SHOCKING DEATH OF SACKVILLE MAN

Abe Carter Struck by Train and Instantly Killed

Companion Left Him a Few Minutes Before and Circumstances are Somewhat Mysterious.

SACKVILLE, N. B., Sept. 7.—Abe Carter, aged about 23, was killed on the I. C. R. track here last night by being struck by an east bound train. It is not known just how the accident occurred as Carter was alone at the time. The deceased returned from Moncton on a special train which reached here about one o'clock, and then left the station with a companion to walk to the home of his parents, Mr. and Mrs. Bradford Carter, at Frosty Hollow, a couple of miles from Sackville. His companion left him about one hundred yards from where the body was found and just what happened subsequently is not clear. This morning a boy named Sherman Hicks found the body near the track and notified others. The remains were identified by those of Carter and brought to the station here. Apparently Carter had stepped from the track at the approach of the train but had not stepped far enough off and had been struck by steam heat of the engine. The side of his face was smashed in and probably his skull was fractured. The body had been pitched from the track and was somewhat bruised. Death was probably instantaneous.

COMMON COUNCIL WILL HAVE A BUSY SESSION

Reports Likely to Lead to Lively Discussions—Interesting Communications Will be Presented.

Several matters of importance will be dealt with by the Common Council at the monthly session tomorrow. The meeting promises to be a lively one as there is considerable difference of opinion among the city fathers. The Water and Sewerage Board will recommend the appointment of an assistant engineer. While a number of the aldermen favor the appointment, others have taken a strong attitude against the selection of an assistant.

There promises to be much opposition to the recommendation from the ferry committee that the fares on the ferry be advanced. Ald. Potts is chiefly instrumental in asking for the increase, but it is improbable that his action will be confirmed by the council. It is proposed to increase the single fare from ten to fifteen cents and issue books of fifty tickets for forty cents, and twenty-five for twenty-five cents.

Ald. Baxter is introducing a resolution asking for the issue of debentures to the amount of \$500 to pay for the cat iron purchased for the water main of which notice was given.

J. K. Scamnell, C. E., of the Public Works Department is sending a letter regarding the conservation of the fishing privileges next year.

The secretary of No. 1 Salvage Corps asks for the appointment of Hector Little as a member of the corps.

Harvey Ring sends a communication to the council offering to purchase No. 8 engine house.

The matter of granting a sum of money to the widow of Mr. Hurd Peters, C. E., in recognition of the services rendered by her husband will also come before the council. There is a feeling that the salary of the deceased might be continued for a term of three months or thereabouts.

A communication has been received from John Russell, Jr., complaining that the Telegraph and Times are not receiving any of the city's patronage in advertising or other lines.

The report of the claims committee will also be received. The report deals with a claim by James Earle, in reference to injuries which he claims to have received on King street. After having the report of the engineer the committee have decided against the claim and recommend the communication be filed. Other matters of minor importance will be dealt with by the council.

WILL CONFER DEGREES

A fraternal visit will be made this evening by York No. 3 L. O. L. to Vernon No. 1 in the Orange Hall. The orange, purple and blue degrees will be conferred during the evening. Address of interest is being shown in the conferring of the two first degrees. Several years ago these degrees were abolished from the order, but lately they have been restored. The degrees will be conferred tonight for the first time since the abolishment.

