on the ward two Conservative meeting in Victoria Hall last night by J. A. Macdonald, K.C. Press of business would not allow of discussion last night, and the mover acceded to a request made by George Kingston, that he allow the motion to be shelved till a special meeting could be called by the officers to discuss it fully. This will likely be done this evening.

Mark H. Irish and William Eastwood were nominated for the presidency. Mr. Eastwood dropped out of the contest, saying he intended running as an independent for ward two, and Mr. Irish was elected by acclamation. Charles Reid and George Kingston were nominated for first vice, and the former was elected. Thomas Murphy will be second vice, and R. D. Green (acc.) third. James Norris, secretary, and R. R. Davis, treasurer.

**Exit "Capt. Crawford."**  
William Crawford, the retiring president, announced that the association was looking for a suitable building for a club for the young men, as well as the old, and that an athletic association would be started.

A beautiful cabinet, of silver, together with an illuminated address, was made by the president-elect, on behalf of the association, to Mr. Crawford.

"At present," said Mr. Macdonald in speaking to his resolution, "there is an outside representation of forty-nine men composed of members of parliament and delegates from the various ward associations and clubs, in our conventions. That kind of thing is enough to cause a rebellion in the conservative party, for that's the machine gentlemen."

"We want to cut every delegation into pieces, and have the selections conducted. Give to every member the right to choose, for that is what the trouble has been about in the past."

Mr. Macdonald moved another resolution that the Central Conservative Association take action to secure legislation to keep the election polling booths open from 9 a.m. to 3 p.m. The resolution will likely be brought up later with the more important ones.

A. E. Kemp, the defeated candidate for East Toronto, said that he would work for the election of the party candidate, whoever he was, at the next election. He said he was sorry he had had no opportunity in the recent campaign to speak on live issues of the day, and he had hoped to meet a supporter of the Liberal party as an opponent.

W. B. Northrup, member for East Hamilton, said that he was not in Ontario and New Brunswick gave such great majorities to Messrs. Whitney and Hazen, and he had hoped to see the federal elections.

**OF INTEREST TO TORONTO, TOO.**  
Chicago Tribune: The remarkable growth of the large city as a fixed feature of modern life has made a great assembly hall a necessity. Conventions and circuses, flower shows and horse shows, trade exhibitions and other special displays make large demands. The land to be obtained in accessible locations is steadily increasing in value. The expenses of maintenance are heavy. There are times when the property is idle. Here are the needs and the drawbacks set one against the other.

Just now New York is disturbed by the report that the Madison Square Garden is to be removed to give place to some structure that will be commercially profitable. It is a building having something of artistic merit. It meets the needs of many famous shows, and it has proved just the right place for the various kinds of assemblies for which there is need. But it was too good for its owners. Hence the talk of demolition.

The metropolitan press is lamenting the prospect. City ownership, private endowment by people of wealth, and the day, and he has hoped to meet a supporter of the Liberal party as an opponent.

Interested people in other large cities will watch the course of even in New York with hope for a happy solution of a matter of common concern.

**Steamer on Reef.**  
NEW ORLEANS, La., Nov. 18.—The United Fruit Company's steamer Carage ran on Ulla Reef, off the coast of Honduras, to-day, and is pounding heavily.

**Boys' Canadian Club.**  
The Boys' Canadian Club meets at Williams' Cafe to-night at 8.30.
