WHAT'S NEW AT THE MOVIES

"THE WHIP" At THE GEM

One of the Very Big Events in the History of the Motion Picture in Saint John

Something About It!

The story is of the race track and the intrigue revolving around a famous race horse named "The Whip." This intrigue involves an impetuous "gentleman" and his adventures part-time, a handsome young man in love with the charming daughter of the horse-loving judge who owns "The Whip," the jockey who rides and idolizes the horse, and the unsophisticated and pretty sister of the jockey.

Big race scenes, wonderful hunting scenes, the best train wreck and the most thrilling automobile accident ever seen in pictures, starting scenes in the old Eden Musee, filled with war figures—all these combined with a powerful and attention-riveting story, make this the world's biggest-screen play.

By Special Arrangement we are able to show this stupendous screen drama at the lowest prices.
Only 5 and 10 Cents

cause we are going to send our dollars to back up our boys. Because we are going to cut our own living expenses to the minimum, that they may have the maximum. She will not win over there because our boys, God bless them, putting their strength and courage and endurance in the scale with that of the Allies, without stopping to haggle over honors and credit.

I heard an old man who fought in the Civil War talking with one of the park loafers the other day.

"Too bad our men can't be in a corps by themselves," said the loafer. "They ought to have the honor and credit of what they do."

"Damn the credit! Let the Hun and let the credit take care of itself," said the old veteran. "The Allies won't forget us and what we do. When the Hun is smashed and Kaiser Bill is hanged, will be time enough to think about credit. Damn a man who splits hairs now."

Germany will not win over there because that spirit of the man who once fought four years under our flag is the spirit that is now awake in America. Because we are going to do our all to help win against her. Because money and land and goods are as nothing compared to the value of a peace that will abide because the war devils are dead. Because life itself is but a little thing beside the issue we are fighting for. Because we are fighting the fight of decency, against indecency.

America is awake at last, though she has a yawn or two still in her system, and it is our job to keep her awake. Also, she must get a few doses of spring tonic, and I don't know any better nostrum than that double distilled spirit of Get-Therem one finds in our training camps. It is so strong that it is rescuing the folk at home and the Hun will not win against it.

Bartfield was the aggressor throughout. George Chancey of Baltimore, who was to have met Frankie Callahan of Brooklyn, was unable to appear on account of illness. Phil Bloom of Brooklyn took his place and was outclassed by Callahan in six rounds.

Left Tandler of Philadelphia had a shade the better of a six round bout with Irish Patsy Cline of New York. The fight was hard and fast from start to finish, each man showing aggressiveness and refusing to give ground. The work of Tandler in the final round gave him the edge in the opinion of experts.

Dempsey Hurt Ankle.

New York, July 17.—Prominent pugilists met in bouts at Madison Square Garden last night in a benefit to buy athletic equipment for soldiers. The feature bout, between Jack Dempsey and Billy Miske, heavyweights, was called off as Dempsey sprained an ankle in a grueling work in the afternoon.

Benny Leonard, lightweight champion, outboxed Willie Jackson, of New York in a four round bout.

GERMANY WILL NOT WIN

(By E. E. Harriman of The Vigilantes)

Germany will not win because patriotism is awake at last. Because the American people have ceased yawning and