JAMES GORMAN DIED TODAY AND HIS ASSAILANT FACES CHARGE OF MURDER

TRUE BILL AGAINST C. BRUCE McDOUGALL

All Four Counts Confirmed by Grand Jury

Case Adjourned Until Tomorrow—The Only Criminal Case—Heavy Civil Docket. (The Circuit Court opened this morning at eleven o'clock at the Court House. His Honor Mr. Justice White presided. The case of the King vs. C. Bruce McDougall was presented to the grand jury and a true bill was returned on all four counts. The case will be commenced tomorrow morning at ten o'clock to allow time for the defence to file their plea of justification. This was the only criminal case. The civil docket is exceptionally heavy. The following comprise the grand jury: R. Kelle Jones (Clerk), R. H. G. Haley, Douglas MacArthur, Giddon Hovey, Chas. S. Everett (absent), George M. Murphy, Chas. S. Phillips (absent), Charles K. Cameron, John H. Bond, John Spaine, John T. McEwan, Charles H. Gibbon, Joshua Ward (absent), Thomas Gorman, Robert M. Magee, William A. Munro, Geo. H. McLaughlin, John Russell, Jr., Robert J. Armstrong, Adam J. Charlton, B. R. Macaulay (absent), Robert T. Worcester, Samuel C. Drury (absent), and James Patterson. The following are the petit jury—J. Sidney Kaye (absent), Eustace Barnes (excused), Henry F. Liddell, Benjamin J. Dowling, Thomas H. Linton (absent), H. Beverley Robinson (absent), Kendall Hall, Chas. W. Burley, Arthur F. Thomas, Alfred L. Dodge (absent), Walter B. Campbell, G. Wilford Campbell, Frederick H. Tippett, C. Dickson Trueman, Edward L. R. H. Jones (absent), John R. Vaughan (excused), Fred C. McNeil, J. L. Thorne, J. E. Jones (absent), and Frank J. Lively (absent). His Honor in his charge to the grand jury referred to the sacrifice made by those jurors present in attending and thanked them for it. However, His Honor intimated that he would instruct the absentees unless a satisfactory reason for their absence was furnished before the court adjourned. The grand jury then took up the case of the King vs. C. Bruce McDougall. The accused in this case is charged with poisoning four defamatory libels in Free Speech. His Honor said that was a case of rare occurrence in this province. He is of Irish descent and his honor briefly summed up the present case and thought that under the circumstances a true bill should be returned against the prisoner. But if the jury found that the accused published these alleged libellous paragraphs "knowingly" they were to indict him under the first count. If, however, they came to the conclusion that he had no knowledge that the paragraphs were false they were to indict him under the second count. The jury were to consider, first, "Were the statements made defamatory?" Second, "Were they published?" Third, "Did they know they were false?" If so find a true bill on all four counts. The accused will be arraigned tomorrow morning at ten o'clock.

JAMES GORMAN DIED TODAY AND HIS ASSAILANT FACES CHARGE OF MURDER

Samuel Colle, the Italian Prisoner Will Come Up for Preliminary Hearing on Friday—Death of Victim Unexpected

ANDOVER, N. B., Sept. 7.—James Gorman died at 10 o'clock this morning as the result of bullet wounds inflicted on him on Sunday, August 29th, at H. R. McDonald's camp on the Tobique by Samuel Colle. This adds another to the already long list of victims of the Italian assassin in this province. Since the shooting occurred Gorman's condition has been anxiously watched, and at times hope have been held out for his recovery. However, in spite of all that could be done by the doctors attending him, he suffered a relapse and expired at 10 o'clock this morning. The shooting took place in a crowded assembly where the men were gathered together to spend Sunday. There was much drinking, and as the result of the liquor inflamed passions aroused, a fight broke out in which Gorman received his fatal wounds. He was shortly afterwards apprehended and did not deny the shooting; he, however, claimed that it was done in self defence. Gorman has been attended at the camp by Drs. Coffin and Taylor, who have rendered him every assistance in their power. Three days after the shooting took place Dr. Puddington was here and declared it was to labor organizations that credit for the progress of the country was due.

ALL RECORDS BROKEN AT TORONTO EXHIBITION.

Bereford Off to Visit Northern Ontario—1200 Delegates Attend Big Convention.

TORONTO, Sept. 7.—Alfred Henry Marsh, K. C., a member of the law firm of Marsh & Cameron, and one of the most widely known barristers in the province, died of heart failure last evening while swimming in the lake at Centre Island, about a hundred yards from his summer residence. Mr. Marsh, who had practiced his profession for some forty years, was in his fifty-ninth year. He was at one time in partnership with the late Sir John A. Macdonald.

TORONTO, Sept. 7.—The attendance at the Canadian National Exhibition yesterday broke all records, fully one hundred and fifty thousand persons taking advantage of the labor holiday of the day and declared it was to labor organizations that credit for the progress of the country was due.

TORONTO, Sept. 7.—A special Grand Trunk train of ten coaches, conveying members of the Ontario Legislature, newspapermen and Lord Charles Bereford to New Ontario, left here last night. All points on Temiskaming and the Ontario Railway will be visited by the party, which comprises 120 persons.

TORONTO, Sept. 7.—The annual chapter general of the Knights of St. John and Malis was opened here yesterday with 120 delegates in attendance of whom thirty-eight are from Canadian chapters. Two questions of importance to come before the convention, old age pensions, and the establishment of a home for indigent members of the order.

