MAYOR GAYNOR IN A SERIOUS STATE

Reports Are That His Condition is Much More Serious Than Officially Reported.

Gallagher Decides That His Defence Will be Based on Ground of Hereditary Insanity.

New York, N. Y., Aug. 11.—The following bulletin on Mayor Gaynor's condition was issued at 10.30 tonight by his physicians: "Mayor Gaynor has had a comfortable day and has taken sufficient nourishment. He is cheerful, strong and is now resting quietly. The complete radiographic examination by Dr. C. Caldwell shows definitely that the bullet is lodged in the vault of the pharynx, easily accessible; but it is not considered wise to attempt to remove it at present. The blood examination is also satisfactory."

New York, Aug. 11.—Mayor Wm. J. Gaynor, may be making satisfactory progress, as his attending physicians persistently maintained today and tonight, but there is an undercurrent of doubtful anxiety tonight that runs contrary to the official bulletins.

His surgeons say that he had a satisfactory day, that he is cheerful and stronger and was resting quietly, more than holding his own against the pistol shot wound inflicted on Tuesday by James J. Gallagher. As opposed to this attitude of optimism, those who read the 10.30 bulletin thoughtfully noted reference to "complete radiographic" examination, indicating that it was necessary to take a second set of negatives in order accurately to find the position of the bullet. That an additional set of negatives was taken has been reported heretofore but the rumor lacked confirmation.

Nothing is said in the bulletin of the "split bullet" mentioned as indicated in the first pictures; instead the lead is now said to be lodged in the roof of the mouth. Whether the other shadow as indicated in the first picture is a splinter of bone, none of the physicians would say. A sample of the patient's blood was examined carefully this evening and pronounced satisfactory, the relation of the white and red blood corpuscles having been found so near normal as to cause no alarm. Although rumors are afloat that his physicians are in disagreement, Robert Adamson, his secretary and E. J. Lederle, health commissioner of New York, gave out a statement discrediting the reports of friction among the medical advisers. The statement does not deny the report specifically, but by implication, as follows: Continued on Page Five.

HAS GYRNEY COMPANY BOUGHT PENDER PLANT?

Report That Big Local Industry Has Been Purchased By Dominion Iron & Steel Company—Mr. Pender in Sydney.

Special to The Standard. Sydney, Aug. 11.—It is generally believed here that the Dominion Iron and Steel Company has purchased the Pender Nail Works in St. John. The report received confirmation on the arrival here of James Pender, the owner of the latter concern, who is accompanied by his brother, John Pender, of Melbourne, Australia.

Mr. Pender was at the steel works this morning with J. F. McNaughton, of Montreal, sales agent of the Dominion Iron and Steel Company. The scheme to purchase is part of the Dominion Iron and Steel Company fight against the new Upper Canadian steel combine, which has declared its intention of cutting into the local firm's business. The idea is to manufacture nails in the Maritime Provinces and ship right through to western Ontario by cutting down the company's steamers so that they can get through the locks between Montreal and the lakes.

HON. A. B. AYLESWORTH WILL TOUR EUROPE

Special to The Standard. Ottawa, Aug. 11.—Argument in the fisheries dispute before the Hague tribunal is expected to be concluded tomorrow and Hon. A. B. Aylesworth and Mrs. Aylesworth will probably proceed upon a holiday trip on the continent. The minister of justice will return to the Hague on October 5 to hear judgment delivered in the case. It is not unlikely that as usual some further argument will follow.

CANADA AND STATES MAY ACT AS ONE

New Treaty And International Tribunal To Regulate And Control Through Railway Traffic Is Suggested.

New York, Aug. 11.—The suggestion of a new treaty between the United States and Canada, and the establishment of a joint tribunal in the nature of an international traffic commission as the means of effective control of through railroad traffic between the two countries, was made at a conference here today between Martin A. Knapp, chairman of the Interstate Commerce Commission and J. P. Mabee, chief of the railway commission of Canada. The meeting was preliminary to further conferences at which it is hoped to outline plans for full control of such traffic. Any agreement reached will be submitted to the two commissions and reports will also be made to their respective governments. No statement was made as to the result of the conference, except that it was satisfactory to both parties.

The possibilities of regulating traffic under pending laws, or new concurrent laws, and enforcing the statutes through separate administrative and judicial authorities in both countries, was also discussed as an alternative to negotiating a treaty and forming an international tribunal. Another topic considered was bringing express, telephone and telegraph companies under similar control.

FIRE IN CANADIAN IRON COMPANY PLANT

Aided By Rain Men Succeeded In Confining Blaze To Machine Shop But Whole Plant Was In Danger.

Special to The Standard. Halifax, N. S., Aug. 11.—The great plant of the Canadian Iron Corporation at Londonderry came dangerously near being wiped out by flames tonight by a fire that destroyed the machine shop. The fire broke out during the evening and about an hour after they left the shop, flames were discovered. The building was a wooden one and the flames spread with great rapidity and the employees continued their efforts in an endeavor to save the foundry, and pattern shop, and the remainder of the plant. The heavy rain aided the workers and the machine shop was the only building destroyed.

