

ROOSEVELT TO HELP WORKERS

His Doctrines to be Announced—Coming Convention May Be Called Socialistic, He Says.

OSTER BAY, July 26.—(Can. Press).—The "Confession of Faith" of Col. Roosevelt is down in black and white, the finishing touches having been made to-day. When he has completed the recital of his doctrines in Chicago on the night of August 5 he probably will be called socialistic, or anarchistic, and may be both, he said to-night. But he insisted that it measures the advocated must come. "They are corrective to socialism and an antidote to anarchy," he declared. Two of the more striking measures favored by Col. Roosevelt are the fixing by law of minimum wage scales for women workers and a guarantee by law to workmen employed in what he calls the "continuous industries" of eight hour shifts and one day's rest in every seven.

Business should be encouraged in every legitimate way, he said, but at the same time business prosperity should be made the "hand maiden of the people," and the tendency should be toward a diversification of the ownership of property. Col. Roosevelt mentioned these two measures merely as illustrations of the kind of legislation which he believes should be adopted to meet existing conditions.

MINISTERS MAY COME TO CANADA

Daily Mail Suggests That Visit on Battleship Would Help to Link Empire.

LONDON, July 26.—The Daily Mail this morning, anent the suggestion that members of the Imperial government should visit the Dominion on Borden's return in order to be present when the naval announcement is made, makes the following inspired comment: "If Asquith and Churchill could be persuaded to make the voyage on board a British battleship they would not be merely discharging a public obligation but also paying a graceful compliment to fellow citizens on the other side of the Atlantic. Their visit might be made the occasion for a dramatic demonstration which would remove the impression to which certain anxious critics are clinging that a union between Britain and the dominions is a union of hearts and not heads; of sentiment and not effort. It is a great opportunity for the British ministers and they will bring back with them not only memories of enthusiasm but also inspiration and confidence to follow steadfastly the path of imperialism which Canada has opened to the whole empire."

SOMETHING USEFUL FOR ALL READERS

Some Say It Is Worth Its Weight In Gold and All Are More Than Pleased With It.

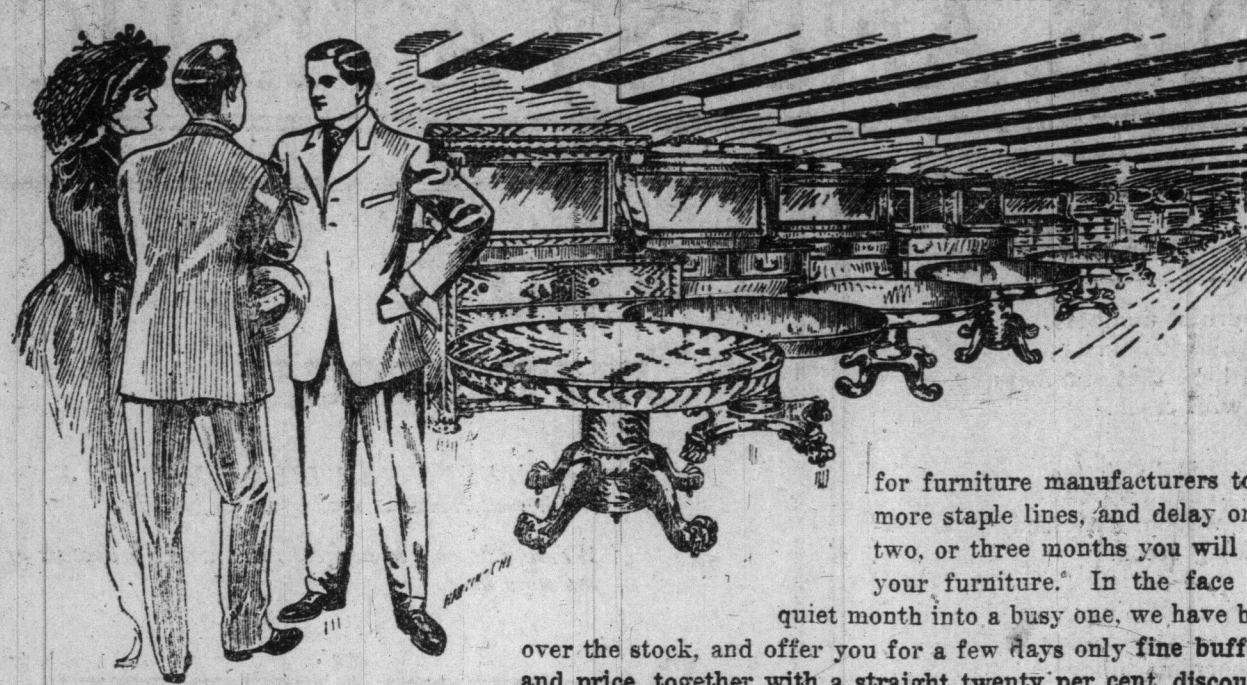

What is it? There are many useful things, but not many of them are worth their weight in gold. This is not intended to be a "guessing contest," so you are to be given the answer at once. The one thing known to be useful to every family is the new kind of Bible which The Toronto World is presenting to its readers on the popular plan explained in the certificate printed elsewhere in this issue. The reason for calling it a "new kind" is because it is entirely different from others in that something like six hundred "eye-teaching" pictures adorn its pages. These pictures have been made alone for this great work. They cost more than \$50,000, and the publishers brought together the world's greatest artists for the purpose. Each picture brings out a point in the particular verse illustrated and makes it plain to the reader. This explains why it is so useful. Some Bibles are said to be "illustrated" when they contain only a few meaningless pictures. But the illustrations in The Toronto World Bible are printed in with the type and accompany the subject illustrated. In addition to these text illustrations there are numerous full page color plates from the world famous Tisot collection, making this in all a useful gallery of art of the rarest educational value to everybody. A readers who got it the other day says it is worth its weight in gold. Praises come from all sources and everybody that sees it is pleased with it. You can have it if you clip to-day's certificate and follow the directions explained therein.

Why wait for the home of the future when you can take advantage of values such as these, and have right now, the home that you sometimes dream of? This is your big opportunity.
