And so, while we read of daily gains Fredericton has adopted the following by British or French, or both, we must bear in mind that the enemy is ready to fight as hard next day, and make every additional foot of ground gained by the Allies cost them. Allies cost them severe losses in men.
His own losses are somehow repaired,
Department of Agriculture to inform us even if, as one correspondent says, he at once how we can best serve this purmust fight behind barriers of dead.

It is a question of artillery, of man power, and of endurance. There are weeks and months of deadly fighting yet in store and long lists of acceptance to the condensation of the condensatio

in store, and long lists of casualties to tell power, labor and material to make the the awful cost. The Germans are stimulated by the hope that if they can hold lated by the hope that if they can hold out long enough on the western front the submarine will bring them relief by forcing Britain to seek terms of peace. Let us hope the confidence of the American naval board, whose chairman believes a successful method of dealing with the submarine has been discovered, is well founded. If our new Ally can help to solve the submarine problem it will be the most welcome contribution she could make to the Allied cause. In the meantime we can but steel ourselves to bear the losses sustained, and await with the provincial inspector appoints as a deputy the man most likely to enforce the prohibitory law, the people are not going to worry about the man's politics, unless he has been or is grossly offensive in his partisanship. The only way to get rid of it. Other things being equal, a government naturally favors its friends, but no man should be appointed to an office merely becauses he is a party man. That sort of statesmanship breeds both inefficiency and graft.

Today's news from Russia is more lelated by the hope that if they can hold If the provincial inspector appoints as

Balfour Speaks

to U.S. Congress

Free Peoples Banded Together

Against Danger to World Free-

thur Balfour and members of the British mission to the United States were received on the floor of the house of representatives on Saturday. President Wilson occupied a seat in the gallery, the first time that a president has watched the proceedings from that position. Addressing the house, Mr. Balfour expressed his appreciation of the honor paid him and of the importance of the events which led to the occasion. After reference to the events which had led to the war, he said:

"When I was young we used to flat-

one great task of making itself the moral and material master of the world. It is against that danger that we, the free peoples of western civilization, have

banded ourselves together.
"It is in that great cause that we are

going to fight and are fighting at this very moment side by side. In that cause we shall surely conquer, and our children will look back to this fateful date as the one from which democra-

David Lubin, representative of the United States to the International In-stitute of agriculture—maintained by "Famine is lurking behind the battle lines in Europe," Mr. Vroo-man asserted. "There is starvation in Germany and every other nation world on March 31, 1917, showed a shortage of 150,000,000 bushels below the in Europe is on war rations. The wheat prospects in this country are the poorest in many years. In the Argentine the crop also is short. The production and conservation of food is now this country's greatest amount necessary to feed the world un-til August, 1917. He declares it is beyond question that unless a greater acreage is put to crop in 1917 there will be world-hunger before the 1918 crop is responsibility."

cies can feel seeure that their progress, their civilization, their rivalry if need be, will be conducted, not on German lines, but in the free and friendly spirit which really befits the age in which we Argentine Republic, which is ordinarily a great grain-exporting nation, resulted in an embargo being placed, in March, 1917, upon the export of grains from that country to avert local famine.

The United States department of ag-"Our army of food producers is

how heartily I thank you for the cordial welcome which you have given us today and to repeat my profound sense of the significance of this unique meeting."

SOLDIER DIES HERE.

Private Joseph Smith, of the 177th battalion, died yesterday afternoon at the Martello Military Hospital, of appenditis. He was admitted to the institution last Monday, but during the stay there his decline was gradual. He belengs to Bradford, Ontario. His next of kin is to be communicated with and in all probability his body will be returned to Ontario for burial there.

Mar bread of whole wheat country to avert local famine. The United States department of agriculture, in its official report, announces the condition of the fall wheat crop (which is two-thirds of their total wheat crop), on April 1st, 1917, to be the poorest ever recorded, and predicts a yield of 244,000,000 bushels below the congress asking for the war, the greatest state paper ever written by any living man, has exerted a subtle force at the Prussian autocracy established the allied nations will greet the German people with outstretched hands."

War bread of whole wheat country to avert local famine.

The United States department of agriculture, in its official report, announces the condition of the fall wheat crop) on April 1st, 1917, to be the the condition of the fall wheat crop of 1915. The 1916 crop was poor. Even with favorable weather the wheat crop of the United States is likely to be the swart there has a yield of 244,000,000 bushels below the crop of the United States department of agriculture, in its official report, announces there they and the trenches, "It is entirely possible the Germans will greet the condition of the fall wheat crop of the United States department of agriculture, in the furthey of the condition of the fall wheat crop of the United States is likely to be a yield of 244,000,000 bushels below the condition of the fall wheat crop of 1915. The 1916 crop was poor. Even with favorable weather the wheat crop of the United States is likely to

War bread of whole wheat would soon supplant white bread on every table in this country, Mr. Vrooman predicted.
The use of 81 per cent, of the wheat in war bread, instead of 72 per cent, in white bread would save the country.

the cause, the nervous system must be built up again before restful sleep can be assured.

Those whose rest is broken into by frightful dreams, nightmares, sinking and smothering sensations, who wake up in the morning as tired as they went to bed can have their old, peaceful, undisturbed, refreshing sleep back again by using Milourn's Heart and Nerve Pills.

Mrs. John Sloan, Haley Station, Ont, writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright. I tried several doctors, but they did me practically no good. I noticed your advertisement, and immediately tried milburn's Heart and Nerve Pills, and I am proud to say they cured me."

Milburn's Heart and Nerve Pills are 50c, a box or three for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited.

Tropoto, Ont.

One package proves it. Sold and guaranteed by above Vinol druggist.
