TREASON IN NOVA SCOTIA.—The Halifax Journal has the following:—"The Government has introduced a Bill into the Legislature, we understand, upon this subject, and perhaps not an hour too late.
 We should not be greatly surprised if it were found necessary, ere long, to suspend the Habeas Corpus Act as an accompaniment. Things are coming to a pretty pass when a member of the Legislature ventures to preach sedition, and publish articles daily inviting open-armed resistance to Her Majesty's Government. The effect, it is said, is manifesting itself in one of the Counties among the Militia and Volunteer Organizations."
THE NEUTRALITY LAWS.—The Eastport Sentinel states that Collector Long has received a letter of instructions from the Secretary of the Federal Treasury in relation to the enforcement of the neutrality laws. It reads thus:—
 "You will exercise due vigilance in preventing by all lawful means within the scope of your official duties any infraction of the neutrality laws of the United States, and when you have any doubt as to your authority or official duty, confer with U. S. District Attorney of your Judicial District, and be governed by his advice."
 Very respectfully, H. McCulloch,
 Secretary of the Treasury.

Arrival of Troops.
 H. M. S. DUNCAN, 81 guns, bearing the broad pennant of Admiral Sir James Hope, G. C. B., arrived here, on Wednesday evening last with Major General Hastings Doyle, his staff and 570 men of the 2nd Bn. 17th Foot, a company of the Royal Engineers, and Capt. Newman's battery of Royal Artillery, army stores &c.

On Thursday the troops were landed at Joe's Point, and preceded by the brilliant band of the 17th, playing soul stirring strains, entered the town and marched to the barracks. Goves buildings; the Engineers and Artillery are quartered in the government barracks at Fort Tipperary, where the Artillery have turned out in large numbers to greet the soldiers on their entering the town, and the loud and loyal cheers, gave proof that our people felt safe. As the Regiment passed the Public Square the Volunteer Battalion commanded by Major Simonds were drawn up in line, and presented arms.

A finer body of soldiers than the 17th officers and men—it would be difficult to find, or a more popular officer than their commander, Lt. Col. A. McKinstry, who is every inch a soldier and we learn beloved by his men.

On Saturday through the Col's kindness the Band, led by Serjt. Fitzpatrick performed several pieces in the Market Square, to the great delight of the people who congregated to listen to the music. We can safely assert that the Band is one of the best ever stationed in the Province; their rendering of the Soldiers Chorus, was very sweet, and gave evidence that there were several cultivated voices among their number.

On Sunday last special morning service was held in All Saints Church, at 9 o'clock for the benefit of the troops, who filled the church. At 11 o'clock the other churches were also well filled by the military; a large number of the men of the 17th, Engineers and Artillery attended the Established Church of Scotland.

It affords us much pleasure to state that the soldiers stationed in this garrison Regulars and Volunteers, are of the right stuff, and that their conduct since their arrival has been unexceptionable, it must be a source of pleasure to their respective commanders Lt. Col. McKinstry, Clifford and Westmacott and Lt. Col. Willis to command such men. We learn that the Engineers corps are ordered to Halifax, they and the Artillery are a noble body of men.

Laying the Foundation Stone of the New Church.

On Friday last, His Excellency, the Hon. Arthur Hamilton Gordon, Lieutenant Governor, laid the foundation stone of the New Church just commenced in this place.
 At 9 o'clock, a. m., quite a large and respectable number of persons had assembled, agreeably interspersed with the red-coated Volunteers of Fredericton and this place. On the arrival of His Excellency, a very appropriate service was read by Rev. W. Q. Ketchum, Rector, assisted by Rev. Randall E. Smith. The Church Warden and Vestry were present on the platform. The Choir, also aided materially in the pleasing ceremony, by singing a hymn and the doxology.

In a small excavation, in the stone upon which the foundation stone rested, was placed a bottle containing a parchment with an account of the laying of the stone, the names of His Excellency, Lord Bishop, Clergy and Vestry, together with some current coin, and the last "Standard."