GEORGE W. HOBEN SUFFERS A SEVERE PARALYTIC STROKE

Brought To The City From Harvey In Helpless Condition And Now In Hospital Seriously Ill.

Lying on a stretcher, stricken with paralysis, and unable to move hand or foot, George W. Hoben the well known Main street druggist, was brought to the city on the Boston train last night from Harvey and taken to the general public hospital. About two weeks ago he left the city to spend a few weeks vacation in the country. He was apparently in good health then, although he sometimes complained of not feeling just right. About four days ago he became ill at Harvey where he was fishing and gradually grew worse until yesterday when he suddenly lost the use of his arms and legs. Although completely powerless he suffers no pain.

He was attended by the doctors at Harvey who advised his immediate removal to the hospital here. Upon arriving here last night, he was met at the station by friends and in the ambulance was conveyed to the General Public Hospital. He was found yesterday when he suddenly lost the use of his arms and legs. Although completely powerless he suffers no pain.

A Fine Trip to the Bermuda Islands and New York for Nine Popular Young Women

Tour in West Indies for Successful Competitors and Chaperon in St. John's Big Voting Contest--Details of the Standard's and New Star's Great Offer

A unique offer, fraught with much interest and possibility for delight to the residents of St. John and the surrounding country, is announced today by The Standard and New Star. It involves sending nine representative young ladies and chaperone, ten in all, on a personally conducted tour, combining pleasure with education, to the Bermuda Islands and New York city.

No better itinerary could possibly have been selected than the one arranged for the party of ten which will make the trip as guests of The Standard and New Star.

On another page will be given an outline of the extraordinary opportunity that is offered those who desire to enter the contest.

The only rules surrounding the enterprise are made with the sole object of guarding the interests of each candidate alike, and of making the contest as fair for one as for another.

SIMPLE RULES.

These rules are given in detail in the full-page announcement appearing elsewhere in this issue, and a careful reading of the terms of this rare opportunity is commended. It would be better still to preserve this important announcement, making sure to familiarize yourself with all the information therein contained.

METHODS OF VOTING.

The decision as to who will make the trip lies with The Standard's and New Star's readers by popular vote. There will be two methods of balloting, by coupons clipped from the paper and by special ballots issued for paid-in-advance subscriptions, as will be explained more fully later.

TERRITORY DIVIDED.

That the young ladies residing in St. John and vicinity may have an equal chance to win these splendid trips, the territory has been divided into nine districts. The nine young ladies whose votes at the end of the contest, Saturday, Oct. 8, 1910, are the highest in their respective districts will win the nine trips. To the young lady who has the highest vote in all the districts will fall the honor of naming the chaperone of the party, thus giving her two free trips as the Grand Prize.

Be one of the select party of guests of The Standard and the New Star on the trip—that you will enjoy far in excess of any you have ever taken. Enter now. Get in before the race starts. Select a hustling campaign manager, just as any political candidate would do, and get your friends working for you. Do this, hustle a bit yourself, and you will be rewarded with this trip that will teach you what you cannot hope to learn from books.

SPECIAL PRIVILEGES.

Privileges and courtesies have been secured especially for The Standard and New Star's party. Not a listless moment will be spent on this trip, the attractions constantly commanding the attention of the traveller. Without fatigue one can enjoy to the full extent the privilege of seeing and studying.

NOMINATION.

Nominations may be made at once, using the nomination blank which appears in another part of the paper today. Young ladies may nominate themselves or their friends may do so for them. Do not delay, but get in the race now and make the victory yours.

The finest hotels have been secured and the happy tourists will be provided with every accommodation and comfort. While the territory has been divided into districts, the contestants may secure votes anywhere they like. If there is anything you do not understand call at The Standard and New Star office or call up the contest department on the 'phone and full particulars will be cheerfully given.

A SPLENDID TRIP PLANNED.

Every woman has some time in her life dreamed of an ocean voyage. Perhaps she didn't want to go alone. Possibly she feared inconveniences in strange customs and languages, then again maybe she "never found the time," but without doubt she has often dreamed of such a trip, and wished that fortune might arrange it for her. Well, fortune has arrived; grasp this opportunity of a life time. Think of a trip to the beautiful Bermuda Islands and New York City in October, the most delightful month of the year. Then go into the contest with the determination to win and you will find yourself among the happy winners who leave St. John about the middle of next October. See the full page announcement in today's issue.

Twenty-five dollars in gold will be given to the person who first nominates the young lady who secures the largest vote in the contest. (See page five for Nomination and Application blanks.)

CARVELL HAD BIGGEST PULL

Member For Carleton County Landed Dr. Weaver In Fat Job In Fredericton And Liberals Are Sore.

Fredericton, N. B., Aug. 11.—A great deal of bad blood exists in Liberal circles here over the appointment of a surgeon to the Military School. The position has been occupied for some years by Dr. W. J. Bridges, who has been promoted to Montreal. For the vacancy thus created there were a number of applicants including Dr. J. W. Peake of Sunbury County, Dr. W. J. Weaver, Dr. W. J. McGrath, Dr. C. T. Holden and others.

