

## PUBLIC AUCTION OF TIMBER DESIRABLE

Methods Suggested at Investigation to Guard Interests of the Public.

Sudbury, Ont., May 14.—That the province of Ontario, in order to secure the largest possible revenue from the sale of its timber, should sell same by public auction, and that when berths or limits were advertised for sale the government should publish the estimate of the amount of timber thereon were two suggestions made by B. W. Arnold, president of the Spanish River Lumber Company, when invited by the Riddell-Latchford Commission to make any recommendations or suggestions he thought fit governing the sale, cutting and revenue from Ontario's timber.

Mr. Arnold suggested that not only should sales be made by public auction, but that payment be made to the province on an agreement amount per 1000 feet on all merchantable lumber or otherwise actually produced, with the alternative that the payment be increased or decreased with current prices of certain standing timber grades, similar to the British Columbia methods.

An important witness on the stand this morning was John McDonnell, superintendent for the Spanish River Lumber Company at Spanish and Cutler, who stated that he had no knowledge of his company making dual returns to the government, although he knew that such a practice was in vogue elsewhere. He distributed the fact that the amount of culm, from which the government received no revenue, although they were sold as merchantable timber, was increasing to the detriment of the government not selling the limits before much of the timber was blown down.

Mr. McDonnell stated that the present price of culm sold as merchantable timber, was \$45 per 1000, and this was a high figure. In 1919 the price was \$33. He had never known the price to be as high as suggested by Mr. Justice Latchford.

## EARLY SYMPTOMS OF BLOODLESSNESS

Shown by Pallor of the Face and Lips—How to Obtain New Blood.

Anemia, or lack of blood, is so gradual in its approach that it is often well developed before the patient is sufficiently alarmed to consult a doctor or take proper treatment to restore the blood to a healthy condition.

The earliest symptom of anemia is loss of color, especially in the lips, gums and membranes lining the eyelids. Then comes shortness of breath on slight exertion, such as going up stairs, palpitation of the heart, increased pallor of the face and lips. If this thinning of the blood is not corrected, it will proceed rapidly until a complete breakdown in health follows, when there may be disorders of the stomach, headaches and backaches, dizziness and fainting spells. The most effective and prompt way to increase and enrich the blood at a time like this is through the fair use of Dr. Williams' Pink Pills. These pills have restored to good health thousands of weak, anemic people, among them Miss Mae Johnston of Port Arthur, Ont., who says: "Between the ages of 16 and 18, I worked in a telephone office, and it was very trying to the nerves and health. I became bloodless, and so pale that friends often said I looked consumptive. One night I had to be taken home from the office, and a doctor was called in, who told me I must not go back for a time. Sometimes I would faint, and to walk upstairs would lead me utterly breathless. As I did not appear to be getting any better, one of my girl friends, whose mother had used Dr. Williams' Pink Pills with great benefit, advised me to try these. I took the pills very faithfully for some time, with the result that they restored me to good health, and now when anyone tells me they feel weak or run down, I always recommend Dr. Williams' Pink Pills, as I feel so thankful for the help they gave me."

If you have any of the symptoms described by Miss Johnston, try building up the blood with Dr. Williams' Pink Pills. Eat nourishing food, exercise a little in the open air daily, and watch the color return to cheeks and lips. You can run no risk in giving Dr. Williams' Pink Pills a trial, as they cannot injure the most delicate system. You may get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

## PLAYS, PICTURES AND MUSIC

### "Peter Ibbetson"—Robins Players.

Members of the original "Peter Ibbetson" company and also action members of the Robins Players will be introduced to local theatregoers next Monday evening, when Edward H. Robins will present at the Royal Alexandra Theatre N. Raphael's dramatization of George DuMaurier's immortal story of the same name, "Peter Ibbetson." This will be the first time this play has ever been done by a resident company on any stage anywhere. It will, therefore, be an epoch in local theatrical history.

The original blue prints of all the stage settings, lighting effects have been loaned to Mr. Robins by Miss Collier, together with her own notes for the improvement of the action of the play. These notes combined with the "business" marked in the manuscript itself have been rigidly adhered to and a production that will be superior to that displayed here by the road attraction of "Peter Ibbetson" is assured.

Patrons of the theatre are warned that the curtain will rise every evening at 8:15 sharp and 2:15 for both matinees, and that no one will be seated during the first act. They are, therefore, requested to be seated before 8:15 or 2:15. The matinees will be as usual on Wednesday and Saturday.

### "In Wrong."

The first of the new plays to be presented by Edward H. Robins and his Players at the Royal Alexandra Theatre will be the comedy, "In Wrong." This play is more than a comedy in the ordinary sense of the word, because it averages comedy of today depends not on lines for its laughter, but on situations. In "In Wrong," there appears to be the happy combination of both dialog and situation. This play is scheduled for presentation in New York early this coming season. Seats will be on sale next Thursday morning. There will be a special matinee on May 24, Monday, Victoria Day. The usual matinees will be given on Wednesday and Saturday.

At the Allen.

For next week the Allen management have chosen a brilliant program. This consists of a thrilling picture, "The Silver Horde," a special Christie comedy, and a delightful musical program by the Allen Premier Concert Orchestra.