When the stone was let down on its proper resting place, His Excellency, taking the trowel and plummet, and laying some plaster on the stone, repeated the following words:—

"In the name of the Father, and of the Son, and of the Holy Ghost, I lay this corner stone as the foundation of an edifice to be erected for a house of prayer, to be dedicated to the worship of Almighty God, according to the canons, liturgy and usages of the Church of England. Amen."

His Excellency then addressed the assembly in substance as follows:—

"We are assembled here to-day to lay the foundation of a New Church. We do so at a very appropriate time, when we have just been relieved from alarm and anxiety, arising from the fear of a raid or invasion by evil-designing men. It is fitting, then, at this time, to dedicate to the God of peace, this temple, as a thank-offering for His protection. I hope that many will be glad to seize the opportunity of showing their gratitude to Almighty God, by contributing largely to this church."

We do not pretend to give His Excellency's exact words, but we felt, at the time, that they were very appropriate, and delivered with feeling.

The people met together, of all denominations, seemed to enter into the spirit of the prayers and praises of this solemn and interesting ceremony.

The Choir having sung "Praise God &c" the Rector concluded the service with the benediction.

GEN. DOYLE reviewed the Volunteer Battalion on Friday last, and complimented them upon their soldierly appearance and proficiency in drill. He dealt some hard blows upon the "blackguard Fenians," and added, that he "had brought a few boys down there (pointing to the Barracks) who would give the Fenians two pence worth of powder,—that all those F. B's. wanted, was, "to take our gold and our money out of our families." The General was vigorously cheered by the Volunteers and civilians.

DINNER TO THE VOLUNTEERS.—The inhabitants of this Town as a mark of their appreciation of the services of the York Volunteers, invited them to a public dinner in the Town Hall, on Monday evening last. The tables were tastefully arranged and the hall hung round with flags. A blessing was asked by the Rev. W. Q. Ketchum, and the large party including some guests, partook of an excellent dinner; Mr. Campbell acted as chairman, and the Sheriff as Vice-chairman. After the removal of the cloth the following toasts were given from the chair:—

The Queen. The Prince of Wales and the Royal Family. The Army and Navy responded by Lt. Col. Willis. The York Volunteers, acknowledged by Major Simonds, the Vice-chairman referred to the conduct of Major Simonds and his men in the present emergency, as according with the motto on the poop of the Flagship Duncan—"deeds not words." From the Vice-chair. The Governor General of British North America. The Lt. Governor and Commander in Chief. The Hon. Mr. Gordon and the fair daughters of New Brunswick. Major General Hastings Doyle, and staff of the Army in New Brunswick. Vice Admiral Sir James Hope. Col. McKinstry and 17th Regt. Col. Clifford and Royal Artillery. Col. Westmacott and Royal Engineers. Col. Anderson and Lt. Col. Willis in proposing this toast the Vice-chairman paid a very appropriate and well merited tribute to the energetic, faithful, and able manner in which the two last gentlemen had performed the difficult duties confided to them, stating that for the protection we now enjoyed, by which the company were enabled to assemble around the festive board in that room, where a few weeks ago nothing was seen but bristling bayonets and preparations for defence of the fortress, for the presence of the York Volunteers, the General and staff, the 17th Regt., the Royal Artillery and Engineers, and the ships of War now lying off the harbor—the community were indebted to the perseverance and unwavering efforts of both those gentlemen to put the place in a proper position of defence. Want of space prevents our giving even a

synopsis of the speeches of the Rev. Mr. Ketchum, Major Simonds, and in reply to the volunteers toasts. Lt. Col. Willis' speech was neat, pertinent, modest and exceedingly well conceived. The Committee were solicitous to make the evening pass off agreeably, and they succeeded admirably.

We are happy to state that the "Union Jack" was raised yesterday on the Flagstaff at the Fort, the troops presented arms to it, and sung with spirit "Rule Britannia." Many loyal hearts in town will rejoice to see "the good old flag" floating once more at the Fort. Long may it wave over a free, happy, and contented people.