There was a very general opinion that, from a political and military standpoint, Dr. Peake was entitled to the position. He had run two elections for the local house in Sunbury County at the personal solicitation of the leaders of the Liberal party in the province and opposed Messrs. Hazen and Glasier in 1908, when he knew there was not the slightest chance of his being elected. He had also helped engineer the movement that enabled Colonel McLean to obtain the Liberal nomination over Dr. Hetherington at the last Dominion contest, and, but for his efforts in getting the Sunbury County Liberals into the contest, it is to Dr. Peake, therefore, that the Colonel owes his position in the House of Commons today.

It is true that the doctor's ardor for Colonel McLean underwent considerable cooling and that he rendered him little, if any, assistance in the election. It is believed by his friends, however, that this is due to the fact that Colonel McLean had failed to make good certain promises. Dr. Peake also qualified himself for the position from a military standpoint, and has attended the camps at Sussex for several years past. His friends have stated that in spite of the coolness between himself and Colonel McLean at the last election the latter would give him all the help in his power and would insist upon his appointment.

They now universally believe that the Colonel has failed to do so as the plum has been captured by Dr. Weaver of this city, a gentleman who came here from Ontario a few years ago, who has no claim upon the Liberal party at all, who does not exercise the slightest influence in political affairs, and whose party services cannot be put for one moment in the same category as those of Dr. Peake. It is now given out that no appointment will be made to fill the vacancy caused by Dr. Bridges' resignation, but that a civil surgeon will be appointed and that the duty will be performed by Dr. Weaver.

Dr. Weaver had no backing for the position here or in York County. His only pull lay in the fact that his wife had some relatives in Carleton county who were supporters of F. B. Carvell, and if Colonel McLean used his endeavors to get the position for Dr. Peake it is quite clear that his influence with the government is small compared with that of Mr. Carvell. There is great indignation in Liberal circles over the matter here. It is felt that Dr. Weaver had less claim than any of the other applicants, and in Sunbury county the turning down of Dr. Peake, in view of his party services, is regarded as a deed of great ingratitude on the part of Colonel McLean and the Liberal government.

Dr. McGrath, who was an applicant for the position is said to have the support of Henry R. Emerson and all the Liberal clique that frequent the Queen Hotel, while Dr. Holden's friends confidently whispered about that he would get the position because of Dr. Pugsley's support.

Truro, Aug. 11.—The general routine business goes on in connection with the I. O. O. F. assembly. Manitoba Members Ask For Grand Lodge, S.O.E. Application Made Yesterday To Supreme Lodge, Meets With Opposition And Is Finally Left Undecided.

Ottawa, Aug. 11.—The Supreme Lodge, Sons of England, this afternoon discussed the request of the Manitoba members of the order for the establishment of a provincial Grand Lodge for the prairie province. There was a good deal of opposition to the proposal, it being argued that if Manitoba were granted a Grand Lodge similar demands would be made by other provinces with the result that the authority of the Supreme Lodge would be affected and apart from insurance there would be little for it to do. The Manitoba delegates advanced many arguments in favor of their demand and it was decided to leave the matter over for further discussion.

Vatican Announces That No New Proposals Will be Made to Spanish Government.

Premier Says "I Am Determined Not to Allow Development of Clericalism in Spain."

Rome, Aug. 11.—The Vatican in a semi-official communication says that the idea of making new proposals to Spain is so far from the intention of the holy see that some of the officials support the suggestion of sending no further answer to the last Spanish note on the ground that this note is a reply to that addressed by the holy see to the government and there by requires no new answer. If Premier Canalejas is sincere, the communication says, he must resume the negotiations at the point where they were abruptly interrupted. The Giornale D'Italia publishes an interview with the premier, who says he has done nothing that could be construed as interference of the state in church affairs, but has proclaimed the respect due the authority of the state. Nor has he done anything, he declares, to encroach upon the ideal and traditional patrimony of a religion to which he himself belongs and to which he gives deep respect. "But," continues the premier, "I am determined not to allow the development of clericalism in Spain."

Men Who Fit Cattle Boats Want Increased Pay And Have Applied For a Conciliation Board.

Montreal, Aug. 11.—There is some unrest among the ship liners of the port of Montreal, who have applied for a board of conciliation and investigation under the Lemieux act and there is every indication that their request will be granted. The men want increased rates of pay, but it was pointed out today by the shipping interests that whereas in busy seasons 200 men are employed this year owing to the great falling off in the number of cattle shipped, the supply of ship liners has been greatly in excess of the demand. Ship liners are the carpenters who fit up the vessels which carry cattle to British ports with the necessary pens and woodwork. In past years their numbers have been quite numerous. It was stated that the various shipping companies have for years employed as a rule, the same men, and that if the demands of the liners had been made to the companies individually, instead of by two men claiming to act for the ship liners as a whole body, they might have based on necessity for running the minister at Ottawa and endeavoring to put into movement the rather cumbersome machinery of the Lemieux act.
