LOCAL NEWS

ACTING CLERK.
George A. Henderson, clerk of the police court, is away on a short vacation, and during his absence E. S. Ritchie is acting as clerk.

MILITARY APPOINTMENT.
Lieut. Col. H. C. Spang, formerly of the 5th Royal Highlanders, has been appointed general staff officer, Military District No. 7, and will take up his duties at local headquarters November 5.

THE ROTARY CLUB.
The usual noon-day gathering of the Rotary Club was not held today. Instead the members will go to the Wayside Inn at Hampton tonight, where they will have dinner.

FOOTBALL.
A meeting of the football players in the East End League are to hold a meeting this evening in Thorne Lodge to discuss plans for the organization of a league and arrange a schedule. The football season is opening now and a great interest is expected to be taken in order to promote football in this city.

MAJOR HAZEN HERE.
Major D. King Hazen has returned to the city after some days spent in Newcastle at his wife's home following his arrival about a week ago from overseas. He is looking well and is being heartily welcomed by his many friends about St. John.

MILITARY CHANGES.
The following officers have been struck off the strength of Military District No. 7, on demobilization: Lieut. L. A. W. Stevens, October 8, 1919; Captain C. H. Boudreau, October 31, 1919; Captain Jean Malefant, October 8, 1919, and Nursing Sister Mabel Eliza Lewin, September 20, 1919. The following officers have been transferred to the reserve of officers: Hon. Captain Percy Colthart, August 6, 1919; Captain R. J. Smith, M. C., October 28, 1919; Captain F. A. Fraser, M. C., July 20, 1919, and Nursing Sister Theodora McKel, June 8, 1919.

**PROMOTION FOR
H. L. GANTER**

Goes to Halifax as National Drug
Company Manager — H. S.
Morton His Successor

Congratulations are being extended by his numerous friends about the city to Harry L. Ganter, who has been manager of the National Drug Company here for the last eleven years, and has been connected with the company since he started in 1906. The occasion for the good wishes arises from the announcement of his appointment as manager at Halifax, where he will go in a few days to take up his new position. His place here is being taken up by H. S. Morton, who is likewise the recipient of congratulations upon his promotion.

Mr. Ganter is a very well known citizen whom St. John will regret to lose. He has been active in business and has been associated with various movements having to do with public welfare. He has been an enthusiastic member of the Rotary Club since its inception here and belonged to several other local organizations as well. Mr. Ganter is regarded highly by the staff of the local office and warehouse and was recently made the recipient of a club bag as a token of remembrance upon receipt of word of his pending departure. He will take to Halifax the goodwill and best wishes of a wide circle of friends for his future success, in which happy wishes Mrs. Ganter shares.

His successor, Mr. Morton, has been with the company since its beginning here and is looked upon as deserving the promotion which now comes to him. His friends are very pleased that his merit has been recognized.

OVER VIMY RIDGE IN DAYS OF PEACE

Interesting Letter From Scene of
Canadians' Victory—Memories
of Our Second Division

Some territory which is very familiar to many of returned Canadian men is mentioned in a letter which came recently from a member of the V. A. D., now serving with one of the casualty clearing stations with the British troops in France. She says in part:

"I went to Vimy Ridge yesterday and spent three hours exploring the ridge and the craters; isn't an extraordinary place? In one of the shell holes I came across a painted board with 'C2' (the second divisional sign) and 'Gas Alert' pointed on it, and further on two square pieces of tin fastened to a wooden stake, and painted with the maple leaf. One which was riddled with bullets I took with me as a souvenir.

"The battlefields are so utterly desolate now and so silent. The grass has obliterated most of the shell holes, and softened the hard lines of the trenches, but one realizes what a fearful time the soldiers must have had—like rabbits, living continually in the ground with miles and miles of desolation surrounding them, with the sole intent of seeing which can kill the other first.

"From Vimy we went to Lens, where the French civilians are working like busy flies clearing away part of the general debris, and they seem to make no difference, the destruction is so complete. On through Carvin and Seclin we went to Lille, where we had lunch. Lille seemed quite busy and thriving, quite different from the desolate and ruined villages through which we passed. There seem to be 'untapped' thousands of ex-tamians; every other house seems to contain one, especially in the smaller villages.

"On the way back we managed to get lost in Lens and wandered about for about an hour and eventually found the right road out. In our search, we tried in our ignorance to find the direction from some passing points but they had quite recently assayed the village when it was decidedly crimson so that their reply confused us all the more and turned us from the right road back again in the maze of ruined streets. Eventually, however, we made our way out."

PAVING QUESTION IS AGAIN BEFORE THE COMMISSIONERS

Mr. Fisher Presents Next Year's
Programme—Total 50,000
Sq. Yards

THE WEST SIDE BREAK

Commissioner Jones to Bring in
Report — More Facilities for
West Side—Change in Housing
Commission Personnel

The common council at a committee meeting this morning again discussed the paving programme for next year following the receipt of a report on the matter from Commissioner Fisher. Commissioner Jones brought up the question of the break which denied the water supply to the west side and Fairville over the week-end, and a proposal from Mr. C. P. R. for the erection of improved facilities for the handling of winter immigration was also dealt with. The resignation of A. H. Wetmore as member of the St. John Housing Commission was received, and Cyrus F. Inches recommended to fill the vacancy.