The Hon. Peter Mitchell, addressed an immense audience at the Mechanics' Institute on Monday Evening last, defending the Governor and himself, and discussed constitutional topics; the papers state that he was loudly cheered.

The Hon. Mr. Tilley followed and made a most effective speech. The Telegraph says, the meeting was an "Enthusiastic endorsement of the New Government."

ATTACK BY FENIANS.—Two of Simonds men attempted to cross the Bridge to St. Stephen on Monday night, but were prevented by the St. Stephen Guard; after some words they retreated, fired a revolver, and ran back towards Calais, but were arrested by the U. S. guard, and placed in custody. The authorities at Calais have offered to surrender them, and it is reported they are to be brought here for trial.

It is with much pleasure we publish in another column, the well merited complimentary Resolutions to Col. Anderson and Lt. Col. Willis, passed by the Justices at the April General Sessions.

IMPOSITION.—Complaints are made of the exorbitant prices asked for the common necessities of life purchased by the troops; one of the soldiers was charged 20 cents for half dozen eggs!

VANDALISM.—We deeply regret to state that some evil disposed and wicked person, the other night removed the foundation stone, for the apparent purpose of plunder, as the only articles taken from the bottle in which they were deposited, were some current coin amounting to thirty cents; we are happy to state that no resident of the town is suspected; as some clue to the perpetrator of the diabolical deed has been obtained.

H. M. S. Duncan, flag ship, left this morning for Halifax.

His Excellency the Lieutenant Governor left for Fredericton this morning. (Globe.)

The barn of Mr. Short, on the Nerepis Road, was entered last night and his mare stolen.

A Washington despatch says Mr. Seward sent stringent instructions to Mr. Motley, our Vienna Minister, in reference to the project of sending Austrian troops to the aid of Maximilian, and a strong protest against such action will be made.

Rio Grande advices of the 15th state that General Mejia has returned to Matamoros, leaving a portion of his forces with Gen. Jeanninos, who charged them with operations against the Liberals. In his return, Mejia fell into an ambush, during the night, commanded by Canales and Cortinas, which he penetrated, leaving six killed and several wounded. Liberal loss unknown. Mejia brought into Matamoros 200 wagons containing \$500,000 in coin.

At Edinburgh, on the 21st ult., by the Rev. Sir Henry Wellwood Moncreiff, Bart., Captain James Cumming Clarke, 76th Regiment, son of Lieutenant-General Joseph Clarke, Colonel 76th Regiment, to Isabella Fraser, eldest daughter of the late James Fraser, Esq., Captain 78th Highlanders, of Ballindoun, Inverness-shire.

Obituary.

Departed this life on 16th instant, CHRISTINA, wife of J. G. LORIMER, Editor and Proprietor, Charlotte Advocate, aged 44 years. Deceased lived in exemplary life, and died triumphant; having the blessed assurance of everlasting rest in HEAVEN.

During a protracted illness of the lungs for eight months—the latter four months confined to her bed, no fretful words escaped her lips. Her remains, at her request, were conveyed to the Episcopal Church Yard in Penfield Parish, and there interred by the side of her departed father, Wednesday, 18th inst.

Rev. Mr. McGivern Rector of St. George, attended, and announced to a large audience in the Church, from the Pulpit, that, next Sabbath, he would preach a sermon at 3 o'clock P. M. in connection with the Christian life and happy death of the deceased.

A husband and son are left to mourn their bereavement, in the removal from them, of a most affectionate Consort and tender loving Mother; whose mortal remains now sleepeth in quiet repose, while her ransomed spirit helps to swell loud anthems of praise to God and the Lamb.

The dear departed was perfectly conscious to the last moment of her existence, and called

her husband by name but a few minutes previous to death sealing her lips. She frequently exclaimed—"Glory to God, I am going home to heaven." And, she has gone! The trumpet of the Archangel will reanimate her sleeping dust and then Forever, soul and body reunited, she will again exclaim—"Glory to God!"
