THE STORY OF MIDNIGHT CHARGE BY CANADIANS TO RECAPTURE GUNS FROM ENEMY

Rain of Shells from Enemy's Guns Poured on Them, but Canadians Kept On Until They Reached the German Trenches—Wounded Officers Give Graphic Stories of the Fight at Ypres.

London, April 29.—(Gazette Cable)—The story how the tenth and sixteenth, western battalions in a midnight charge, re-took four Canadian guns which had fallen into the hands of the Germans and captured prisoners was told in London today by some of the wounded men.

Captain G. E. McCusig, of Montreal, adjutant of the Thirteenth Battalion, Fifth Royal Highlanders, who was wounded on Thursday, and is now in a West End nursing home, said: "The first thing we saw, about half past four on Thursday afternoon were clouds of poisonous gas hovering over the trenches held by French troops on our left. At the same time there was a heavy roar of artillery at the French front. Half an hour later the French were retiring through the village of St. Julien. These troops were mostly Algerians. The Germans advanced about half a mile and started to entrench themselves about 9 o'clock.

"At midnight the two western battalions, the tenth and the sixteenth, formed up a rear, received orders to charge. For more than two hundred yards they were exposed to a heavy rifle fire and several machine guns, but they kept right on until they reached the German trenches. Here the westerners re-took the guns and also captured some prisoners, who surrendered when about to be bayoneted.

Captain McCusig while at headquarters was wounded by shrapnel but his injuries are not serious. Lieut. G. N. Ainslee, of the 16th Battalion, who was wounded in the charge described by Captain McCusig, said he was in Ypres when the shelling started on the afternoon of the 22nd, and on returning found his battalion ready to go forward. As they marched through St. Julien, the villagers cheered the Canadians and wished them luck. The roads were strewn with dead horses, and heavy firing could be heard. The order to the 16th was to clear the Germans from a wood near St. Julien before daylight. No Germans were visible, but as the Canadians emerged from a dip a terrible hail of bullets greeted them. Men dropped all round, and the front line seemed to melt away. Lieut. Ainslee was in the second line, which dashed on under a bright moonlight that made the bayonets glitter.

When the westerners reached the edge of the wood the Germans who were there threw down their arms and surrendered. Further on a number of small fights continued. Lieut. Ainslee received a bullet in the leg, but using the bodies of dead Germans as a cover continued to use his rifle until the stretcher bearers took him away. By this time the firing, except by snipers, had stopped.

Major G. H. Ross, of the 16th, is in the same hospital with a wounded arm.

GIVE PEOPLE VOICE IN MAKING OF TREATIES

International Congress of Women Goes on Record as Opposed to Idea of Secret Pacts Between Nations.

The Hague, via London, April 29.—The entire session today of the International Congress of Women was devoted to the discussion and adoption of two resolutions. The first provided for democratic control in framing the foreign policies of nations. As amended and adopted, this resolution recommended the nullification of all secret treaties and the participation of the people in the adoption of future treaties, at least through the legislative branches of governments.

The second resolution presented by Miss Emily Balch of Wellesley College, opposed the transfer of territory from one nation to another without the consent of the inhabitants. As amended and adopted, this resolution recommended recognition of the right of peoples to self-government and demanded a democratic form of government for every nation.

Large quantities of pamphlets dealing with conditions in Poland were distributed among the delegates. This aroused some feeling on the part of women who characterized it as an anti-Russian propaganda emanating from German sources.

Dr. Sofia Golska of Munich and Emily Napieralski of Chicago made speeches in support of the movement for the freedom of Poles. References also were made to the political position of Jews and Finns in Russia.

KING OF SWEDEN SERIOUSLY ILL

London, April 29.—A despatch to the Central News from Stockholm says that King Gustav is ill, apparently with a recurrence of the stomach trouble for which he underwent an operation a year ago. The correspondent says it is stated that the illness of the King is of a somewhat serious character.

King Gustav was operated on early last April for ulceration of the stomach by Professor John Wilhelm Berg, the celebrated Swedish surgeon. The operation lasted seventy-five minutes. It was said that the ulcer was more or less superficial in nature and showed no signs of being malignant. The King after he had sufficiently recovered went to Carlsbad to recuperate.

Doctor Said Sciatica-- Rheumatism--Lumbago

But He Could Not Help Me, and Endorsed the Use of Dr. Chase's Kidney-Liver Pills.

Mr. Wm. Parker, 105 Cayuga street, Brantford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills: "My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose, for I had to lay off work. The visiting officer of Sick Benefit called to see me and advised the use of Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by their use. I asked the druggist about them and he recommended them highly. Not being satisfied with this, I went back to my doctor, and when he said they were good I began their use. The promptness with which they relieved the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble.

"I was so bad that I could only walk by hanging on to a chair or the wall. My wife had to lace my shoes. Only those who have had this ailment can realize the way I suffered. I am writing this letter to let people who have my trouble know of these pills. You are at liberty to use this letter, and if anyone interested will call or write to me I will give every detail."

Write to Mr. Parker, enclosing stamp for reply, and he will verify this statement. He will do this out of the gratitude he feels for his cure and because he realizes how difficult it is to obtain the cure of these dreadfully painful ailments.

There are so many treatments recommended for rheumatism that you naturally doubt them all. Here is an opportunity for you to verify the cure and put this great medicine to the test. It will only cost you a quarter to try Dr. Chase's Kidney-Liver Pills. They get at the very foundation of rheumatism and by removing the poisons from the system take away the cause of pains and aches.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

OFFICIAL REPORTS

GERMANY

Berlin, April 29, via London.—The German War Office today made public the following official communication: "Our positions on the west bank of the Canal north of Ypres and on the Yperle Brook, near Steenstraete, were attacked yesterday afternoon without interruption, but without success. East of the Canal an attack by French, Algerians and British troops failed with heavy losses to the enemy. The number of guns captured north of Ypres has been brought up to sixty-three.

"The enemy unsuccessfully exploded mines on the La Bassée-Esburne railway north of Les Mesnil in Champagne. At Les Mesnil French night attacks against positions which we had taken were repulsed with heavy losses to the enemy. French soldiers taken prisoners by us here were in a lamentable condition. They trembled with fear, as the officers had