Paving. The report of the commissioner of public works on the paving question recommended the following work to receive priority:—Main street to Bentley; also grading of remainder of street preparatory for paving in 1921.

Adelaide Street—Continuation of present paving to Newman Bridge.
City Road—Wall street to Gilbert's Lane.
Haymarket Square—North side.
Marsh Road—One side from Marsh Bridge to Provincial Road.
Prince William Street—Princess to St. James street.
Market Square—South and west sides.
King Street, St. John West—Union to Leinster street.

Total over 50,000 square yards, all payable by bond issue.

Mr. Fisher said the cost would depend on the class of pavement decided upon.

The matter of Brussels street was brought up, and Commissioner Fisher said that he thought those streets referred to in his report should be done before Brussels street, although Brussels street was in line for permanent paving.

Commissioner Jones said that City Road, Brussels street and Douglas avenue had been prepared for pavement with water and sewerage, and he hoped the plan would be done next year.

With regard to Douglas avenue, Commissioner Fisher said the grade at the outer end would be considerably changed, and he was of the opinion that the excavated material from the main street end of the avenue could be used for this filling next year and the paving completed in the following year.

The mayor expressed the opinion that the route from the bridge to the One Mile House should be included in next year's work.

Speaking of street repairs, the commissioner said that he was planning soon for an overdrift soon, and his intention was to keep the expense down as much as possible.

Regarding the Marsh Bridge, Commissioner Fisher said that the bridge was not in condition for paving until considerable repairs were effected. He hoped this work would be done soon.

The mayor said there was some agitation to have King street east boulevard as a soldiers' memorial, but he did not know if it was proposed to have the city pay the cost, or if it was to be done by popular subscription.

West End Facilities.

The C. P. R. applied through Commissioner Bullock to erect a covered passageway from No. 3 shed up to the second floor of No. 4 shed for the more convenient handling of passengers at the west side terminals, and also to erect a heated baggage shed on the site of the old demolished cattle sheds.

Mr. Grant, in writing to the commissioner, said that this became necessary on account of the fact that the immigration regulations were to be stringently enforced this year and would necessitate the increased and improved accommodation. He hoped that these facilities would be completed in time for the arrival of the first steamer, which was due about Nov. 28. Mr. Grant was of the opinion that an agreement between the city dated in 1916 should allow for this work without further permission being asked.

A report from the city engineer said that if the work was carried out as outlined by the P. R. these accommodations would be left open to other steamers using the port.

The mayor said this matter should be dealt with promptly and it was decided to refer the whole question to Commissioner Bullock, the engineer, and city solicitor with power to act.

Water Service.

Commissioner Jones brought up the question of the conditions on the west side and Fairville on Saturday and Sunday. He said the time has come when I think we should consider the laying of another main from Spruce Lake, replacing the old twelve-inch concrete pipe laid nearly sixty years ago. Had a fire occurred yesterday the whole area might have been cleared out and we would never have forgiven ourselves.

Commissioner Fisher said he had been prepared for some time to support the laying of this new main and he hoped Mr. Jones would bring up this matter and have it pushed through to completion.

In reply to Mr. Fisher, Mr. Jones said that there could be no guarantee that another similar accident would not happen at any time as the spongy condition of the soil had caused the pine wedges which fasten the joints together to come out and the leakage resulted. The break occurred on Saturday morning and was reported the same afternoon. Commissioner Jones said he would bring in a report on the whole matter later.

Commissioner Fisher said that A. H. Wetmore had tendered his resignation as a member of the housing commission and he recommended that the resignation be accepted and Cyrus F. Inches be appointed to succeed him.

AT THE HOSPITAL.
Angelo Fior, William Eagles, Ronald Northrup, Charles Robichaud, Joseph Browner and Elder Brittain, who are all victims of accidents recently, are taken to the General Public Hospital for treatment, were reported today to be resting well.

A Special Selling of Women's Night Gowns

At \$2.50 Each

A beautiful assortment of White Nainsook Night Dresses. Soft, sheer quality, short sleeves, V and round necks, beautifully embroidered on yoke with French knots in dainty shades of pale blue, pink and Nile green, in pretty designs.

Like the Background of a Picture

Just as the beauty and appeal of a picture depend upon the background or setting, so does the beauty and appeal of the home depend upon the furniture and rugs selected.

It is very important, particularly at this time, when thought is naturally directed toward putting the home in order for the entertaining season, that consideration be given to this important feature for they contribute in no small degree to the atmosphere.

The service which this store renders in this regard is one of real helpfulness. Our thought is not to merely sell furniture or rugs—but rather to help you to achieve the results you idealize.

The dining room, for instance, should be treated to create the right impression. The living room furniture and floor covering should be in harmony with the general interior scheme. Every factor should be considered and determined on the basis of its relation to every other factor.

The advisory service men of specialized experience assures to you here a satisfaction in results which is scarcely subject to comparison.
