

GOOD THINGS COMING TO THEATRES OF ST. JOHN

LORE—THE WONDERFUL MYSTIC AND MENTAL MARVEL—AT THE OPERA HOUSE STARTING TOMORROW

Although past experience has shown me that the public of St. John are quick to respond to my special offers, I must admit that the response in connection with my Sixth Anniversary Sale which opened at my store last Friday was most surprising to me, and I feel I must apologize for not having sufficient clerks to take care of the large number of customers.

I am glad to say that I am now well equipped in this direction and can quite take care of any demands that might be made of me.

The Sixth Anniversary Sale is now on in full swing and there are many and varied bargains here in every line of reasonable goods for men, women or child. Each year the public has shown its confidence in me by making it possible for my business to increase month by month, and I am particularly appreciative of this my Sixth Anniversary.

That is why I have made such deep price cuts in my store at the corner of Union and Sydney streets.

Do not fail to take full advantage of the opportunity offered in this sale as the goods represent the highest quality of material and workmanship in the market today.

STOCKS HIGHER IN WALL STREET

New York, June 27 (10:30)—The stock market opened with many additions to last Saturday's vigorous rally. Metals, oils and tobacco led further advance with many miscellaneous shares.

American Smelting, National Lead, General Asphalt, California Petroleum, Royal Dutch and Sumatra Tobacco scored early gains of 1 to 3 points.

Bethlehem, Crucible and Midvale steel also advanced and related shares, with strong support by War Department Stores, Corn Products, Endicott-Johnson and Famous Players.

Reverse tendencies were shown by Mexican Petroleum, Baldwin Locomotive, Chandler Motor, American Sugar and United States Rubber in which moderate losses were sustained.

Noon Report. Only a moderate volume of business was transacted on the higher range of prices. Much of this represented buying orders prompted by last week's rally, but the greater part probably consisted of short covering. Canadian Pacific also showed recurrent pressure, but minor rallies, notably London, were firm. Call money opened at 5 per cent, and exchange on London was substantially higher.

He said that the association had entered a bond for the amount but to his knowledge the money had not been received. They were still hoping that the amount would be forthcoming from the company. BETTY COMPSON IN ANOTHER BIG HIT

Star of "The Miracle Man" in Her New Triumph at the Imperial Tonight.

Betty Compson's performance as "Rose" in George Loane Tucker's "The Miracle Man" fairly electrified the motion picture public of two continents. She was literally hurled into stardom through the insistent demand of thousands of fans and hundreds of exhibitors who clamored for a picture which would give her amazing beauty and remarkable talents full sway.

Miss Compson, after considering the offers of numerous large producing units, decided that her interests would be best conserved if she organized her own company, to the most intimate details of which she could give her personal attention. She engaged the entire staff that had served Mr. Tucker when he produced "The Miracle Man" and formed "Betty Compson Productions," to be distributed by Goldwyn.

The public has awaited Betty Compson's reappearance with an eagerness that has amounted to impatience. Unsolicited publicity—in the form of hundreds of reviews in the country's most influential newspapers and periodicals—is an indication of the tremendous reception that awaits her first starring vehicle, "Prisoners of Love," which is the big special feature at the Imperial today and Tuesday. Usual prices will prevail.