POLICE COURT

Magistrate Ritchie was lenient with some of the unfortunates who were before him this morning.

Cornelius Shea, a tea-staining man, was before the court for being drunk. His lodging mistress appeared in court and pleaded for the prisoner, saying that Shea was a good man and when he took the pledge he always kept it.

Shea would not promise the court to take the pledge today, but on his giving his word that he would take the pledge tomorrow he was allowed to go on suspended sentence.

Fred Coleman was charged by Frank Curran with assault and using obscene language in the C. E. R. depot on Saturday. He said it was only an accident that he struck Mr. Curran on the eye. Mr. Curran's story was different, however, and he presented a black eye as proof. The Hampton man was fined \$25 or three months in jail with hard labor.

Conner Chase, a Sackville boy, ran away from his home with the Norris and Rowe circus. He got disgusted with his position and left the show at McAdam. The young tramp arrived in St. John on Monday night and was locked up. This morning he was given a chance to get out of the city.

Thomas Willison, a one-armed beggar, was charged with vagrancy in the West End. He said he was sorry and wanted to go to his old home in Fredericton. The magistrate told him he was liable to nine months in jail with hard labor, and then told the prisoner to get out of the city, as his class of society was not wanted here.

Two youngsters, Raymond McLeod and Walter McKenna, two boys who had been in jail since Saturday morning on the charge of stealing a small express wagon, were before the court. It developed that McLeod has been working in a mill, assisting his widowed mother to provide for the family. The magistrate told the boy's sister that he should be sent to school for at least another year, and on the promise that he would attend school, heavily he was allowed to go on a suspended sentence of four years. McKenna was also allowed to go on a suspended sentence, providing he attends school regularly.

John McGloah, who has been in jail for 17 days on the charge of being drunk and fighting, pleaded hard to be allowed to leave the city, as he had been in jail since Saturday morning. He was allowed to go on a suspended sentence of 30 days, and is to get out of the city this morning.

Michael Mahoney, a drunk, said he had a job to go to in Peregue and was allowed to go on suspended sentence.

Miss Belle Andrus will leave on the steamer Calvin Austin this evening for Boston en route to New York, where she will resume her singing engagements.

RESCUE FORTY ON STRANDED SLOOP

Life Savers Take Passengers Off the Chalfonte

Terrified Women and Children Pray for Aid as Waves Dash Over Helpless Craft—Crew Makes Four Trips.

ATLANTIC CITY, N. J., Sept. 7.—Driven on the bar on Sunday night by the swift current which sweeps through the inlet, forty passengers aboard the Chalfonte, a sloop, prayed and wept in their terror of the craft, sinking under them before help from shore, a mile distant, could reach them. The breakers swept the craft repeatedly from stem to stern, causing her to settle and heel over. Men, women and children were drenched with every onslaught of the waves. A horn sounded by the captain drew the attention of the government life saving crew, which flared a blue light, a signal that caused a wave of joy among the passengers when it was interpreted as meaning that they were on their way to rescue them. The men, when they saw help was near, became calmer and helped the women and children over the side into the lifeboat.

One woman, with a three year old child clinging to her, was first put in the lifeboat. They were quickly followed by others. Four trips were made before the last passenger was landed on the beach in front of the Royal Balcon Hotel. A thousand persons had gathered on the strand and were thrilled as they watched the life guards driving through a heavy fog their big boat loaded with the rescued passengers, most of whom were in a state of hysteria from fright.

Among those who were landed and were hugged by friends on shore were Edward Loughlan, William Maloney, William Webber and Oscar Brophy, a chemist of Philadelphia.

Mr. Brophy, who is at the Hotel Stanley, said that the cause of the mishap which threatened the lives of all on board was the breaking of a rib. The captain dropped an anchor to make repairs, but the swift current caused the anchor to drag, and the Chalfonte plunged on the bar.

The lifeboat was making its last trip the crew ran across a yawl with four men, helpless because of a broken carlock and drifting into the breakers not far from where the Chalfonte was stranded. They were picked up and landed on the pier.

Henry Keans, twenty-two years old, of Doylestown, Pa., was drowned in the surf at the foot of George's avenue late this afternoon. Keans was caught in an off shore current and sank before life guards could reach him.
