### Great Female Medicine.

Females who value health should never be without these Pills. It has been admitted by a number of physicians that females cannot too highly value them. They have given health and spirits to hundreds of females who without them would have been in their graves. They purify the blood and remove obstructions and give the skin a beautiful, clear and healthy appearance. A box of these Pills is a great medical companion at certain periods.

From one to three should be taken every day until relief is obtained. A few doses occasionally, when well, will keep the system in a healthy condition.

### The Bowels and their Functions.

As perfect health is the greatest blessing that we can enjoy, without which all other blessings are of little consequence, we deem it of great importance to point out the way for you to enjoy it. The bowels must be kept in a state by which they are enabled to carry off the useless matter. They are the main

This cut is taken from a photograph of George Tompkins, who resides in Brockville, is a well known and successful contractor, having within the past few years undertaken, and successfully completed some very important works along the line of the C.P.R. as far west as British Columbia. We publish by permission his letter.

W. H. Comstock, Esq.

Dear Sir,—Some five or six years ago I suffered from a disordered stomach and liver, my blood became impure and I was a "complete wreck." Not being able to attend to my business more than one-half a day in a month, when I was as bad as I thought I could be and live, to make matters worse I was afflicted with blind piles. By this time both myself and family "after trying the best medical skill that our town afforded," had about given up all hopes of my recovery. This being the case and having heard your *Morse's Indian Root Pills* spoken very highly of, I thought that certainly by taking them I could hardly make matters worse and they might do me some good. Well! I purchased a box and commenced taking them as directed. Much to my surprise after taking them about a week, I felt decidedly improved and thus encouraged I continued to take them until I was completely cured and am to-day able to look after my business as closely as I was 20 years ago. I cannot recommend your Pills too highly to all those who are suffering from the same troubles as I did. I assure you that in going away from home I would as soon think of starting without my R. R. ticket as without my box of *Morse's Indian Root Pills*.

Yours Truly,

GEORGE TOMPKINS.