"The Silver Horde" is a new Rex Beach triumph of dramatic entertainment—a smashing, crashing drama, in which the might of the north is pitted against the cunning of Wall Street, with love and fortune at stake.

It is unquestionably the most popular of Rex Beach writings—the story that has long been contemplated by producers as the most attractive motion picture material. Its red-blooded, "he-man," "two-fisted" "straight-from-the-shoulder" romance is unequalled in motion picture annals.

Nazimova at the Regent.

Again Nazimova is coming to the screen, and next week at the Regent Theatre she will carry her audiences fairly out of themselves by the sheer power of her emotional depths and the finish of her performance. The production is "The Heart of a Child," adapted from the novel by Frank Danby. So see it to live the struggle Sally Snape made against the world's attack, at once so alluring and so sinister, with only the armor of her inborn sense of right to guard her. Those who remember Frank Danby's great book, in its fiction form, will be more than delighted with the screen version presented this week. The feature in connection with this week's program is the music by the famous Regent Orchestra. Until Wednesday night, the account of the comic romantic opera, "Martha," will be given in English by Lillian Wilson, Lenore Ivey, Jules Rionel and Douglas Stearns. On Thursday, Friday and Saturday a scene from the second act of Verdi's "Rigoletto" will be the musical feature. This will be given in Italian.

### "Jekyll and Hyde" at Strand.

So great has been the success of the powerful and startling photodrama, "Dr. Jekyll and Mr. Hyde," starring the distinguished American actor, John Barrymore, at the Regent, that arrangements have been made to retain the picture in Toronto another week. As it is the Regent's rigid policy never to play a picture more than a week, "Dr. Jekyll and Mr. Hyde" will be shown at the Strand Theatre for six days, beginning Monday. It will be presented there at the hours of 11:30, 1:30, 3:30, 5:30, 7:30 and 9:30.

This sensational photodrama by Paramount-Artcraft of Robert Louis Stevenson's famous story, with America's greatest living young actor in the marvelous dual role of the lovable Dr. Jekyll and the repulsive Mr. Hyde is one of the outstanding motion picture events of the season. The Stevenson classic is undoubtedly the greatest story about dual personality ever written. It is fittingly told by Barrymore, with his surpassing talent as an emotional star, should in part. His portrayal of "Jekyll" and "Hyde" is said to rank with the best of his achievements in the past. The photoplay, which is a aroused widespread comment, is declared to be a film masterpiece. Mr. Barrymore has the support of beautiful Martha Manly and the rest of the company strikes a high standard.

### SCARBORO BEACH OPENS FOR SEASON

Scarboro Beach Park, Toronto's favorite amusement resort will reopen this afternoon for the summer season. As in the past the management will provide daily an attractive program including vaudeville specialties by leading performers, open air movies, beach concerts afternoon and evenings, and dancing in the pavilion on Wednesday, Friday and Saturday nights with music by a six-piece orchestra. All amusement features will be in full swing. The buildings have been newly painted, and the park presents a pleasing appearance. The big feature of the opening day will be a daring exhibition of fancy flying by Capt. Barker V.C. between the hours of three and four o'clock. During his flight over the grounds he will drop a number of passes for the different concessions for the day, and also a season's pass. Band concerts will be held Sunday afternoon and evening as usual.

### Celebrated Minstrels are Coming.

The minstrel fans of this vicinity will be pleased to learn that one of the very best and largest minstrel organizations on the road is to visit the city, at the Grand next week. Possibly certain people have forgotten that they are minstrel fans because it has been so long since they had an opportunity to see a really first class minstrel—however, the fever of minstrel mania will get them when the richly dressed parade of Harvey's Great Minstrels pass over our streets at noon the day they appear here. The amusement question has by some people always involved the "questionable amusement," but that theme is never aroused by the coming of a high class minstrel. Baseball games, a good circus and an up-to-date minstrel organization seem to be at least three forms of amusement which are never questioned by the most scrupulous. Laughter, the creating of laughter, is the purpose of the minstrel, as well as the rendering of useful music and pleasing songs.

### At Loew's Next Week.

Charles Ray is again a beautiful youth who develops into a world-beater in his new screen comedy "Alarm Clock Andy" at Loew's Yonge Street Theatre and an up-to-date minstrel next week. Frank Stafford, assisted by Marie Stone and "Rox" the famous English Setter, and "Don" an Irish Terrier, presenting a scenic nature production "A Hunter's Game" tolines the vaudeville which also includes: Davis and Rich, offering "Songs A La Carte"; Brown's Musical Revue, music, novelties and song; Edmunds and Rogers, "Two Dark Spots of Joy"; Robb and Whitman, in "Back to School Days"; and Cook, Morimer and Harvey, introducing basket ball on bicycles.

