

in the month of February last, by the Rev. Dr. Lett. The sum of \$50 has since been given by Mr. A. Fleming, as part of the balance from the building fund.

It also affords the Managers pleasure to bring under favourable notice the matron, Mrs. Holmes, whose constant care and unremitting attention to the children cannot be too highly spoken of; and the progress they have made under their daily teacher, Miss Ann Scott, is also very satisfactory.

It is, too, a subject of pleasing reflection to know how liberally the many friends of the "Home" continue to aid its wants by their constant contributions: but, particularly, the Managers would desire to express their thanks to the butchers and market gardeners of the St. Lawrence and St. Patrick's markets, whose liberality will be at once seen on referring to the Treasurer's Report, where the whole amount paid for meat throughout the year has been only \$45 89; while from seventy to ninety persons have been maintained daily in the "Home" during that time.

In conclusion, the Managers feel that they have much cause for gratitude to the Father of the Fatherless, for the large amount of good which this Institution has been enabled to effect, not only in giving the blessings of a Home, food, raiment, and education to the numerous family of otherwise destitute little ones now under its roof, but also in having rescued from wretchedness, both bodily and spiritual, those other orphans who have from time to time been inmates of the "Home;" and who are now apprenticed to respectable farmers and others through the Province, and of whom the Managers continue to receive the most satisfactory accounts.

The Managers earnestly pray that the Disposer of the hearts of men will move His people still to sustain them in their humble efforts to rescue and provide for the Protestant orphan.
