## "BIG 5" CONTROL OF MEAT PRICES

Very Direct Statements in Finding of Federal Trade Commission in States

Washington, July 28.—Ability of the "big five" packers—Swift, Armour, Morris, Cudahy and Wilson—to determine from day to day the general level of live stock prices was declared incontrovertible in the third section of the federal trade commission's report on the industry made public today.

Information obtained in the commission's investigation was cited to show that the "big five" have an interest in twenty-eight of the fifty principal meat yards of the country and a majority of voting stock in twenty-two of these.

It was said they buy most of the live stock at these markets.

"They discriminate against," says the report, and put at great disadvantage independent buyers, who are their competitors. They manipulate on occasions the live stock market in such a way as to cause extreme and unwarranted fluctuations in the daily prices paid for live stock. They have eliminated many competitors and prevented new ones from coming in. They have restricted the meat supply of the nation by manipulating the daily live stock prices and thus discouraging the producers of live stock.

"Of the meat trade in the United States, the five big packing companies have more than 78 per cent of the total. They have the prices of dressed meat and packing house products so well in hand that within certain limitations, market prices are made to respond to their wishes."

Notwithstanding special advantages said to be enjoyed by the big packers, the commission declares it was demonstrable that they are more efficient than the "independents."

## PRICES UP IN HARDWARE MARKET

(Hardware and Metal, July 28.) Copper is one of the most active lines in the market these days and the metal this week shows still further advances with best-informed authorities predicting even higher levels. The result of the strength in the metal is being reflected in many manufactured lines, copper rivets and bars showing a substantial advance along with copper rods, sheets and tubing. Copper wire, electrical basis is also up another two cents a pound over quotations named one week ago.

The ingot metal market all the way through is showing greater activity and consequently a stiffening of the prices is noted. Lead and spelter move up one-half cent a pound with a splendid volume of business reported in the former. Spelter is in fair demand and undertone to trading is one of strength.

Purple oil has moved up from seven cents to fifteen cents a gallon in different quarters this week, establishing new high levels for this commodity. Locally, prices show a sharp advance. When the peak will be reached is hard to determine, though the flaxseed market seems likely to get very much above the \$6 mark. Conditions tend to firmness at the present level, however. Business in lined oil, though generally restricted to needs of the trade, is considered very good.

Purple continues to soar and new high record prices are being established in the markets to the south almost daily. Locally, prices show a sharp advance of seventeen cents a gallon and even higher quotations are looked upon as probable. Conditions contributing to the present advances are the shortage of the crop with the heavy overseas demand.

Ready roofing shows an advance this week, prices going up ten cents a square in some quarters. Decided strength is apparent in the market and export business, which has been placed in a favorable position, is keeping the factories humming.

Padlocks, cotton gloves, sausage stuffers, lat presses and food choppers are among the lines that register a higher level of prices. Hay wire has eased away in some quarters, competition being a factor in this situation. Scrap prices have undergone a general revision upward this week, copper scrap leading the way. Much improved business has developed and outlook is considered the best since the signing of the armistice.

## SALE of Surplus Shipbuilding Supplies. By Sealed Tenders Closing August 6.

TERMS CASH  
Full detailed list mailed immediately on application to  
IMPERIAL MUNITIONS BOARD,  
Care of T. W. A. Flanagan, Grant & Horne, St. John.
