REGARDING FISHERIES

Text of Correspondence Between Foreign Office and United States Ambassador Reid.

Washington, Oct. 21.-The American Washington, Oct. 21.—The American the Catholic associations in France to state department has just made public the text of the modus vivendi relative ed, a modus vivendi between the church Denver, Colo., Cet. 23.—Cheyenne, the text of the modus tivendi relative and the government is possible, and the storm which has continued three days has already been dealt with in ab- ary action in the circumstances. without interruption is raging with in-creased force accompanied by a heavy fall of snow. The Union Pacific rail-New foundland have expressed a deway is trying to keep its line open with sire to see in its entirety before the snow ploughs, and passenger trains are cabinet of the island colony decides upon a line of action.

The modus vivendi, instead of taking the form of a treaty, is embodied in correspondence between the British foreign office and the American ambas-

Reid, the American ambassador, addressed a note to the British foreign office to the effect that he was author ized by his government to ratify a modus vivendi in regard to the Newfoundland fishery questions on the basis of the foreign office memorandum dated September 15th, in which the for-BY WRITTEN CONTRACTS eign office accepted the arrangement set out in Mr. Reid's memorandum of September 15th, asking consent to the use of purse seine by American fisher men during the ensuing season, subject to due regard being paid in the use of such implements to other modes of fishing. Ambassador Reid said that the United States understood by this that the use of purse seines by American fishermen was not to be interfered with, and that the shipment of New- meeting, it being lost on a tie vote. foundlanders by American fishermen outside the three-mile limit was neither to be subject to interference nor penalized. But at the same time the British government was assured that should they would be made far enough from the exact three-mile limit to avoid any

reasonable doubt. was informed that either the unions by our government and would agree,

not to fish on Sunday." It was further understood that the British government would not bring into force the Newfoundland foreign fishing vessels act of 1906, which imposes on American fishing vessels certain restrictions in addition to those imposed by the act of 1905. American fishermen, Mr. Reid said, would gladly pay light dues if they were not deprived of their rights to fish; and were not unwilling to comply with the provisions of the colonial customs law as to present shape. reporting at a customs house when physically possible to do so.

Mr. Reid concluded by saying that the American government was anxious that the provisions of the modus vivendi should be made effective at the earliest possible moment, and he would be glad to be assured by the British merits and demerits of the by-law as foreign office that the note would be considered sufficient ratification of the nodus vivendi on the part of the Am-

The British foreign office replied to of Mr. Reid's communication.

Third Reading of a By-Law to Pro-

The municipal council of Saanich met at the office on Glanford avenue on Saturday evening with all members business a by-law was read a third ime forbidding the discharge of firearins on any public highway in the municipality. The by-law is as fol-lows: "No person shall discharge any cannon, gun, rifle, revolver, pistol, fowling piece or any firearm upon, in on or within sixty feet of any public highway within the limits of the municipality of the district of Saan-The penalty for any infraction of the by-law will be for every offence
