The man took the girl in his carriage and putting his horse on the gallop drove to the place on the road opposite to that indicated. He then started across the plain, and about 75 yards from the road saw Ethel Train coming. She was crying and appeared in a totally exhausted condition. The man was nowhere in sight. She said he had run into the woods. The man then took the girls back to the road, and hailing a bus had them driven to the north end police station. He also instructed the driver, Fred. Word was at once sent to Mr. Train, who came over and drove both girls home. This was about six o'clock. The outrage was committed shortly after four o'clock.

All this time the little Train girl was crying and was in a very nervous condition. Dr. Corbett treated her.

The offices of the captain of the port and of the Italian General Navigation Company, to which the Sirio belonged. Company, to which the Sirio belonged, were so besieged today by agonized throngs seeking information that the police were compelled to establish barriers to hold back crowds, some of whom assumed a threatening aspect, declaring that facts were being withheld.

The Sirio had seen 23 years of service, but she was considered to be seaworthy. Her captain, Guisseppe Parade, was a native of Genoa and a vet-

ROME, Aug. 6.-The Italian Navigation Company, owners of the wreck-ed steamer Sirio, received a despatch last night purporting to come from the captain, reserving his report of the de-tails of the wreck, but saying that the crew were safe. This raises the possi-bility that the captain was rescued.

SPRINGFIELD, Mo., Aug. 5.—In the streets of Chadwick, Mo., Charles Freeman, a merchant, and Robert Keene, 18-years-old, today shot each other to death with revolvers. A suit was recently brought by Freeman, charging Keene with assaulting Freeman's daughter. When the men met on the street today both drew their revolvers and fired. Freeman was shot in the forehead and in the left breast. Keene was shot three times in the heart. Both men were dead when the spectators reached them.

Scores Prostrated—Terrible Heat Wave Sweeps Over Atlantic Coast -Boston Suffered Greatly Yesterday - Slight Drop Brought

NEW YORK, Aug. 6.—Upwards of twenty persons died in this city today as a result of the heat. There were scores of prostrations and the suffering among the poor was intense. Tonight conditions are somewhat better, but thousands of persons had fled from the city, driven away by the excessive humidity and a temperature which the government thermometer showed to be the record for 1906. The weather bureau mercury shot up to 93 for its highest point this afternoon, but it was much hotter on street levels, some thermometers showing 102.

The deaths today recorded up to nine o'clock in Greater New York were: Ellen Smith, Michael Higgins, Virginia Turner, Mary Yusko, Joseph Bradabon (Infant), Carrie Little, Lizzie Diller, Frank Holden, Bernard Albrecht, Mary Barr (infant), Ellen Mayne (infant), Bethel White (infant), three unidentified men.

Hart Wenzel of Brooklyn fell senseless from the heat, fatally fracturing his skull, and Annie Bragg killed herself because of illness and despondency due to the heat.

The heat was tempered somewhat late tonight by a southwest breeze. The thermometer at midnight stood at less than 80 degrees. The average temperature today was 84 degrees against 70 for the corresponding day last year. BOSTON, Aug. 6—More than a score of persons in Boston and vicinity were prostrated today by the hot wave which made its appearance in the Eastern States Sunday. One fatality, the result of the heat, was reported. CHARLESTON, N. Neace and John Gillespie and Jack Dillingham, supposed to be the principals in that crime, were the sections of mob vengeance. The remaining negroes, Henry Lee, George Ervin and Bella Dillingham were not molested, and later tonight officers took them to Greensboro.

The mob began gathering at sundown. Mayor Boyden promptly ordered the saloons closed, and with other prominent citzens, U. S. Senator Overman and Solicitor Hammes gathered on the jail steps and addressed the crowd, which at that time numbered 2000.

ST. PETERSBURG, Aug. 7, 3.30 a. m.—In the light of yesterday's developments the general strike may almost be regarded as a fiasco. The summons to go out has met some responses in Moscow, where the printers and the street car men and part of the employee of the gas, water and electric light plants have quit work, but these are more than offset by the defections in St. Petersburg. fected.

Fifteen thousand employes of the government powder mills struck yesterday, but this was counterbalanced by the return of the men to the Westinghouse and other factories who have notified their superintendents that they would begin work today.

It transpired that the printers of St. Petersburg instead of abandoning the strike entirely have decided to print only one Liberal newspaper a day. This, however, really plays into the hands of the government, as the Novoe Vremya and the Svet, the two Conservative journals, are wealthy enough to deny the union and resume publication tomorrow in unabridged form. The compositors of the Official Messenger joined the strikers yesterday, but they were at once replaced by military printers.

Except for the dispersal of several minor gatherings by Cossacks who used their whips and mounted police, St. Petersburg yesterday was almost quieter than in ordinary times.

The prefect of police issued a long proclamation which was circulated among the lower classes explaining the government's reasons for the dispersal of the lower house of parliament. This act, it is declared, does not signify the suppression of representative institutions, but is intended to

Town Council Meeting Broke up in Dis- Delegation from Locomotive Brotherhood order After the Mayor's Refusal to Put a Motion

WOODSTOCK, Aug. 6.—A lively and exciting meeting of the Woodstock town council took place tonight and ended in disorder after the arbitrary. town council took place tonight and tended in disorder after the arbitrary refusal of the mayor to put a motion presented by one of the councillors. The trouble developed over the action of the water committee in deciding a few days ago, without consulting the rest of the council, to call for tenders from the rival electric companies here for power to pump the town's water and light the streets. The tendering conditions were drawn by the mayor so as to call for bids on the basis of so much per kilowatt of power. A number of the councillors felt aggrieved at this action, and at the meeting tonight Gouncillor Leighton moved that tenders be called for on a flat scale basis. He argued that the town knows now what the work costs when done by steam power, and that only by a flat rate tender on the part of the electric companies could a comparison be-made. This motion was seconded by Councillor Henderson and would undoubtedly have been carried by a large majority. But the mayor took the matter into his own hands and refused to put the motion before the meeting.

After a stogrny session the meeting adjourned to meet again Friday, when the motion will undoubtedly be presented again. Meanwhife the town is greatly excited over the matter and interesting developments are expected.
