The lecturer, page 7, says, "But certainly there was more living faith in the truths Christianity during the Eighteenth Century at the Vatican than at any of the headquarters of Protestantism." In the preceding pages and in four succeeding ones the Eighteenth Century is pictured in very dismal colours, and in striking contrast to the Nineteenth. The picture is overwrought. The antithesis is too striking to be true. The Eighteenth Century was the en of the Erskines and of Boston in Scotland; of Butler, of Whitefield, the Wesleys and Cowpr and John Newton, in England; of Jonath Edwards and of Brainerd in America.