### Rose Sydel's Famous London Belles.

Wonderful! Is the expression that you will hear from the patrons of the book, and the book gives the actors plenty of opportunity to display real talent, and the costuming the grandest that has ever been seen in burlesque. The scenic equipment is wonderful and the book is not "shop worn" as the ideas are all new to the public just fresh from the pen of Edward Hanford who has written many successes. It contains the liveliest sort of comedy, the most tuneful melodies and situations and complications which keep the attention fixed every moment and the mind in a contemplative state, as to what will occur next. As an added attraction Mr. Campbell has secured the Tasmanian Harp and organ in their line for the syncope of all kinds of music and will certainly be an innovation to the burlesque patrons.

### At the Star Next Week.

"The French Frolics," the latest leader of the wheel, is a genuine offering in the musical comedy burlesque line, and has what many another lacks—a well-defined plot, that is sustained through the two acts and is never forgotten or lost track of thru the introduction of specialties. "The French Frolics," the supreme leader of the American burlesque circuit, will be the attraction at the Star Theatre next week, with Harry Hello Jake Fields and Micheline Pennetti, supported by an excellent company and a beauty chorus. In the matter of costumes, Miss Pennetti has a series of surprises. Every time she makes an entrance, she brings a new creation. From slippers to millinery, she makes complete changes. "The French Frolics" bids fair to be the biggest hit in recent years, a treat for music-lovers, and delightfully funny; has a chorus that will make the world sit up and take notice, and the classic of the class, all on the glass runway.

The cast embraces such well-known artists as Walter Parker, Catherine Ross, Hal Sherman, Duke Laverne Billy Gray and Billy Holberg.

### Miss Zara Clinton.

Miss Zara Clinton, the principal "boy" of F. Stuart-White's fourth annual pantomime, "Little Red Riding Hood," is probably the best known and most loved woman in Canada today. Possessed of a wonderfully winning personality and being an artist to her finger tips, she has sung and danced her way from one success to another as Aladdin, Robinson Crusoe, and Prince Charming in "Cinderella," with an ease and grace all her own. In "Little Red Riding Hood" she will appear as Boy Blue, who she out to be a grand prince, a real prince like out of Wales, and she owns a gorgeous castle, made out of pure gold—and everything.

### STILL VACANCIES AT MCGILL

Montreal, May 14.—Altho recently supplied with a university head, McGill still has important vacancies to be filled, both in its administrative and professional bodies. The vice-principals of the university is vacant, also three principal chairs of the faculty of arts, namely, English, classics and history.

### POSTPONE QUEBEC C.M.A. MEET.

Montreal, May 14.—The annual convention of the Quebec branch of the Canadian Manufacturers' Association, which was to have been held here May 18, has been postponed to September 1, in view of the proximity of the date to that of the general association meeting at Vancouver on June 1.

## HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

Mr. Frank Harbaugh of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Orlex Compound, and 4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy, and does not rub off."

# Will Wilson Run Again?

That "there will be 'hell-a-popping' at San Francisco" is the warmish comment of the chief Democratic paper in Nebraska on Mr. Bryan's victory in the State primaries, for he will now go to the Convention as a delegate "with full opportunity to devote his power and talents to either guerilla or open warfare upon the leadership of President Wilson and the policies for which he stands." The President has indicated very plainly, in his letter to Delegate Jouett Shouse, read to the Kansas Democratic State convention, that he will insist that the party support his League program. The New York World believes it would be a fatal policy for the party to repudiate the President, for "it is only under his leadership that the party can be held together," and The Brooklyn Eagle says that if the party is to make the campaign on the League issue, "the only logical candidate is Woodrow Wilson." The Republican press naturally have a few remarks to make about all this. Thus The Milwaukee Sentinel: "Run for a third term nomination? Of course he'll run—health permitting. And, as a prominent Democrat remarks, such is Mr. Wilson's sublime self-confidence that when it comes to that question he will regard himself as the best judge of the permissive state of his health."

One of the most interesting articles in this week's LITERARY DIGEST—May 15th—deals with the possibility of Mr. Wilson again being a candidate for the Presidency, and presents the editorial viewpoint on this contingency from many angles.

## ABOLISH OFFICE OF INSPECTOR-GENERAL

Major-Gen. MacBrien Likely to Be Made Chief of General Staff.

Ottawa, May 14.—(By Canadian Press.) Acceptance by Lieut. Gen. Sir Arthur Currie of the principality of McGill University will, without doubt, entail his resignation from the post of inspector-general at militia headquarters. It is not known yet whether General Currie has submitted his resignation. Hon. Hugh Guthrie, minister of militia, is out of town, and will probably not return until Monday, and Lieut. Gen. Currie has not yet returned to the capital from Montreal, so it is practically impossible to ascertain definitely how the situation stands.

The resignation of Sir Arthur Currie from the inspector-generalship will, it is considered likely, result in the abolition of that post, and the re-establishment of the office of chief of the general staff. Present indications are that Major-General J. H. MacBrien, who has just returned from England, will be appointed chief of the general staff.

### PRINCE OF WALES HAD NARROW ESCAPE

London, May 14.—The Prince of Wales had a narrow escape today at Greytown, New Zealand, while motoring on a narrow, dangerous road skirting a ravine in Suller Gorge, according to a despatch to the Central News.

At one point the rear wheel of the prince's motor car actually hung over the gorge and the earth gave way. The motor car, however, quickly recovered. The prince did not turn a hair, the despatch adds.
